Our Family Album

Look inside and you will see Our lives, our dreams, our history, The friends we had, the loves we made The dares we took, unafraid. McDonalds, Pepsi, Mountain Dew, Good times, even sad ones too. The time we failed an English test, But felt O.K., we did our best. The old gym shorts, the faded jeans, The popsicles and jelly beans. The football games, the summer dances, The newest fashions, we took chances. The problem with the parking lot. The stickers only Seniors got. Then the campus they wanted to close, A fire inside the students arose. Posters went up everywhere, A sense of pride was in the air. Everyone was feeling good, But no one really understood. We'll look back upon this book, Tears will swell as we look, At dear friends faces, teachers too, The old feelings turning new. Now Our Family Album will always be, Forever etched in our memory. - Melanie Jeffries

Still Going Strong

For twenty years Mrs. Kinnard has been teaching students at THS. While here she has been involved in class night and the talent show. She was the TEA president for many years as well as the Senior Play advisor.

Mrs. Kinnard feels that over the years the students have not really changed. The largest difference seems to be a greater curiousity among the students of today compared to the students of earlier years. They are now asking questions and listening to the answers rather than blindly following and believing what they are told. This is leading to better educated students. It is also producing more trust in public schools. Students have a greater mistrust and disrespect for authority today compared to when Mrs. Kinnard started teaching. Although the members of the "family" have changed over the years, Mrs. Kinnard still enjoys teaching.

Drivers always greet students with friendly smiles!

Bus Drivers

Perhaps one of the most responsible, yet thankless jobs, is that of a school bus driver. Each day, 17 brave individuals get behind the wheel of a massive yellow bus. Besides driving their routes safely, each driver is responsible for discipline of the passengers, and keeping the bus clean inside.

Each bus has the capacity to hold over 60 noisy, and sometimes rowdy students. Imagine driving and listening to the screams and chatter of 60 kids all at the same time.

Driving a bus is no easy task. Winter weather and spring fogs can make the daily drive rather hair raising!

Teacher of the Year

Just talking to Ms. Rieger for a few minutes makes you realize just why she became so popular so

quickly this year.

Karen Rieger was born and raised in Monroe, Michigan. She wanted to be a teacher ever since Kindergarten. As a teenager, Ms. Rieger attended Jefferson High School. It is not surprising that her favorite school subjects were (and still are) math and science. She also participated in many extracurricular activities. Ms. Rieger was a member of the track team, a cheerleader, and a member of the NHS. She was also Valedictorian of her class with a perfect 4.0 grade point average.

She earned a four year tuition paid scholarship at Michigan

Tecnological University. She graducated from Michigan Tech. with a Bachelor of Science Degree in Biology and her Minor Degrees in Chemistry, Math and Education. She hopes to earn her Masters Degree in Education after teaching for a few years.

When she isn't teaching math, science, or physics, Nanook, as she is known by her physics students, is filling her spare time with her hobbies. Her favorites are camping, back-packing, cross-stitch, tennis, cross-country skiing and spending vacations in the U.S. and Canada. One of Ms. Rieger's favorite trips was back-packing on Isle Royale just after her college graduation.

She has also participated in

many activities at THS this year. Going back to her high school days, she was seen cheering for the men's and women's faculty teams during the faculty/student basketball game. Ms. Reiger also took a group of students to Wastenaw Community College for the National Science Olympiad. She was advisor to the Science Club also.

Ms. Rieger can sum up her year at THS the best. "For my first year, this is the best school I could ever be a part of. The staff has been very helpful, I appreciate it and the students at Tecumseh are great. I hope I can continue to be a part of it!"

