SENIOR CHOICES

VOLUME XLV
Published by the Senior Class
Tecumseh High School
JUNE 1963

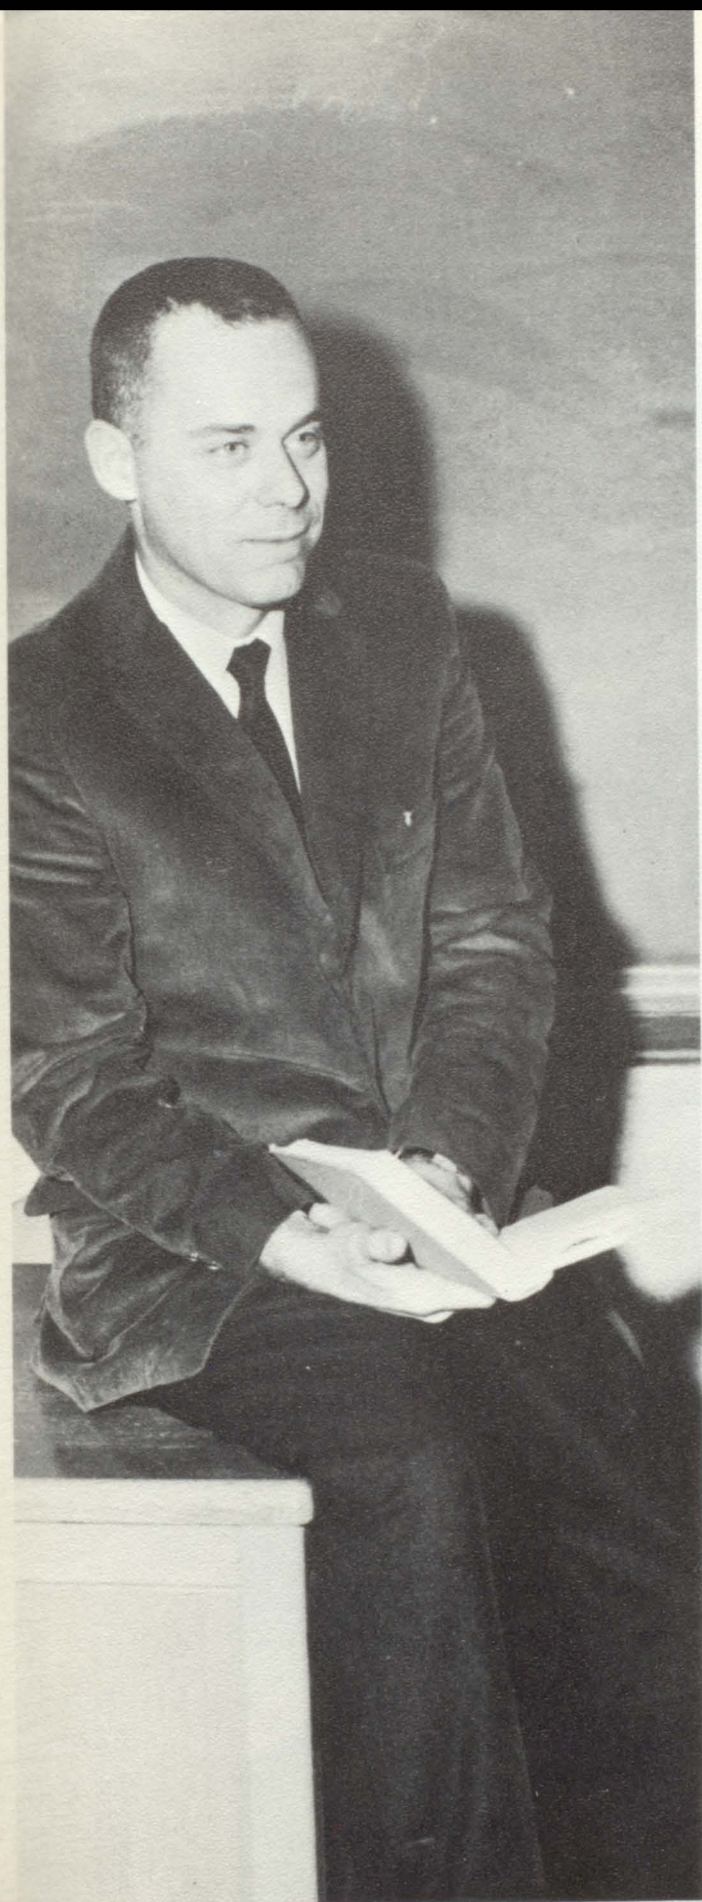

And Do You Remember . . . ?

As we leaf through the pages of our annual we are beckoned to look back upon the many things that have made our high school years memorable. The excitement of going to a football game and of making floats, the coming of winter with the snowy nights of the Christmas dance and basketball games, the performances of our band and the chorus, the seniors on their unforgettable trip, our friends and our teachers are all recalled just as if a friend had turned to us and said: "And do you remember . . . ?"

We shall always remember the shiny-floored corridors and bright, clean classrooms as evidence of our busy maintenance men. We have had the pleasant satisfaction of being well cared for by our efficient cooks, who provided us with good, wholesome meals, and by our friendly bus drivers, who put up with all kinds of weather in order to bring us to school. We are grateful to these people.

Maintenance Crew

As we look back through the year and observe our school, we must remember the clean rooms and the shiny corridors. Credit for keeping our school clean and beautiful goes to our maintenance men who worked both night and day to keep the school in good working order.

Maintenance Men: Mr. Dick Lent, Mr. Bob Glascock

Cafeteria Helpers

Those of us who ate our lunches at school will always remember our fine cafeteria workers. Each day, these women worked hard to prepare a nutritious and tempting hot meal. Because we know that we could not buy such a well balanced meal for such a reasonable price anywhere else, we feel that the cafeteria and its cooks are an indispensable part of our high school.

Cafeteria Staff: Mrs. Ruth O'Neill, Mrs. Ruth Van Vleet,
Mrs. Norma Holdridge, Mrs. Marian Cornell

Bus Drivers

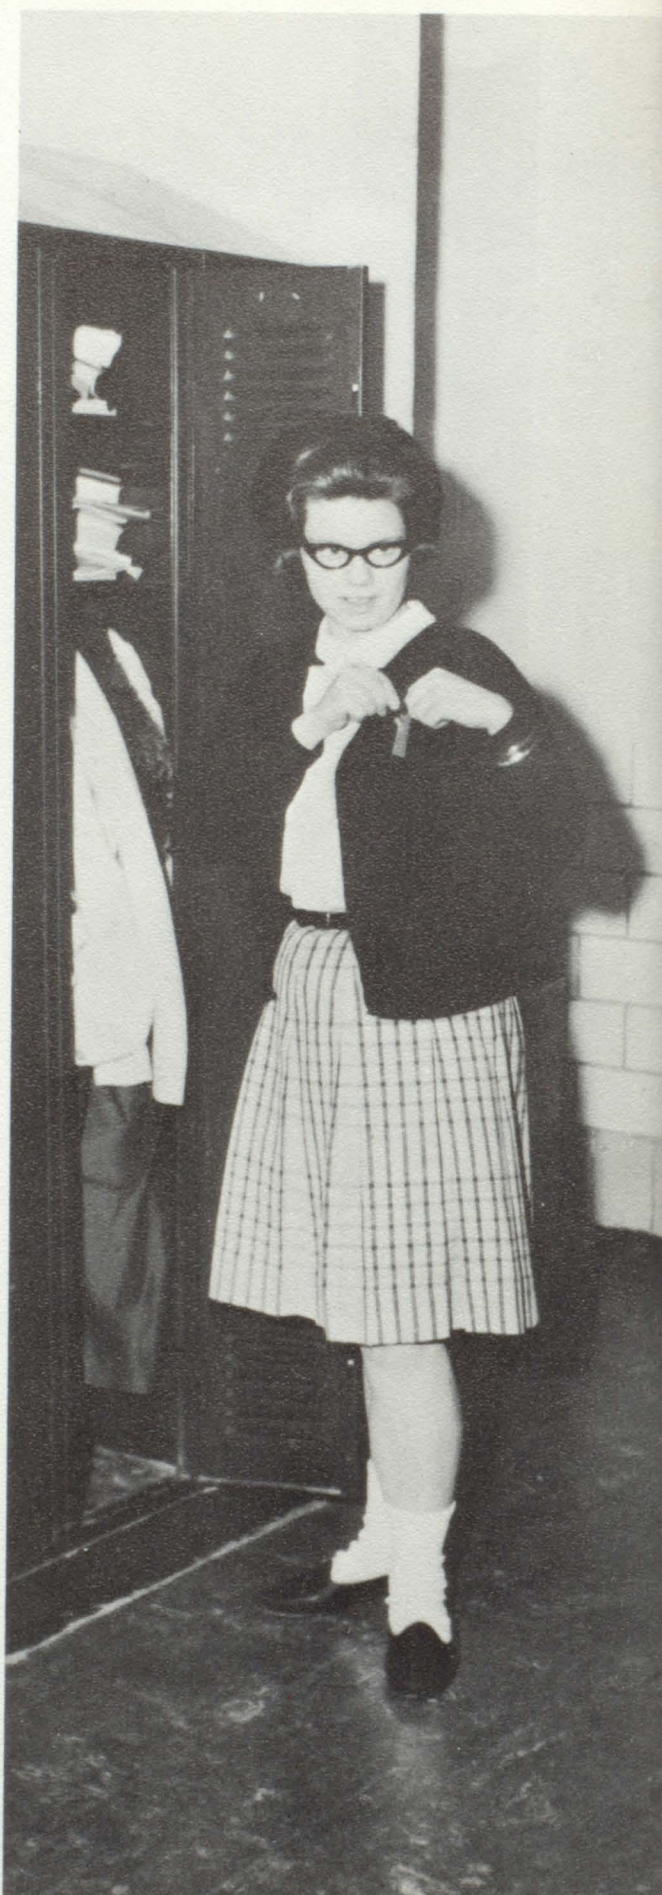

Left to right: Mrs. Bernice Williams, Mrs. Bessie Adams, Mrs. Agnes Woods, Mrs. Virginia Kish, Mrs. Jo Fowler, Mrs. Pat Bacon.