Math

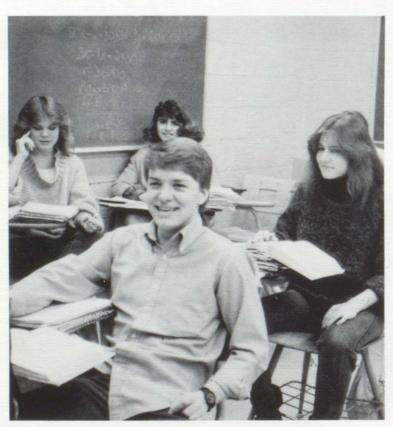

Math class. How many times have you dreaded hearing these words? Although math is something tedious and confusing it is of vital importance to your education. Math is the foundation for almost every career and the experience gained in these classes is sure to be of use throughout your lifetime. Not only are the fundamentals

taught in these classes, but also the skills needed for a college career.

There are many classes offered to the students. The range of classes, from General Math to Pre-Cal, there is a level for everyone. The other classes offered are Pre-Algebra, Algebra 1, Business Math, Geometry, and Algebra 11.

Mr. Kastel smiles as he explains the problem to his class.

Debbie Collins, Heather Cook, Jeff O'Neal, and Cathy Henning take a break from their math to look at the camera.

Students listen closely to Mr. Novak in one of his algebra classes.

The "BRAIN" of our Family

If you have passed Algebra I, think you may use computers in the future, or are just curious about advanced technology, then Computers is the class for you.

Computers is the class for you.

This class offers you the chance to learn how to use a disk drive, write simple programs, and how

to use a printer.

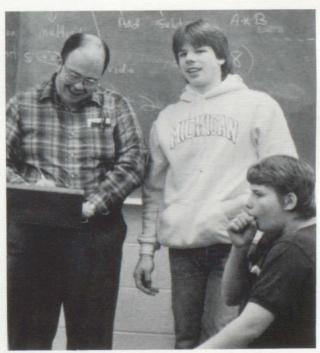

To some people, computers are a blessing, but to some people they are a big bother. As Brent Velandra says, "Computers are too much of a technical advance for some people to handle."

Sherri Funk smiles cheerfully just in time for our cameraman.

Toni Hawkins, Larry Ross, Andy Covell work intently on computer program.

Mr. Raeburn writes out a pass for Keith Alexander in Computer class.

Social Studies

The Social Studies program offers a wide variety of study for the members of our T.H.S. family. The courses offer a chance to study world cultures, governments, economic systems and even the human brain.

Freshmen broadened their horizons by using computers in the Basic Social Studies classes. The Juniors widened their views by using the "Bank Street Writer" in the U.S. History classes. The Seniors widened their knowledge by studying the inner workings of the human mind in Psychology. Other classes offered include; World History, Senior Social Studies and other electives.

Social Studies is a wonderful part of our family here at T.H.S., it enables us to reach out to other families around the globe.

Science

If the terms lab work, bridge building, and dissecting sound familiar then most likely you have had some type of science. If you haven't you will since it is required in your sophomore year.

Students should expect to learn the basic skills in the various areas and how science relates to "our" world. Along with that you will learn about living organisms and

dissecting skills.

There are several types of classes that are available for THS students to take. Some of these classes are Earth Science, General Science, and Biology 1 which are offered to 9th and 10th graders. There are also Biology 2, Chemistry, and Physics for more advanced students.

When asked to quote on the Science Department in general Ms. Rieger said "The Science Dept. strives to enhance the well rounded education of the science

field.

Senior Tom Baker works on his physics project.

Jen Perrin, sophomore, displays a print of her favorite water-color entitled "Sunset on the Lake."

Sophomore, Brian Poley, uses the dictionary while working on his term paper in Mr. Beham's Essential Writing class.

English

The English Department at THS can prepare a student for anything. Teachers help students master such skills as how to understand and interpret literature, write a term paper, improve vocabulary, and spelling, and develop good library skills. As Mrs. Muncie, the chairperson of the English Department says, "We have a fine reputation for preparing our pupils for college or the work world. As a staff, the English Dept. is very cooperative and 1'm proud to be their chairperson."

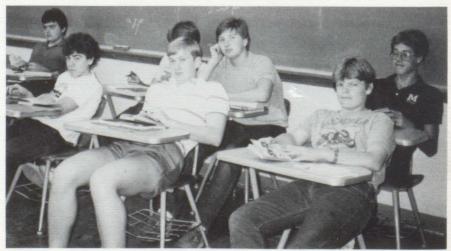

Jodi Nicholson and Sarah Osburn, sophomores, retreated to childhood eating habits during their speeches which were titled, "How To Eat Like a Child."

When asked what he most enjoyed about English class, junior, Carl Every replied with an emphatic "Literature!"

Mrs. Bowman's advanced freshmen English class included the play "Romeo and Juliet." Romeo's depression seems to have rubbed off on some of the guys in her third hour class.

Madame Wilson's third hour French II class is a little shy about showing off their singing skills as they practice "Predre un enfant."

Freshman, Laura Pemberton, scrapes the last of the Mexican bean dip out of the bowl during a Spanish culture day.

Expansion of Language

This year's Foreign Language Department went through many changes. Madame Wilson had extended maternity leave for the birth of her lovely daughter, Margaret. This leave stretched into the school year and Madame Kumbier, a college level instructor, taught the first nine weeks of all the French classes. Senora Coba, retired at the end of the 1985 school year and Senor Mejia replaced her. Even though the advanced Spanish classes missed Senora Coba, everyone soon adjusted to Senor Mejia and he was very close to being elected "Teacher Of The Year!"

The curriculum of both languages stayed basically the same, but both instructors have added new teaching skills such as games and excercises.

Both languages participated in an all-day Foreign Language field trip to Central Michigan University. They entered competitions and the French classes captured first and second places in dramatic reading, second place in song, and third place in the authentic folk dancing. The students of both languages thoroughly enjoyed the day and learned how well they speak the language.

Senior Dan Castoreana displays an example of Impressionist art work during a speech he presented in French.

Neil Nowak assists Rick Lape with making a mold.

Machines and Hands in Action

This year's Industrial Education offered many courses like; Introduction to Woods, Introduction to Metals, Power and Energy, Metal Fabrication, Electricity and Electronics, Machining of Metals; Wood Technology, Drafting 1, and Machine and Architectural Drafting.

The Industrial Education Program offers opportunities for students going to college, helps people prepare for Vo-Tech, and also provides general classes for people not going beyond high

school.

This program sets goals to improve and develop in areas like; attitudes and work-habits, problem-solving skills related to the materials and processes. They also strive to develop the talents of students in technical fields and applied science.

These classes also participated in the 25th annual Student Exhibition. There are projects from many different classes. One of the projects they produced was the "Dream House" exhibits from

Drafting 1.

Home Economics

Did you ever wonder how people learn to cook, sew, and take care of the children? Well, you can learn about these classes in the T.H.S. Home Economics program.

Classes offered include; Food & Nutrition, Clothing & Textiles, Child Development, and Independent Living. Housing and Interior Design are also offered.

Foods & Nutrition is a class in which students learn cooking skills. In Clothing classes, students make two outfits, complete a craft project, and re-cycle some of their own old clothing bringing it up to date style wise.

Child Development offers students a chance to find out how difficult it is to handle and control children. In Independent Living, students get real pay checks and learn how to budget the family income. According to Mrs. Forgacs, Home Economics classes are not just for girls. The program teaches skills that are very valuable for everyone to know.

Yearbook Staff

This year's Anath staff proved that school is not as bad as one would imagine. The staff put together this year's book with the theme "Our Family Album," because they saw THS as one big happy family.

Mr. Beham was the new advisor for the Anath this year. Despite a few struggles, he and the staff managed to get the book

done.

The Anath staff has several departments. These include: Layout and Design, Copy, Sports, Business, and Photography.

The Layout and Design department was presided over by coeditors Beth Withrow and Amy Pramstaller, both sophomores. They made sure all pages were correctly designed. Pia zum Bansen was also a member of this department.

Melanie Jefferies, Junior, was the copy editor. She read and wrote some of the copy you see in this book. Kelly Westgate, Lotte Kalland, and Jody Richenbaugh were also members of this depart-

ment.