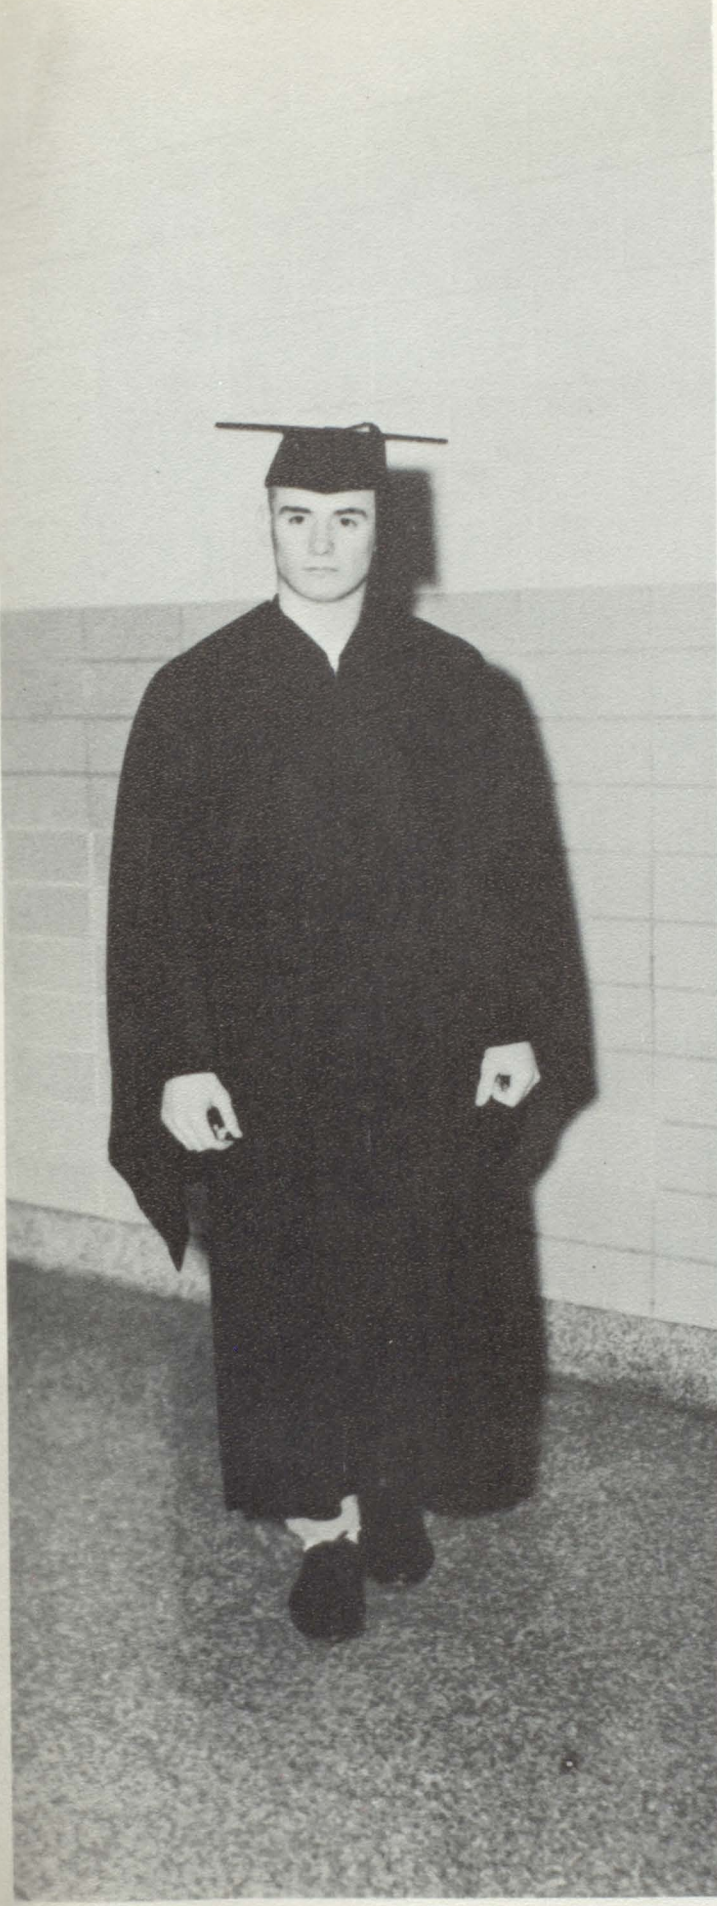

To the majority of the high school students, the bus driver is an old and faithful friend. Each morning, rain or shine, he leaves his home and starts out on his route, picking up students and bringing them to school.

This is a job of grave responsibility, for the roads are often slippery and the safety of the students depends upon the capability and alertness of the driver.

Left to right: Mr. Harold Anderson, Mr. Harold Kempf, Mr. Foy Kempf, Mr. Jack Hallenbeck, Mr. John Fletcher.

The time has come for the seniors to look ahead to a new life before them; a life to be built on the foundation of our high school years. This year will probably be remembered as the happiest and busiest of our high school years. With the passing of our senior year, we become grateful for the wonderful years we spent at Tecumseh High School.

President Tom Dickenson

Vice President Louise Stutesman

Enjoying their role of leadership in the school . . .

the seniors take time out from their busy schedule to publish a yearbook . . .

Senior Class Officers

and embark on the senior trip.

They then bid farewell to Tecumseh High School.

Many of our classmates have received special recognition for outstanding achievements. Proudly we remember these classmates, realizing that this honor is an indication of the fine quality of our school, our teachers, and our advisors. With their varied accomplishments these students are well on their way to a rewarding life.

Thank you.

Dear Mr. Herrick,

We would like to take this opportunity to thank you for the things that you have done for our community and our school. So many things are better, bigger, and stronger because you have lived in our city. It is common knowledge that a man's character is revealed in his gifts. Each year, four of our top students are helped in their educational career—perhaps given their only opportunity for a further education—because of your foundation. These gifts are an indication of a fine character and a generous heart.

We will always be indebted to you for your active interest in us and our education. Therefore, we would like to extend to you a tip of the hat and a hearty thank-you.

The Students of T.H.S.

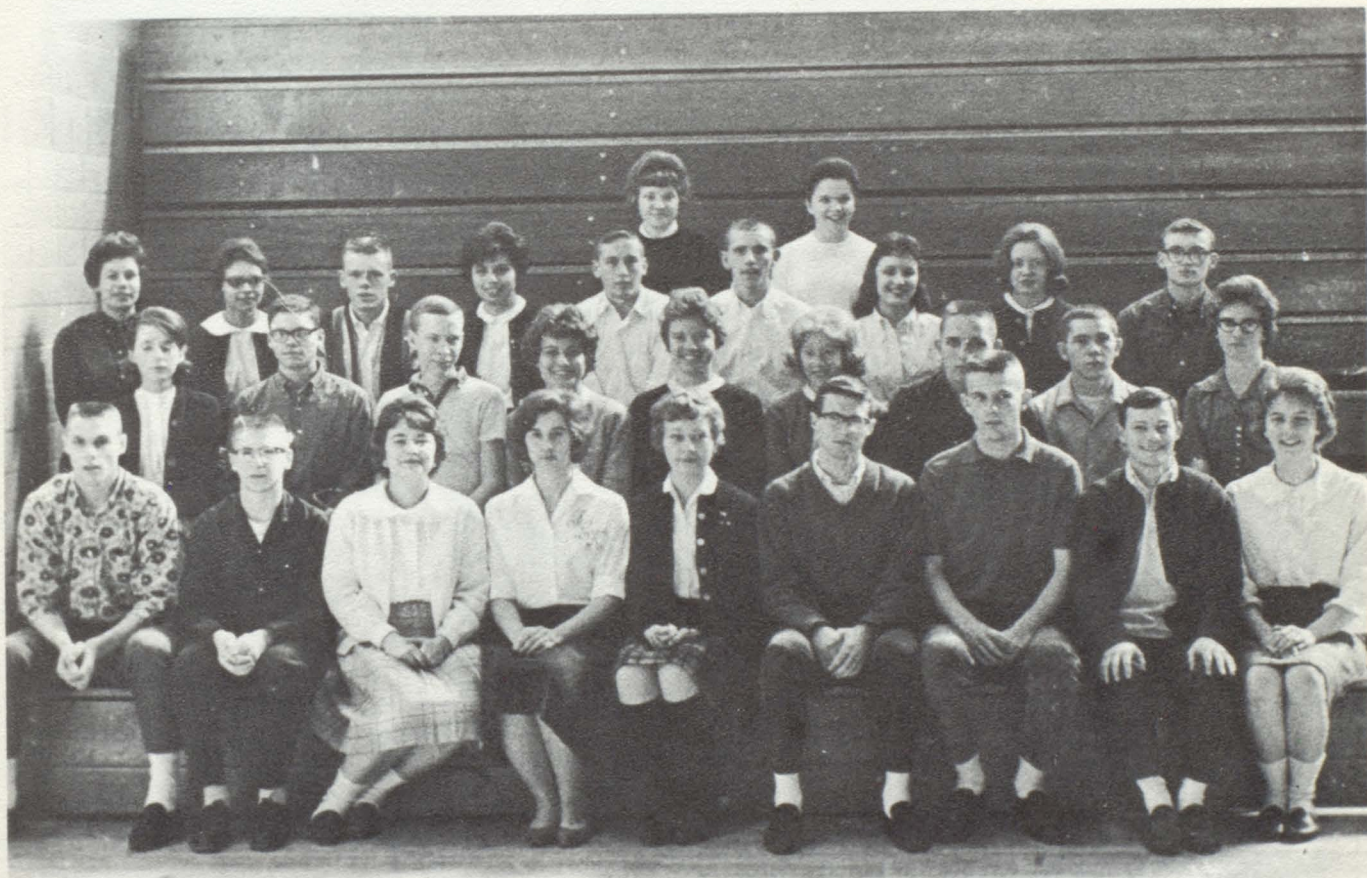

Valedictorian Mike Rice

Honor Students

Salutatorian Louise Stutesman

Seated from left to right in order of class standing; front row: Tim Sisson, Robert Oswald, Connie Schneider, Joyce Kohlman, Marilyn Johnson, Jack Dick, Dennis Paruch, Debbie Holden, (not pictured), Mike Cook, Diana Duffin. Second row: Karen Penrod, Mike Deaner, Philip Miller, Jane Van Valkenburg, Mary Ann Mead (not pictured), Sheila O'Neil, Dorie Boynton, Paul Decker, Larry Harper, Mary Lou Hoot, Adelle DePuy, Betty Kish, Tom Dickenson, Jolene Draggish, Lee Frost, Eugene Martin, Bonny Staup, Ann Metcalf, Dan Van Valkenburg, William Fisher (not pictured). Top row: Barbara Lenheiser, Sherry Packard.

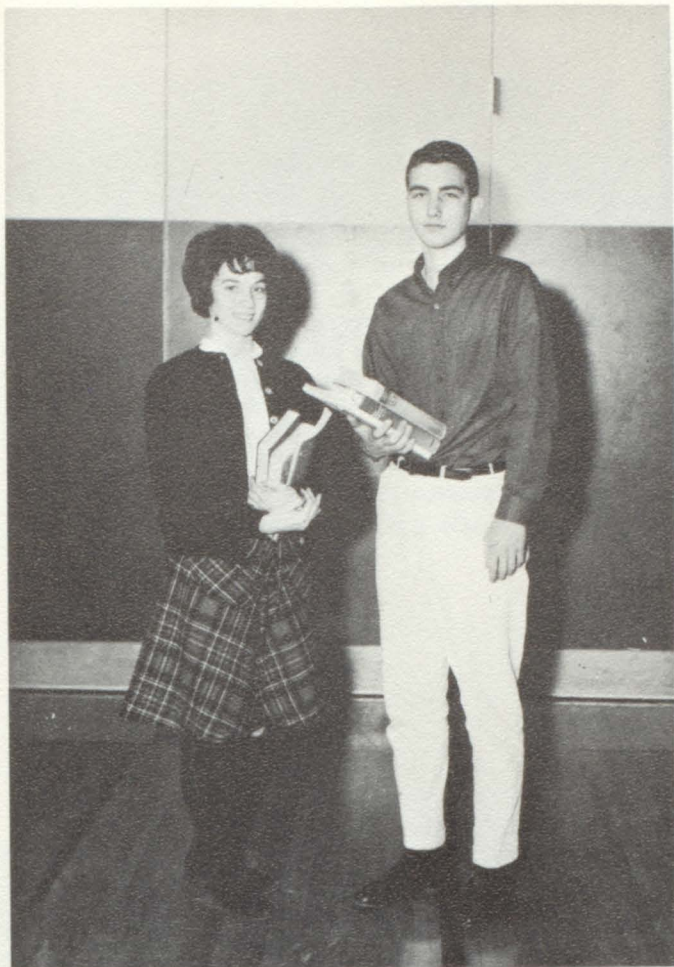

These girls represented the American Legion Auxiliary for Tecumseh last summer. Wolverine Girls State is located on the University of Michigan campus. For ten days junior politicians built a unit of government, electing their own city, county, and state representatives and state officials for the model state.

The delegates that represented Tecumseh were: Connie Schneider, Sheila O'Neil, and Debby Holden.

Top Row, left to right: Paul Decker, Bob Oswald, Mike Cook, Mike Rice, Larry Harper, Tom Dickinson, John Hartley, Dave Blanden. Front Row: Richard Cobb, Larrie Eaton, Tim Sisson, Don Becker, Dan Greene, Norman Tucker, Mike Osburn, Phil Radant, Jack Dick.

Last summer, nineteen boys were chosen from the Junior class to represent Tecumseh in a nation-wide project made possible by the American Legion. This project, enabled each of the students with outstanding qualities of citizenship and leadership, to take an active part in democratic government. The week long program was held on the Michigan State University campus where each boy, in addition to classes and lectures, received the opportunity to serve in an office on either city, county, or state level.

STUDENT COUNCIL PRESIDENT AND VICE PRESIDENT

One of the highest offices a student can achieve in Tecumseh High School is the presidency of the Student Council. Vieing for this honor in 1962 were David Dustin, a junior, and Mary Ann Mead, a senior. Mary Ann emerged from the school-wide election as President with David as her Vice President.

All-County Band

Members of Lenawee County's high school bands may try out for positions in the All-County Band. Those judged best by the county band directors are given places in this honorary band. The five chosen from our school were: Joel Bailey, Tom Dickenson, Louise Stutesman, Larry Harper, and (not pictured) Mike Wilson.

Each year one of our Senior High School girls has the honor of being chosen Miss D A R by her teachers and her fellow classmates. This year Mary Ann Mead was chosen to represent the Tecumseh Chapter of the Daughters of the American Revolution.

MAGAZINE SALES AWARDS

Last Fall Barbara Colgrove and John Oberlein were the two top salesmen from the class of "64" in the traditional magazine sales. These winners received radios for their effort and success as salesmen.

NATIONAL MERIT SCHOLORSHIP TEST

The NMST is taken by a majority of college bound seniors. Those who place on the test are recommended to college boards and made eligible for many scholarships. The top scores from Tecumseh were made by Mike Rice and Connie Schneider.

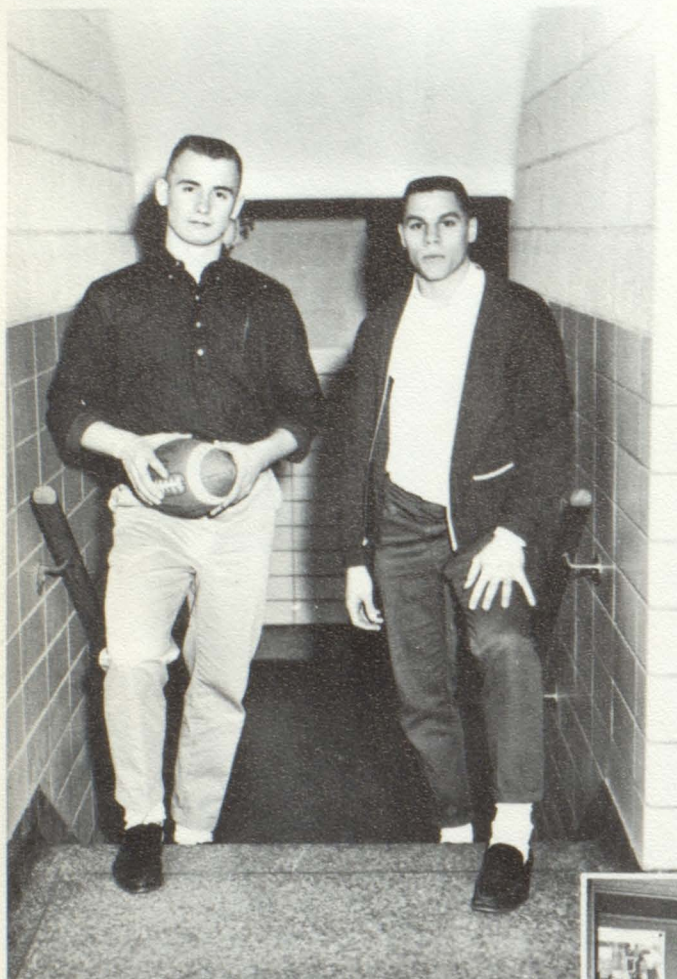

DETROIT NEWS AWARDS

Some of the finest compositions from schools in the state are submitted in the Detroit News Scholastic Writing Contest. These entries are judged by outstanding teachers in the various fields of compositions. Commendation, the second highest award, was given last year to George Moricz, Mary Boynton, and Louise Stutesman.

Track Record Set

At the 1962 county track meet, Dan Greene, then a junior, broke both the high school and the county pole-vault records by vaulting twelve feet two and seven-eighths inches. The old record was also set by Dan when he made a vault of eleven feet ten inches. In addition, Dan set the county record of eleven feet in 1961.

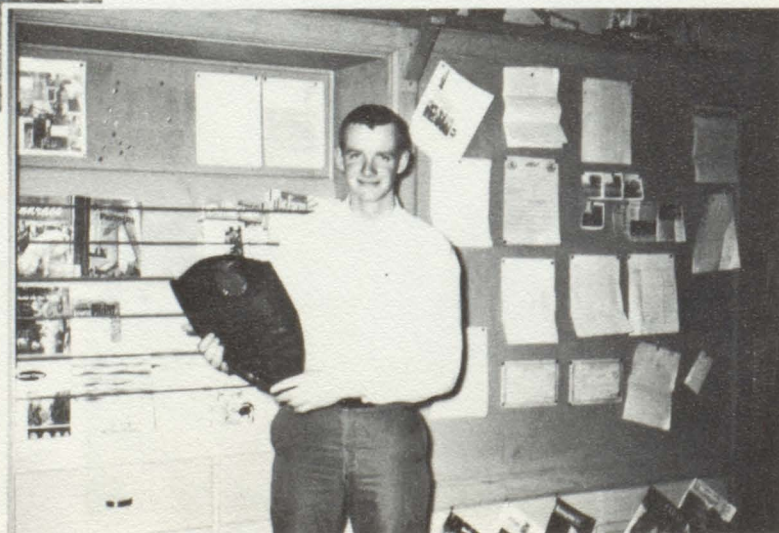

OUTSTANDING LINEMAN AND BACK

Each year the varsity football team selects the outstanding lineman, and back on the basis of skill, leadership, and sportsmanship. Norman Tucker, outstanding lineman, and Tim Sisson, outstanding back, are two of the outstanding athletes on the Tecumseh team who are worthy of this honor.

AGRICULTURAL AWARD

On the basis of high grades and outstanding projects, an agriculture student is chosen to receive the title of Outstanding Agriculture Student of the year. The recipient of the award for 1963 was senior Gary Korte.

BOOKKEEPING AWARD

Joyce Kohlman, Paul Kruse, and Lynette Schneider earned the Bookkeeping award for their outstanding achievements in this department. Joyce received the score of 99% on a series of twelve tests given throughout the 1961-62 school year. Paul netted a score of 95.3% and Lynette netted a score of 94.6%.