The Sports Department keeps a record of all sporting events at THS. Lists are kept of game scores and records. Editor Tiffany Winzeler, with the help of Carol Jubenville and Paulette Georges, did a lot of hard work keeping tabs of the many sporting events.

The Business Department was operated by Peggy McCarley and Mike Losey. Both took care of all financial concerns related to the book, including ad sales, billings, and ad layouts. Tina Lawhorn

assisted in this process.

The Photography Department was responsible for taking the pictures you see in this book. Jason Carter, Genu Rebottaro, Bill Hatchett, and Mr. Beham worked to make sure all pictures were taken.

Orange Spiral Takes Note of Change

This year's hard working Orange Spiral staff covered many major news items. These included the closed campus debate, possible elimination of the school dances, the space shuttle explosion, and the BIG earthquake of 1986!

The staff for this year consisted of 13 active participants. Each contributed in some way to the publication of nine issues. Under the leadership of Vanessa Forsthoefel and Rod Dotson, this year marked the first that the paper was distributed to the students free.

All issues of the paper were professionally printed at The Tecumseh Herald. All lay-out and paste up work is done by the Spiral staff.

Leaving Home For the First Time

The Vo-Tech program is an excellent way to train Juniors and Seniors of T.H.S. the basic skills needed to survive in the working world.

Vo-Tech is available for 12 county high schools and private schools throughout the county. It helps young men and women establish career goals and succeed in the independent world.

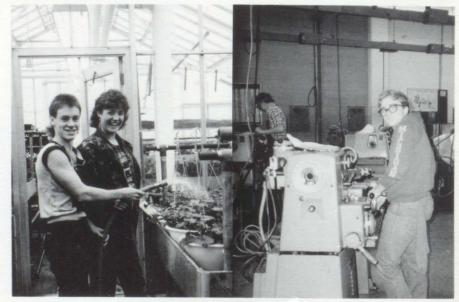

Peggy McCarley, senior said, "Vo-Tech helps students recognize their abilities and use them to their advantage."

Vo-Tech provides a variety of courses ranging from Machine Trades to Cooperative Education.

Whatever your goal, Vo-Tech not only helps you find the answer, but also getting you away from your home of T.H.S. for the first time.

Cross Age Tutoring

If you are interested in teaching or working with children, and you have a good attendance record, Cross Age Tutoring may be for you. For the eleven years that THS has had a cross age tutoring program Mrs. Sutherland has been the advisor. The program has flourished over the past few years and due to this progress students must now fill out an application to become a tutor.

Fifty students are chosen each year and they go to all of the elementary schools as well as the Porter Center. The tutors are also in the hearing impaired and orthopedic classes at Sutton.

Cross Age Tutoring has many advantages for the tutors as well as the students. Being a tutor teaches patience, understanding, and the importance of selfesteem. The students gain a friend and learn many new things.

A new program this year, called "Kids on the Block," is a puppet show put on by four tutors. It is about several different handicapped children who teach us that they are no different than we are. The skits are very true to life and they teach the elementary students not to be afraid of somebody that is different. The Cross Age Tutoring program at THS is excellent and we should be very proud of the tutors as well as Mrs. Sutherland.

Business As Usual

"The Business Department is a vital part of the T.H.S. curriculum because of the ever changing needs of the business world. The typewriter is being phased out rather rapidly and the computer is becoming the tool of today's as well as tomorrow's office workers."

This is why six new computers were added to the department this year, twelve more may be added next year. In addition there will be two more business related classes; Word Star and Machine Accounting. This year over 400 students enrolled in business classes. Students seem to appreciate the fine things this department has to offer. As Eric Anklin said "I am glad T.H.S. has such an excellent business department so I may take advantage of its facilities, to help me in my future career."

Guy Gregg and Heather George keep busy typing.

Paula Proffit, Typing I student, adds typing to her list of skills.

Career Education

What do you think of when you hear someone say career education? If you think about learning how to write good resumes and job applications, what jobs have good prospects for the future, and how to survive an interview, you're right, Career Education is all of these things. Career Education is a required class for all 10th graders. The class includes handson work in job interview situations, as well as some field trips to local places of business. When sophomores leave their Career Education classes, they will have a better understanding of what takes place in today's job oriented world.

Physical Education Physical Education may seem like fun and games, but it is more than that. While badmitton, basketball, hockey, and racquetball serve as an outlet for the competitive spirit, these games also help in the development of sportsmanship, self-dicipline, and teamwork. In addition, the skills

Health is a needed class at home

Although Health is part of the Physical Education Department, it is somewhat different. Mr. Oxley, Miss Fisher, and Mrs. Richardson teach functions of the human body, how to care for it, and how not to abuse it. They also teach students how to master their emotions and develop positive self-concepts. They teach the prevention and care of drug abuse and victims of suicide.

As stated by Amy Pramstaller, sophomore, "Health is not just a class, but something I can use throughout my lifetime."

Health is a necessary, welcome class for all of our Sophomores.

Band Programs

Almost every family has a musician. THS is lucky to have many, including a fine and dedicated "leader of the band," Mr. Rice.

The THS band program consists of several levels; the concert band, symphonic band, marching band, pep band, and the jazz band.

The symphonic and concert bands perform each year at the Christmas and Spring concerts. The marching band, which includes members from the concert and symphonic sections, play all the fight songs and musical score at the football games and parades. Pep band members volunteer their time at the basket-ball games.

This year marked the start of what will hopefully be a yearly tradition here at THS. Members of the band program sponsored the Collage Concert, a musical display of creativity and ex-

citement.

Choir

Maybe you have heard the THS choir sing. If you haven't, you really should. They put on two concerts each semester which totals four concerts a year. They put on Fall, Christmas, Mid-Winter, and Spring concerts.

If you have heard them sing and liked it or if you just like to sing then maybe you should think about taking it. Some of the things the students learn are how to properly use vocal instruments, how to read music, and to appreciate the historical significance of the music they sing. Students are also exposed to a variety of types of music and learn how to sing them. Sometimes solos and ensembles are performed.

This year the choir, both Junior and Senior high, have held three fund raisers. These fund raisers help to assist in operating expenses, choir scholarships, and also to help purchase robes for the

Junior High choir.

When asked to quote on choir in general, Miss Bendes, "There are a lot of talented students at THS, we have some of them in choir. We need more men, especially tenors. The 85-86 choir is an outstanding group performancewise, and it has a bunch of marvelous people."

We've Gotta Have Art

Art is a very popular form of communication. Words are spoken through the paintbrush, charcoal, pencil, and many other medias. The message can only be heard and understood through the

eye of the beholder.

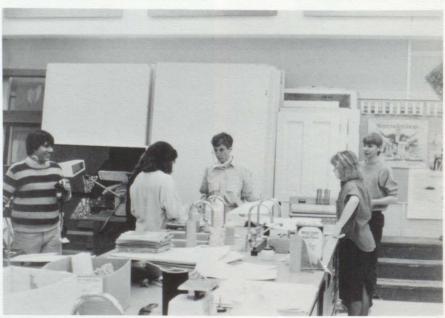

The students here at Tecumseh are taught many forms of art including Art I and II, Commercial Art, and Ceramics. After being a part of the "art experience" students better understand the world in which we live. Art is the talent to create, control, and understand our lives. As one art student said, "We've gotta have Art!"

Moving Up

Being a sophomore may have meant being looked down upon by a few upperclassman, but that didn't intimidate this years sophomores. Under the supervision of Beth Ruggirello the sophomores class had a fun filled year. The class of '88 made the year of '86 one to remember.

Sophomores had many good things going for them: several dances and events were sponsored

by the class of '88. This years winter carnival was partially sponsored by the sophomores such as the popcorn machine, golf booth, and also the mug throw.