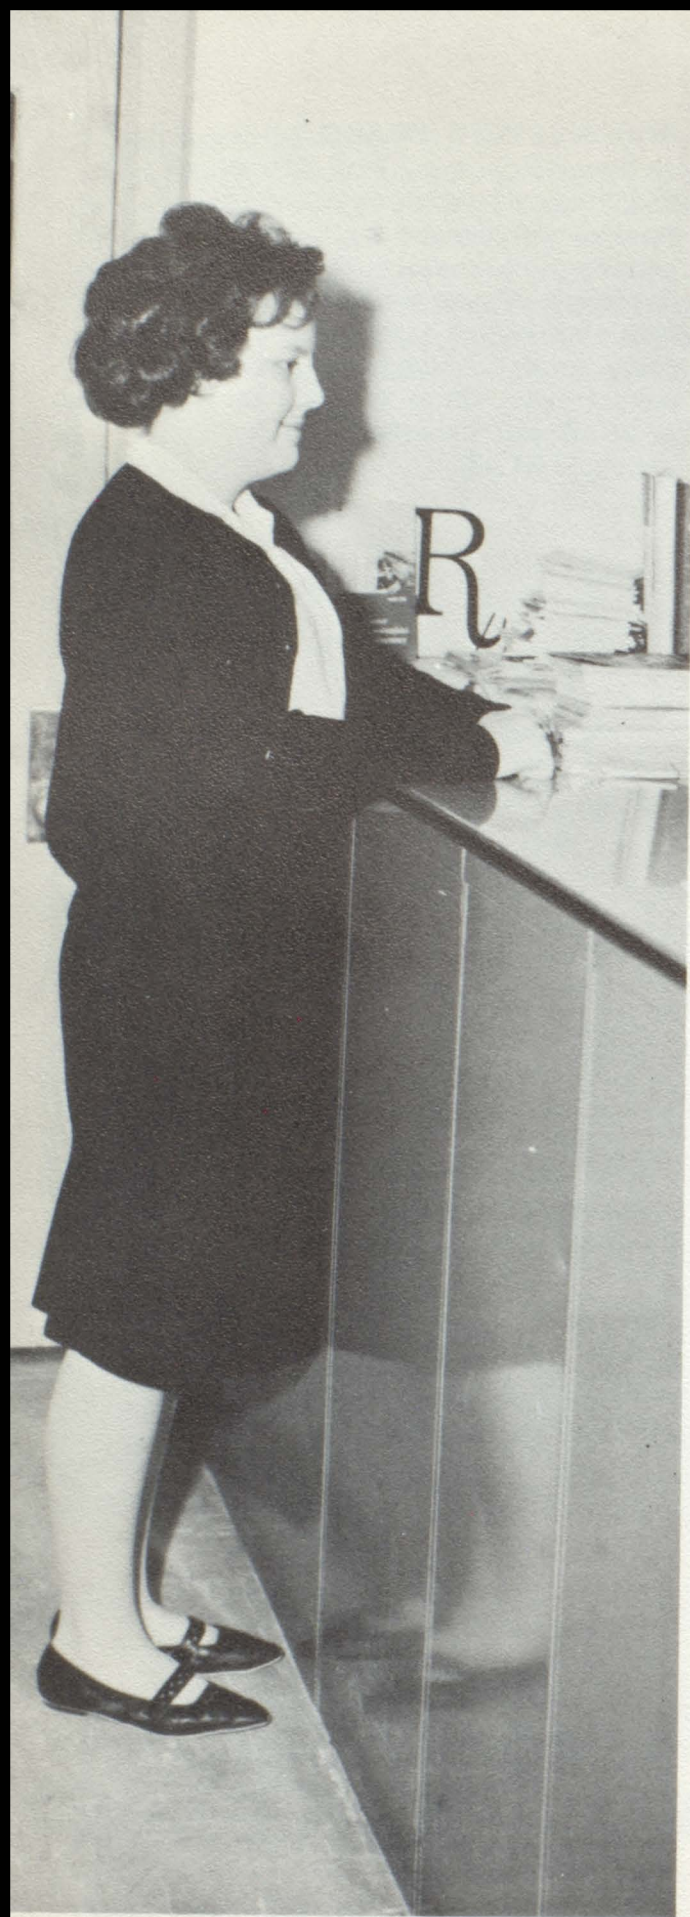

TYPING AWARD

The typing awards for the 1961-62 school year were given to Louise Stutesman and Sharon Schneider. Louise achieved a speed of 69 net words per minute and Sharon followed close behind with 67. This award is based on the speed tests in the Beginning Typing course.

BETTY CROCKER AWARD

Proficiency in homemaking comes from thorough training and skill. The Betty Crocker Award is given to the student who receives the highest Betty Crocker Home-making Test score. This test is a means of measuring the student's homemaking ability.

U N D E R C L A S S M E N

The underclassmen are also an unforgettable part of our school for they are future leaders of clubs, activities, sports, and their own classes. We hope that they are learning socially as well as scholastically so that they will have a firm background when they take up their adult responsibilities.

*Do You Know
Your School?*

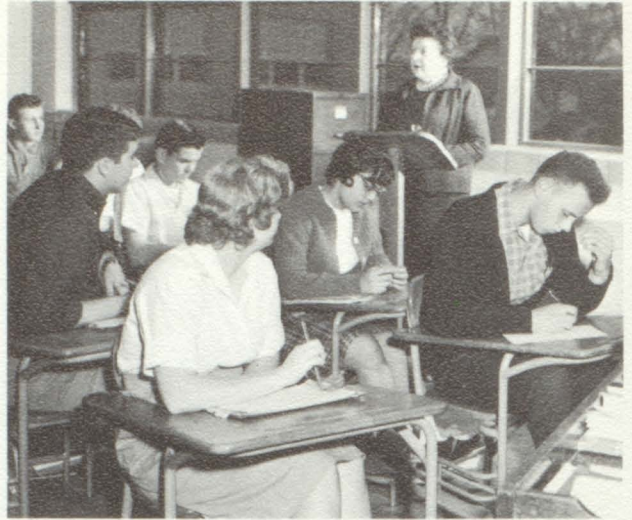

C U R R I C U L U M

Our classes and our classmates will probably be the most memorable part of our high school years. That girl who talked all during fourth hour, that term paper done the night before it was due, and that dull last hour subject will be remembered; but more important, we will always benefit from the things we learned in these classes.

English

English 1-2. Much of the first year in English is spent in working with sentence structure and the parts of speech. Freshmen learn to write topical paragraphs, letters, and outlines correctly. Reading books and short stories is also stressed.

English 3-4. Sophomore English deals primarily with creative writing. The students learn to apply the basic concepts of grammar to their own writing. In addition, they learn variety in paragraphs as well as in sentences.

College Prep. It is required that college bound seniors take this summing-up course. It places emphasis upon creative writing, appreciation and reading of fine literature, oral communication, and grammar. It is conducted on a pre-college level.

American Literature. The main objective of this course is to develop skill in reading. Students are urged to read not only for pleasure but also for comprehension and development of thought and taste.

Speech. The principle objective of this course is to allow students to develop a liking for oral expression and an awareness of the importance of speech.

English Literature. This course is usually taken by Seniors and introduces them to the work of outstanding English authors. Students learn to compare American and English peoples through their respective literatures.

Foreign Languages

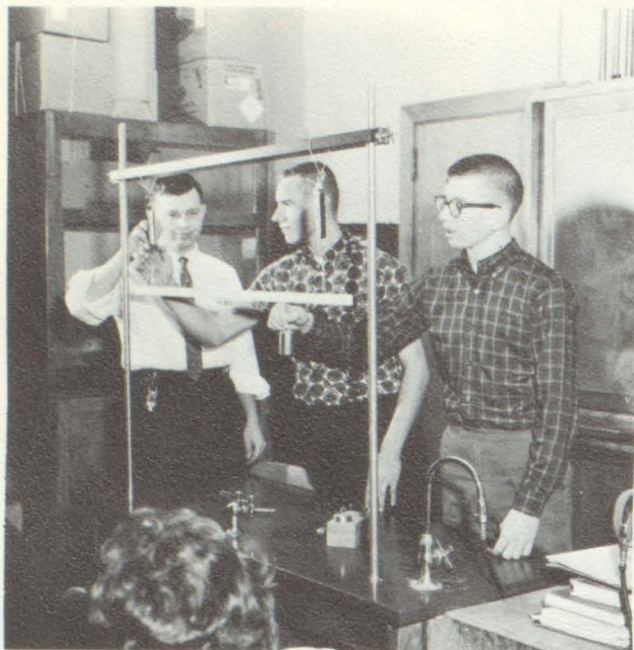

Latin I and II. In the two year course offered, students learn to translate the ideas of Latin into English and become familiar with the stories and legends of Roman mythology. Through the recognition of English words derived from Latin words, students are able to enlarge their English vocabulary. Facts about the history and the life of the Romans are also studied.

French I and II. The purpose of this course is to introduce the student to the culture of France—its geography, literary tradition, and scientific contributions. Students also develop a basic French vocabulary so they can speak and understand the language.

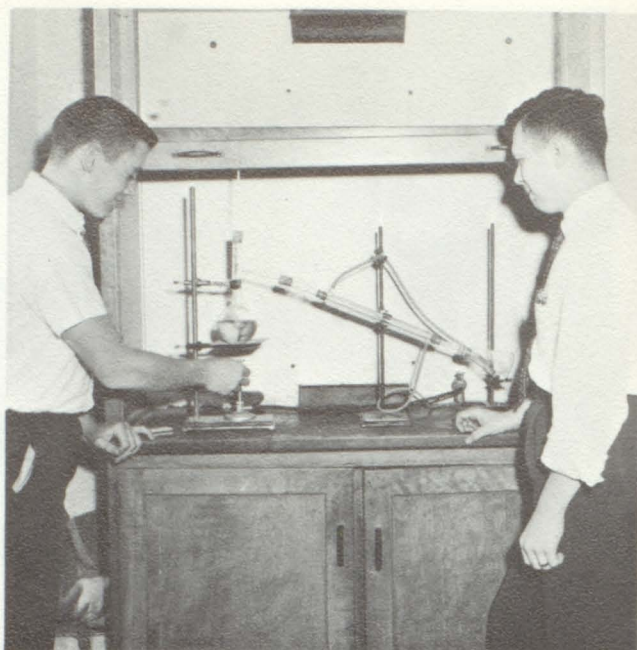

Spanish I, II, and III. In this three year course, students learn to understand, read, and speak Spanish. Half the period is spent on rules of grammar while the other half is spent in the language laboratory where students listen to recordings and drills and repeat them. This aids the student in developing a Spanish accent and helps him learn to translate spoken Spanish. Students also become familiar with some of the customs and backgrounds of Spanish speaking countries.

Science

Physics. Mechanics, heat, sound, and electricity are some of the topics studied in this course. Students have an opportunity to do experiments in the laboratory which help to clarify theories studied.

Chemistry. This course provides the student with an opportunity to study the structure of matter through molecules, atoms, electrons, protons, and ions. Laboratory periods are held with students studying chemical reactions.

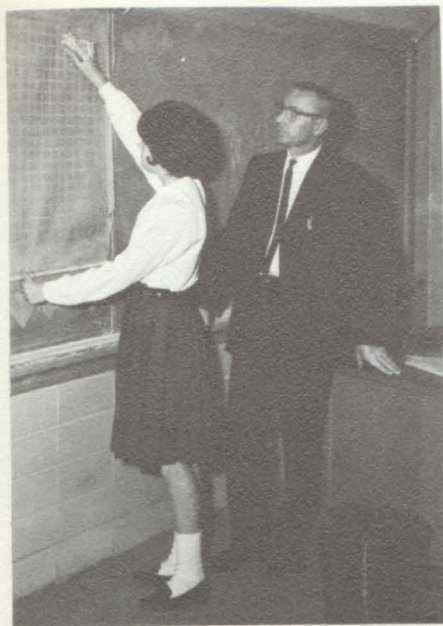

Biology. Students learn to use microscopes and dissection instruments in the study of living things. Mammals, plants, parasites, nutrition, heredity, behavior, and animal communities are some of the topics discussed. Laboratory periods are provided along with outdoor studies of nature.

General Science. This is a general introduction to science for those students not interested in continuing this course of study. Students develop powers of observation and skills in scientific matters. They are taught to appreciate science's contribution to modern living.

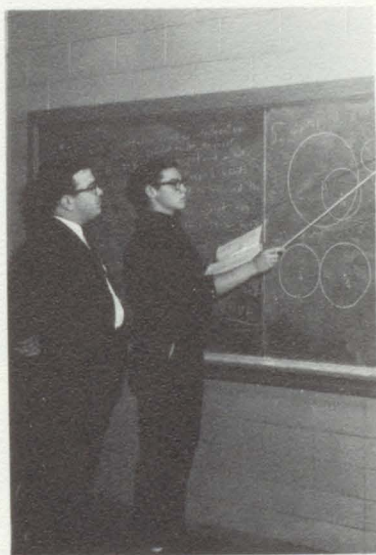

Mathematics

Algebra. Usually taken by Freshmen, this course encourages the student to develop his own memorization methods and to understand certain selected methods.

Solid Geometry and Trigonometry. Students here are first introduced to the third dimension and then learn to apply plane geometry to these dimensions.

Intermediate Algebra. This course reviews and extends the principles and skills obtained in elementary algebra. Students are familiarized with logarithms and trigonometric ratios.

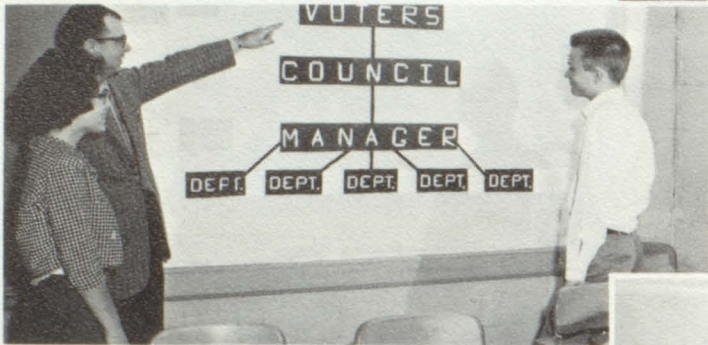

Plane Geometry. Here students learn to develop certain basic geometric concepts, then they learn how to apply them practically to specified situations.

General Math. This course builds an interest in mathematics for those who want only a basic knowledge. It encourages appreciation for mathematics.

American History. The basic reason for studying this course is to realize the importance of the past in understanding the United States today. It creates a desire in the student to do his part.

World History. In this course the social, economic, and political processes are studied from the first civilization up through today. The relationships between civilizations show their varying degrees of influence upon one another.

Sociology and Senior Problems. Both of these one-semester classes are also for Seniors. Senior Problems follows the human development cycle. Sociology teaches the basic principles applicable to social problems.

Social Studies

Citizenship. An introduction to government on three levels—local, state, and national—is offered to Freshmen, developing a basic understanding. Work is done in vocations also.

Government and Economics. All Seniors are required to take these one-semester courses. In U. S. Government, a thorough treatment of civics is given. Economics introduces American economy and its operation.

World Geography. This course teaches students to use geographic materials such as maps and graphs. It also creates an understanding of man's relationship to his environment.

Public Affairs. This course provides an interest in current problems in relation to our country's position. Sound ideas concerning society and the individual's role in it are also established.

Business

General Business. This course helps the student to understand business practices and procedures and to gain a knowledge of the services performed by a business. It provides background information needed in a business curriculum.

Business Law and Principles. This course acquaints the student with basic laws pertaining to the operation of a small business. It also provides an understanding of the simple legal terms encountered in day-to-day living.

Office Practice. In this course students learn to operate the school switch board, to develop a basic skill on office machines, and to develop a greater speed and accuracy in typing.

Shorthand. During the first semester students learn the fundamentals of shorthand and how to take dictation from practiced matter. The second semester is spent developing these fundamentals and learning to take dictation from new matter.

Consumers Education. The objectives of this course are to help students understand the minimum economic principles and the common business practices that are essential for the wise management of one's personal business affairs.

Bookkeeping. Objectives of this course are to develop an understanding of the fundamental principles in keeping records for personal, business, and community life and to help the student develop a vocabulary of business terms.

Typing. In this course students develop the proper typing technique and various typing skills. At the end of the course the students are required to pass a five minute typing test with a net speed of thirty words per minute with five or less errors.

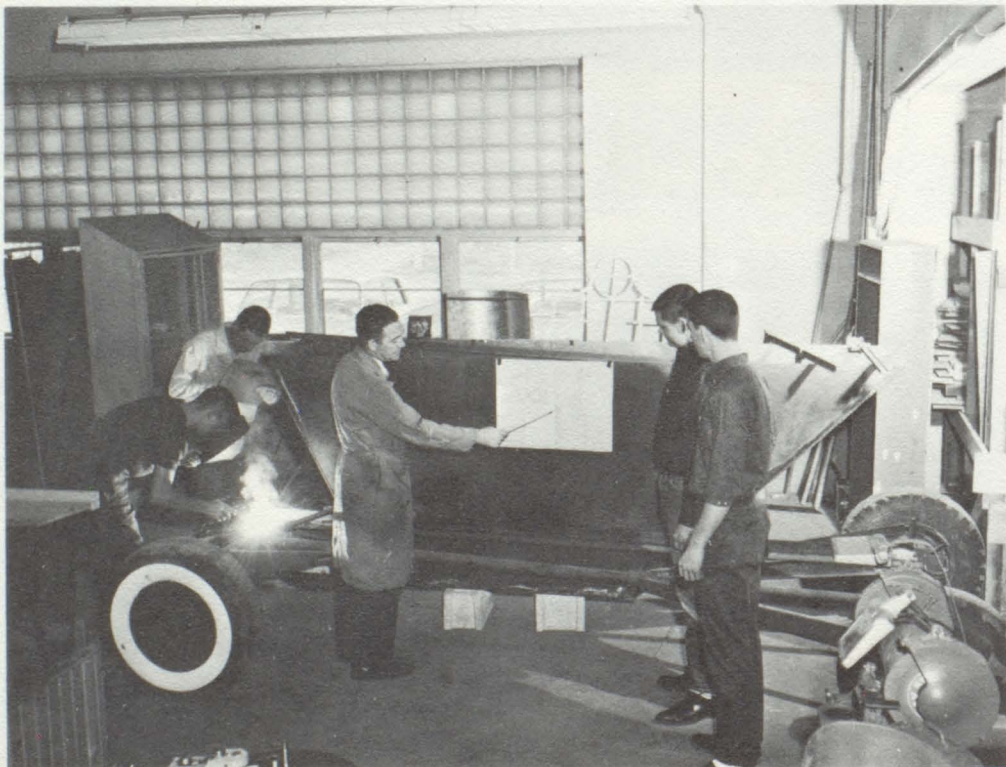

Agriculture

Ag. I-II-III-IV. This four year program offers work in supervised farming and agriculture in Lenawee County. It teaches specific jobs such as raising wheat and soybeans. Understanding in technical livestock areas is provided through raising and judging animals. Soil studies are conducted to familiarize students with conservation practices and land classification. The practical experience gained is invaluable.

Farm Mechanics. In preparing students for all unspecialized farm mechanical activities five objectives are covered. Farm shop work includes wood work and farm carpentry, rope work, and sheet metal work. In farm power and machinery, using and maintaining farm equipment is essential. Construction and repair of farm buildings is also an important objective of this course.

Creative Arts

Ind. Arts I-II, IV. This course is valuable for those interested in the drafting of all metals and woods.

Mech. Drawing I-II. During this two year course the fundamentals of drawing are taught. Work in machine and architectural drawing is stressed.

Girls Phys. Ed. The primary aim of this course is to provide physical exercise and to develop physical skills.

Boys Phys. Ed. Although it is placed on a more rigorous plane than girls physical education, there is no real difference in the two courses.

Homemaking I-II-III-IV. A valuable four year course which develops interest in the basic skills relating to social and family relationships.

Art. This course is designed to give each student an opportunity to study the entire area of crafts and skills.

Band and Chorus

Senior Band. The eighty-seven piece senior band consists of such instruments as French horns, tubas, a basoon, and kettle drums. Like chorus, the purpose of band is to create an interest in good music.

Chorus. The primary objective of chorus is to instill a love for singing in high school students. It makes good music a meaningful part of their lives so that it provides a leisure time pursuit after high school.

Cadet Band. This band is made up primarily of Freshmen and Sophomores who need experience before entering Senior Band. Also, to gain a balance in Senior Band the surplus instruments are used in the Cadet Band.

Counselors

Counseling. In this picture we find Mr. Pobuda counseling Mrs. Haughn. Counseling services are offered by the guidance office to both the students and their parents. Many problems are solved through this service.

Planning. The third member of the guidance department, Mrs. Speestra, is talking to Ruth Davis about colleges and graduate courses. The department offers an excellent selection of colleges and trade-school catalogues.

Selecting. In this picture Mr. Hoffman is shown discussing courses of study with an underclassman. Tecumseh High School offers subjects in College Preparatory, Agriculture, Home Economics, Industrial Arts, and a General course to students.

Library. The first aim of the Tecumseh High School library is to provide an available, pleasant, learning atmosphere to encourage good reading habits. The second is to cooperate with teachers in providing research materials.

ORGANIZATIONS

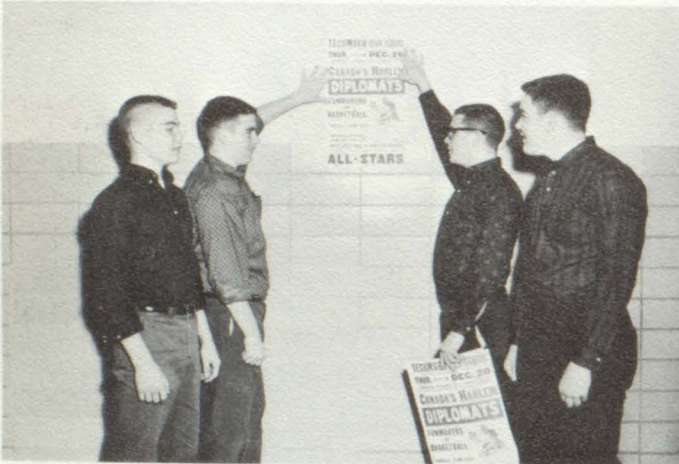

As a sample of future vocation or for just plain having a good time with "the kids," our organizations are an integral part of our education. A significant function of clubs is to provide students with the opportunity of learning to work and get along with other students. Our club activities will leave an enjoyable memory.

Looking over the new pop-corn machine purchased by the Student Council and the Senior Class are the Senior Representatives: Dave Blanden, Tim Sisson, Jack Dick, Pat Lawson.

The Student Council placed wastepaper containers in the halls in a campaign to keep our school clean. Making use of these containers are the Junior Representatives: Dave Lemerand, Fawn Choske, Barbara Colgrove, and Janice Whelan.

Freshmen Representatives inspect the Thought of the Week Bulletin Board. They are, from left to right: Bob Titley, Jim Greene, Kathy Refner, Ed Brazee.

The Student Council is the governing group of our student body, being composed of representatives from each of the classes. Its purpose is to regulate the activities of the students by procuring entertainment and educational programs, by helping to draw up school regulations, and by providing for safety in the school.

On League Student Exchange Day several of the council members visited the nearby schools while we were hosts for students from the same schools.

The latest program to be initiated is a buddy system for new students. A council member will be assigned to help the pupil become acquainted with our school.

National Honor Society

The Neville L. Hart Chapter of the National Honors Society, directed by Mr. Pobuda, has doubled in size. The initial group numbered thirty-one and, at present, there are sixty-two members. Initiation in March will introduce an even larger number. This is a sign that the club's purpose--to create an enthusiasm for scholarship, to stimulate a desire to render service, and to promote worthy leadership and character--is being carried out. Each member of this club must have a B scholastic average and display the qualities of service, leadership, and character.

Among the many activities of the bands are: playing at halftime at both football and basketball games; playing at pep meetings; and marching in community parades. They take part in both the Fall and Spring Lenawee County Band Festivals, as well as the District Festival. Each year a few of the best players have the honor of playing in the All-County Band.

At Christmas the bands put on a concert and take part in the Christmas assembly. Other performances are the popular Spring assembly and the Spring Concert. The Little Symphony Band will play for graduation.

The THS bands are seeking to provide their members with experience which will give them enjoyable and worthwhile leisure time activities, prepare them for futures as musicians, and help them develop an appreciation for music.

The chorus was greatly enjoyed this year when it sang for the THS open house during the National Education Week. Their Christmas program was an inspiration to all who heard it. The program in the Spring and the program for the patients at the Ypsi State Hospital rounded out a year of song enjoyed by all.

Lettermen

Under the direction of Mr. Newton and Mr. Fagan, the Varsity Club led a sportmanship drive. In connection with this drive, the club sold pennant pins and paid half of the bus fair to the Blissfield game.

One of the main attractions of the initiation this year was the slave auction, where each of the initiates were being sold at the highest bid in exchange for an hour's labor.

The varsity club also placed first in the club float division of the Homecoming Parade.

The GAA had a busy year. There were many sports for the members to participate in, such as archery, field hockey, volleyball, and basketball. All kept members active. The GAA had a float in the Homecoming Parade, went caroling at Christmas, and sponsored a roller skating party along with the rest of their busy schedule during the year.

The Future Farmers of America, still under the direction of Mr. Burns, initiated sixteen new members this year. Along with this increase in number, there has been an increase in production: their thirty commercial ewes produced thrity-five lambs which were fattened and sold; the boys raised and prepared their own broilers for their parent-
 son banquet; and, at present, for profit, the club is feeding sixteen hogs with their own corn and oats.

The members of the Future Homemakers' Club did many things which will help them in their lives as homemakers. The girls prepared their own turkey dinner at Christmas. Also as a Christmas project, the girls made lollipops for the service club. The style show, co-sponsored by the Home Economics department and the FHA, gave the members of the club a chance to model clothes they made for themselves.

Under the guidance of Mrs. Boltz, the Future Nurses' Club had a very fulfilling year brightening the lives of many. Besides supporting a Burmese orphan, the club made tray favors for the hospital and contributed to the March of Dimes. Through united effort, the Future Nurses decorated the gym for the Homecoming Dance, "Mother Goose Land"

Because of previous successes with banquets, the club decided to round out a good year by sponsoring another Mother-Daughter Banquet.

The Lois D. Service Future Teachers' Club is still under the guidance of Mr. Hoffman. This past year has seen a more active club. The members visited the Girls' Training School in Adrian, were co-hosts with Adrian High School in putting on a county-wide FTA banquet in honor of the club's twenty-fifth anniversary, and attended a FTA day at Eastern University.

One of the groups most noteworthy projects was the Christmas party, given for the special education room at the Tecumseh Acres School. It is hoped that this will become an annual affair.

The cadet teaching program is still being carried on to enable the members to learn and cultivate the qualities of good teachers.

Each meeting of the Spanish Club has a different topic, such as an initiation, both formal and comical, a treasure hunt, a Pinata party at Christmas, a visit to a Mexican restaurant, and speakers. Sometimes the Spanish Club has joint meetings with the French Club.

The purpose of the club is to give the members a chance to speak a little Spanish, to enjoy themselves, and to learn more about the customs and culture of Spanish-speaking countries.

The French Club, in its second year, is again under the supervision of Mrs. Hawthorne. One of its biggest projects was a trip to the Toledo Museum for the Treasures of Versailles exhibition.

During the summer, on July 14th, the club held a picnic commemorating Bastille Day. This will be continued in following years. Various speakers, skits, and songs were included in their monthly meetings for the purpose of increasing appreciation for the French language and culture.

This year the Science Club has done much for assemblies bringing in speakers from both the Atomic Energy Commission and the National Aeronautics and Space Administration.

Among their activities have been the building of a float, "Cremate the Rams" for the Homecoming parade, and the building of the Science Library. They have had speakers from the U of M Dental School, the Michigan State Police, and the Tecumseh Community Health Study.

The goal of the Science Club this year is a bigger and better 1963 Local Science Fair.

Tecumseh's first golf match of the season was with Jackson St. John's on April 27. We defeated them by a close margin of 340 to 347. The next match, scheduled with Madison, was rained out so the second match was with Grosse Ile on May 1. We again won by a rather slim margin, 176 to 186. On May 2, we traveled to Adrian and defeated out "big Brothers" 328 to 331. Adrian Catholic Central came to play us on May 4 and gave us our first loss of the season, 328 to 326. Next, we went to Brighton and were defeated by a score of 179 to 175. On May 9, we visited Adrian again, only this time we met with Catholic Central and were once again defeated by a 338 to 321 decision. On May 11 we went to Jackson and

played Jackson St. Mary's and Jackson St. John's. Our varsity defeated St. John's, 316 to 327, and St. Mary's came in third with a 359. On May 18 we captured first place in the regional meet with a 324 score just after defeating Grosse Ile on May 11, 170 to 181. We climaxed our season with an eighth place position in the state match.

We had a very fine track season at THS again this year. We took 5 wins and 3 losses, finished 9th in the Albion Relays, 2nd in the Tecumseh Relays, 4th in the Regionals, and 5th in the League Meet. Surprising performances by freshman Bill Thomas and the record breaking career of Dan Greene proves to be two outstanding events for Tecumseh rooters. Once again Tecumseh participated in the Lenawee County Track Meet and, this year, we rode triumphantly home with a victory.

After two mediocre seasons, our football team seemed to spring to life. Under the direction of a fine new coach, the team appeared to be in there fighting every minute. We started out the season by downing Willow Run and kept the ball rolling all through the season. Along with surprising ability in the backfield, the line proved to be tougher than in past seasons. A new addition, "The Apaches", instilled vigor into the team. Perhaps one of the brightest moments of the season was when Dan Green was named an All Stater.

Our Fine J. V.'s

This year's Junior Varsity squad has had a remarkable inspiring season. With the type of ball these boys have been playing, along with the sportsmanlike attitude, they will surely represent Tecumseh well when they reach the varsity squad. Fine coaching from Mr. Gross and Mr. Hale also have added to make 1962 a fine season for our Junior Varsity football team.

Our Fresh Team

Our Freshman team, containing the youngest of all our athletes, is invaluable for the training it affords for these future Varsity Candidates. We certainly can be proud of the 7-3 record these boys have maintained this year. If the scores of our Freshman team are an accurate gauge, we can be assured to find basketball players to fill our Varsity squad for several years.

Also under the guidance of Miss Pickens, the J.V.'s had a fair season. With three wins and two losses, they came out a little better than even. Many of the J.V.'s are considered to be varsity material for next year.

The 1962-63 season of the Girls' Athletic Association's basketball squads has proven to be a season of success. Under the excellent guidance of Miss Pickens, the Varsity squad was faced with only one defeat as they took part in a series of two games each with five different schools. This superb guidance was reflected again when scores ran up to 68 points in a single game.

The extra-curricular activities constitute some of the most unforgettable memories of the school year. Decorating the gym in happy anticipation of the dance that night, the enlightening talks by our assembly speakers, the crazy skits by our cheerleaders, the pep talks by the coaches, and the joy of working with and belonging to the group—these are some of the things that we will always remember.

Twirp

Twirl

The gala festivities of Sponge Week were capped by the "Twirp Twirl" at the Community Center. Throughout the week, each girl placed her name and her date's name on the picturesque Dingle-dorf Tree which adorned our south foyer. On Tuesday, the candidates for Sponge King, Niels Hansen, Mark Vaillancourt, Jim Baker, and Richard Duffin were chosen. Wednesday everyone came to school decked out in their "Sunday-go-to-meetin'" best. Thursday we jumped at the chance to wear clashing colors and play instruments in the halls. But the day we were all waiting for was Friday, when we could chomp on gum and candy while we sprawled leisurely in our old clothes.

Tradition prevailed once again when the Junior Class played host to the Senior class in the annual Junior-Senior picnic at Hidden Lake Gardens. Volleyball, badminton, and baseball were played and the Juniors displayed their superiority by winning the annual tug-of-war.

Mrs. O'Neill, her staff, and several Junior girls prepared a delicious meal of sloppy joes, baked beans, cheese sandwiches, and potato chips and punch. This gourmet's delight was quickly devoured by all.

The Junior-Senior picnic is not complete with all its fun, unless it is well supervised! Joining in our fun were Mr. Brazee, Mr. Hoffman, and Mr. Howard.

Annual*

Senior

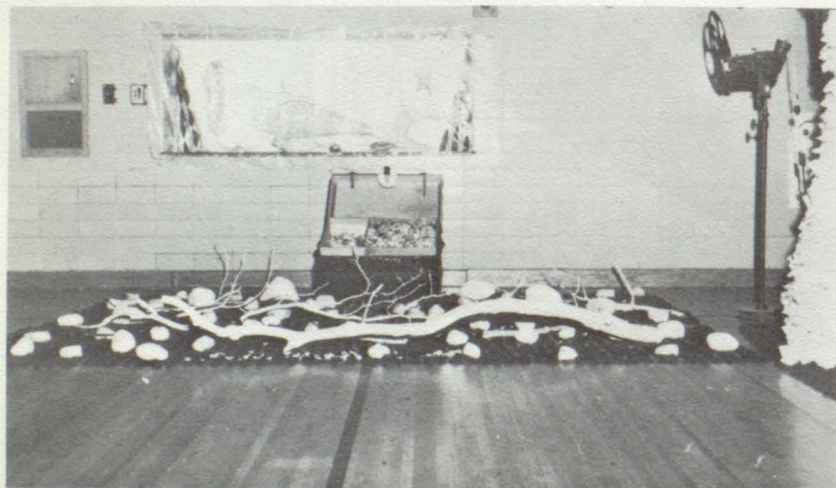

Picnic

Garden of

Hard work on the part of the Juniors gave rise this year to this dance in a paradise underwater. The presiding figure was, quite naturally, King Neptune himself. He was surrounded by a lovely rock garden which boasted a beautiful mermaid. As each student entered the dance through the "tunnel to the sea," they encountered small cardboard fish hanging from the false ceiling of blue paper. By covering the bleachers with light blue waves on a white background, the decorators created the illusion of being under water.

Neptune

The guests could rest at tables decorated with sea shells and coral or dance blissfully in this "Garden of King Neptune." The music, provided by the Ed Charles Band, carried through the waves from the middle of a sunken ship.

Before the great sea shell in the center of the floor we crowned King Norman Tucker and Queen Betty Kish. Those in their court were: Seniors, Roy Rodriguez and Meredith Morden; Sophomores, Jim Simmons and Karen Robinson; and Freshmen, Steve Derby and Sharon Green.

Mother Goose Land

The 1962 Homecoming activities began Thursday night with an enthusiastic pep rally and blazing bonfire. On Friday afternoon, the annual parade was held. The class of '65 won first place with their float, "Ding Dong Bell, Rams In the Well, Who Put 'Em In, Tecumseh Indians." In the club division, the Varsity Club placed first with their float, "Lead the Rams to Slaughter."

Immediately following the Indians' victory over Flat Rock, the couples entered a make-believe world of nursery rhyme's, "Mother Goose Land," for the Homecoming Dance. Pink and blue pastel streamers created the false ceiling while sketches of nursery rhymes decorated the walls.

At eleven-thirty our queen, Sherry Packard, was crowned in front of a large shoe in the center of the gym. The Rhythmaires provided the music from ten until one.

"Peppermint

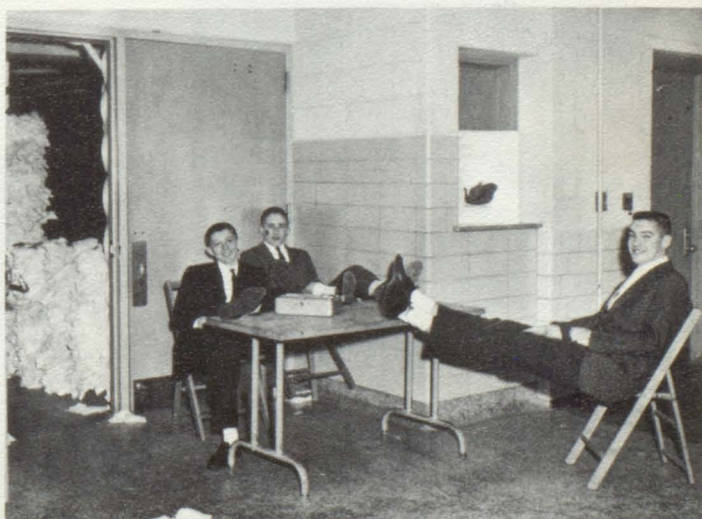

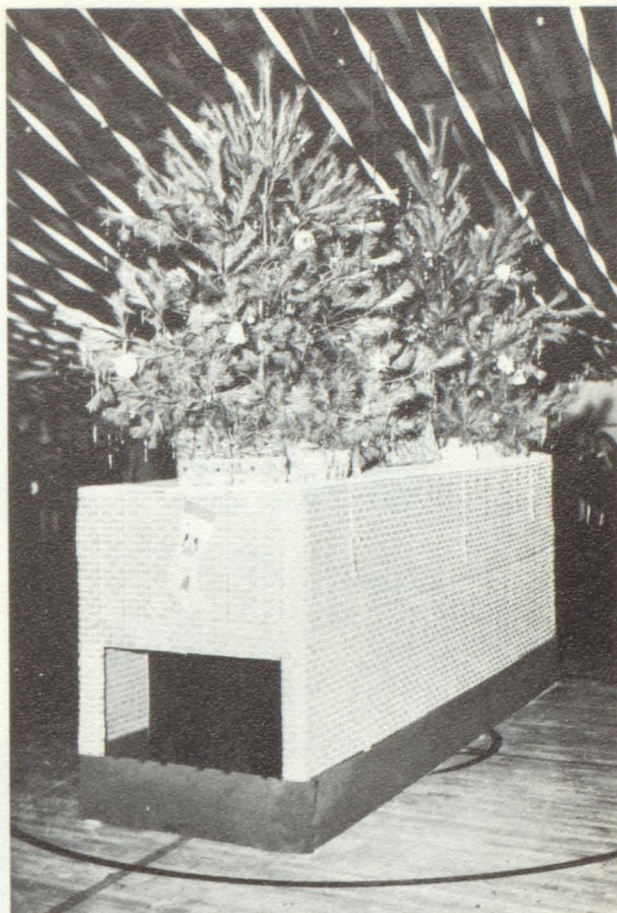

Lane"

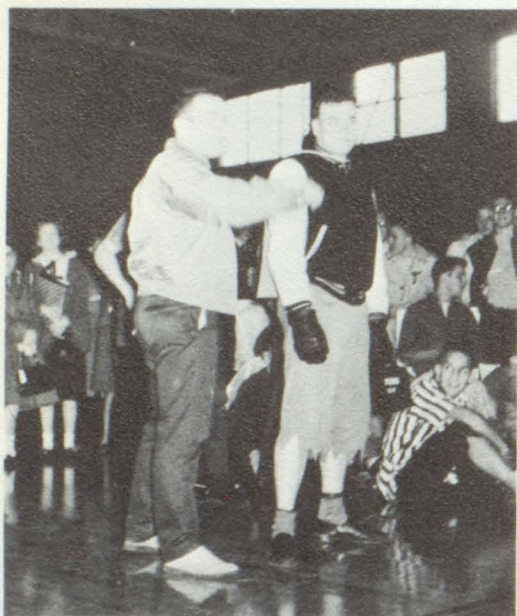

On December 22, 1962, the annual Christmas dance was presented by the class of 1963. "Peppermint Lane," carried the color scheme of red and white throughout the dance.

The gym walls were covered with white paper decorated with an assortment of peppermint candies. In the center of the gym, was a large, red brick mantel topped by two gaily decorated Christmas trees. Red and white streamers were used to create a false ceiling; candy canes dangled on the end of each streamer. Bright red cups of candy canes were placed in the center of each table.

Music was provided until twelve o'clock by Ed Charles and his band. At eleven, refreshments, consisting of punch and cookies, were served.

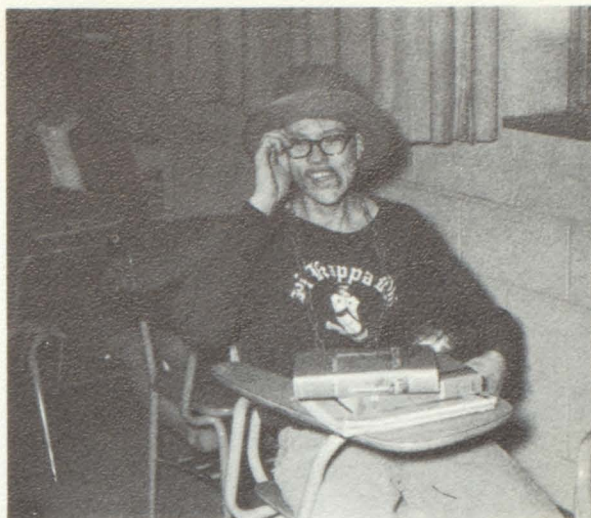

Slave Auction

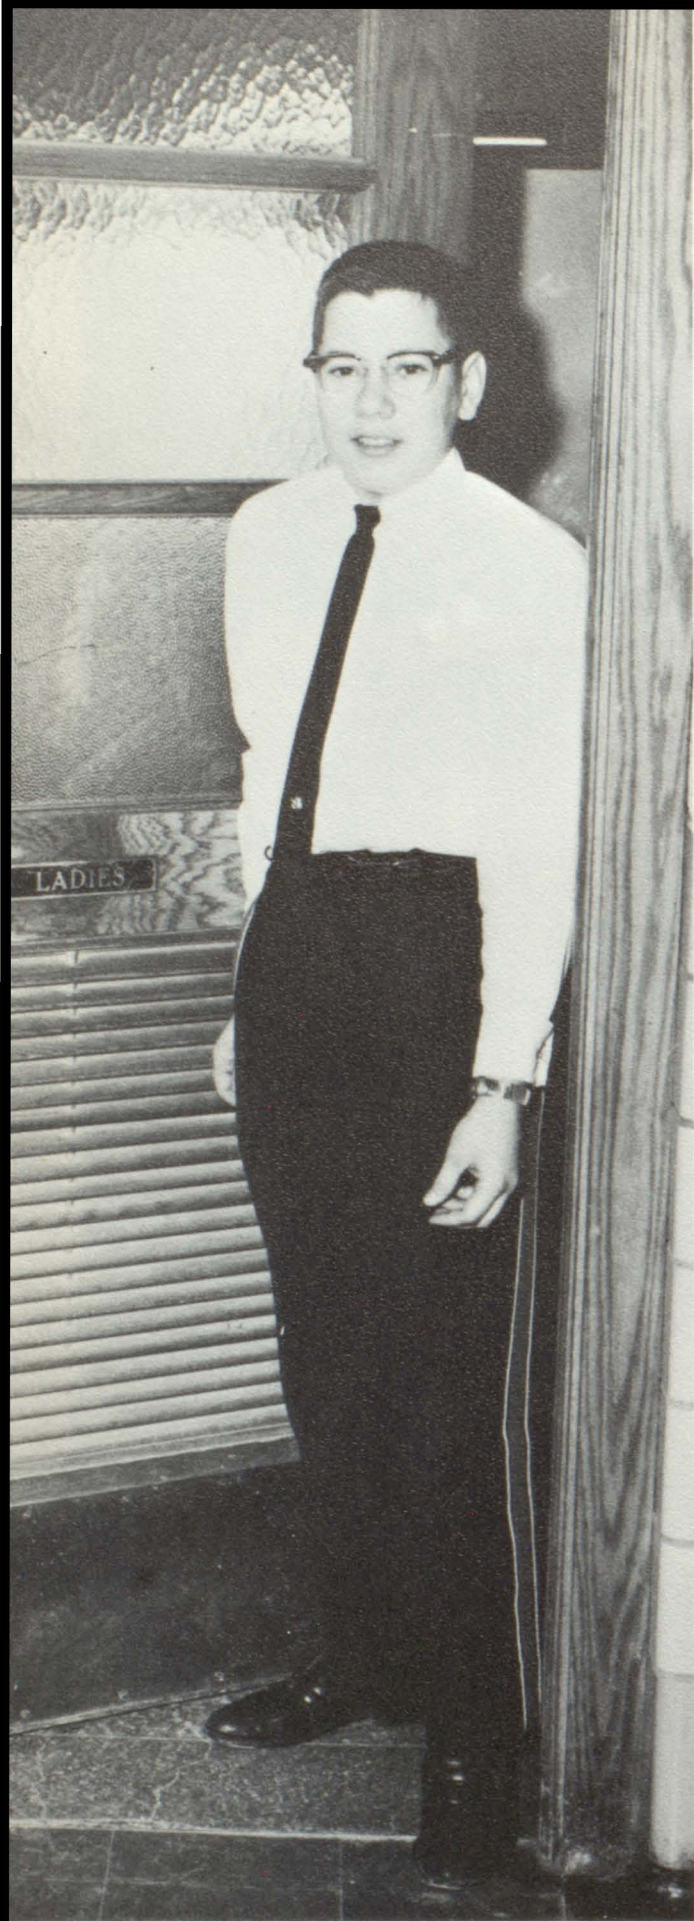

How can we ever forget the great slave auction? Surely this was an activity that we will always remember fondly and with smiles.

But there was a serious side to the Varsity Club Initiation, too. Let's not forget that the responsibility of keeping our school's name clean rests partially on the shoulders of these boys who represent our school in sports. As students watch intently, the initiates take an oath to conduct themselves as good sportsmen at all times.

S N A P S

The individual spirit of Tecumseh High is captured in these snapshots. Looking at these pictures, we'll see apathy, diligence, and good-naturedness; those different sentiments that we are so accustomed to seeing in our daily life at school. The compatibility of our fellow classmates and teachers will live in our memories as we glance through these pictures.

"The line up"

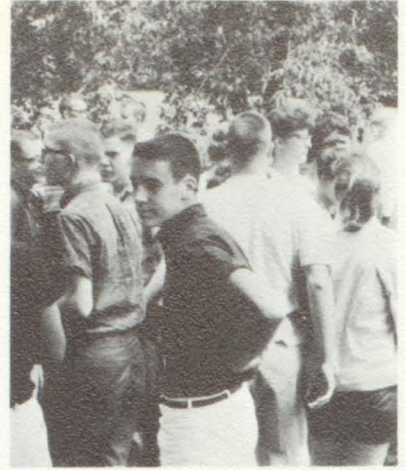

"What do you want?—a push?"

"Henrietta and the rejects"

What am I doing here?

"All this for a cold sloppy joe!"

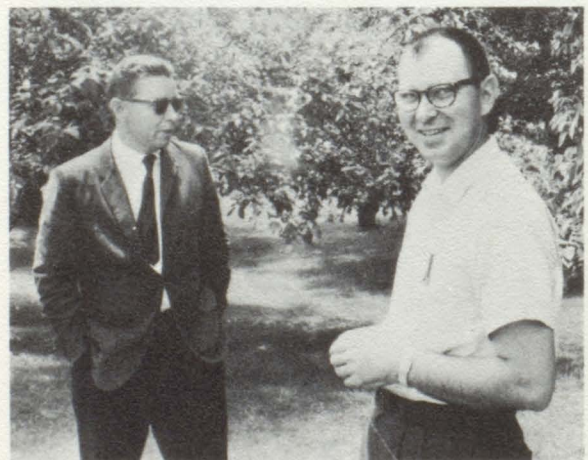

Junior-Senior Picnic

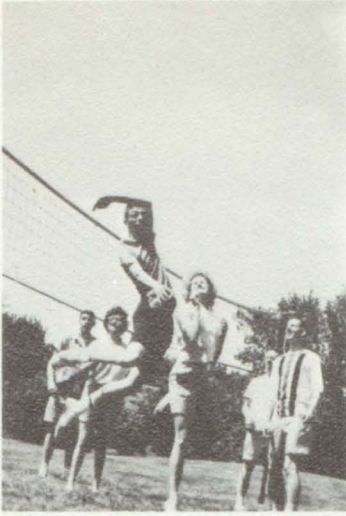

Ironical, isn't it?

Our own Tom and Jerry!

Two thorns amongst the roses.

This is nothing—wait till we get started.

They put up a good fight, but - - - ?

Victory, Victory is our cry!

Hum, that spider's crawling back down?

It's a bird—it's a plane, it's??

Seniors' contribution.

It's above the knees, Minnie-ha-ha!

Homecoming

Juniors almost made it.

"And for our next Physics project . . ."

Go, Tom, go.

The price of victory.

"You mean that's all I can have?"

"K-e-r-n-i-c-z-s-k-r- . . . What did you say your name was?"

"Who spiked this coke?"

"Who's the smiling one on the end?"

"It must have been something I ate!"

"No, officer, my bicycle isn't parked by the fire hydrant!"

Tomorrow?

Che-Che, Ginny Mae, Saucie, and Sin-a-Ma prepare for opening night.

Beauty and the Beast.

"Quick, while he isn't looking!"

"Typical Senior move."

"The old gray mare . . . she ain't what she used to be!"

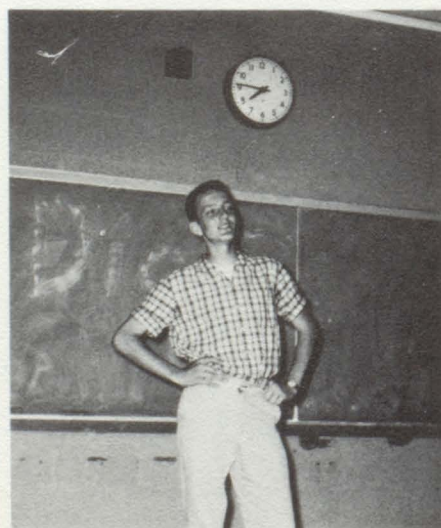

Seniors

"I'm Chiquita Bannana and I've come to say . . ."

"Despite the difference in our height . . ."

"Friends, Romans and countrymen lend . . .!"

"Mirror, mirror on the wall . . . who's the fairest of them all?"

"Blame it on the Bossa Nova."

Of

"Don't move Shirley and he'll think you're a decoration."

Even his own mother hates him.

Tomorrow?

"And for your next book analysis,
I highly recommend . . . !"

"Get that pig out of here! "

"Sawed your finger off? Clumsy! "

"Sad, really sad! "

"All right, you meatheads! "

"I just can't sleep on these rollers."

"It tastes like tortillas . . . no, it must be crepe suzettes . . . elastic maybe?"

Educators At Ease

"Who put the fig leaf on the mannequin?"

"The last time I saw Dick, he was stomping paper."

Farewell T. H. S.

Another successful year has passed at T.H.S. We hope that, in the future, as we leaf through these pages, we will be able to recall the spirit of compatibility and the spirit of learning that binds us to our school. We will begin a new phase of our life as we leave our Alma Mater. But, as we turn from the doors of T.H.S., we will be filled with gratitude to our school for making our four years worthwhile.