This school year brought many excited sophomores awaiting the arrival of their class rings, as it seems sophomores are the ones most often buying this token of remembrance.

Overall the class of '88 should be proud. They are a determined and important part of Tecumseh High School.

Exchange Students

The Foreign Exchange Program was in full swing this year. There were four new members to the T.H.S. family. They came from various exotic and exciting places throughout the world. Tecumseh was pleased to include them in its school activities and into the lives of the students who attended here.

Pia zum Bansen, the student from Germany, was involved in many high school activities. She was a main character in the Tecumseh Youth Theatre's production of My Fair Lady. She was also a member of the Layout and Design department of her high school Anath. Pia enjoyed her stay here in the U.S. and we were happy she chose Tecumseh.

Lotte Kolland was another

student from a far-off land. She came to us from Denmark. Lotte likes to spend time with her friends and learn about America. Lotte was also a character in the production of My Fair Lady.

Raphael Cantu is our third adopted student here at T.H.S. Raphael is from Mexico. He came to school later in the year, but had no problem making friends. He likes T.H.S. and has developed many friendships here.

Our last new member is Katarina Sangberg from Sweden. Like the others, Katarina liked trying American foods, watching T.V. and most of all, making friends.

We hope the students enjoyed themselves here as much as we enjoyed having them.

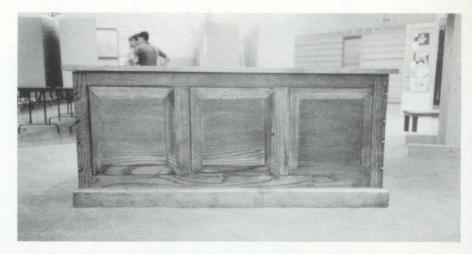

A little bit of love from around the world.

Student Exhibition

The Home Economics, Industrial Education, and Art classes held the 25th annual Student Exhibition. It was held during the evening from three until nine and during the homeroom classes on May 8th-9th.

There were also projects from the Industrial Arts classes from Tecumseh High School, that had won awards after going to state competition.

During the evenings of May 8th and 9th, a video of the Tecumseh Youth Theatre's production of "My Fair Lady" was shown. A video tape of different projects at state competition was also shown.

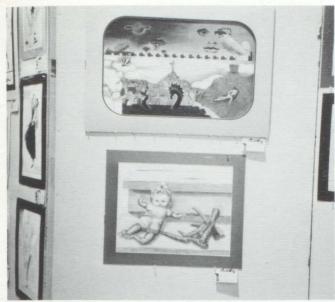

As quoted by one of the students, "It was a great experience to see how many talented students we have at THS."

Homecoming '85 — Our Family Reunion

This year's Homecoming was truly a success. The Freshmen with their "In the air Tonight" logo and green clothes seemed to enjoy their first Homecoming immensely.

The Sophomore's also had a great time with their "Break on through" logo and blue attire.

The Juniors, who sported blackand-white, had a tremendous amount of spirit and with their logo "Stairway to Heaven in '87" made this day one to remember.

Their final Homecoming and what a time our seniors had. Many paid great attention to the class who showed more enthusiasm than ever before. Obviously staff members agreed, because for the first time in their T.H.S. history, T.H.S's class of '86 won the SPIRIT AWARD.

The seniors chose the logo "Pinkney is just another brick in the Wall." They came to this logo by borrowing "Just another brick in the wall" from the group Pink

Floyd.

The freshman class, for the first time, participated in the Indian Homecoming games. They were very enthusiastic about wearing their class color, green. They also wore green football-shaped badges which read "CLASS OF '89."

The officers and members of the class built the class float who's theme was "In The Air Tonight" and showed a Tecumseh football player shooting the opponent out of a cannon.

Overall, the freshmen enjoyed their first Homecoming at T.H.S.

The sophomore class had fun as well. Wearing their class color, blue, the class of 88 showed the excitement and enthusiasm of the day. During the Homecoming week non-fall athletes had fun playing the traditional Powder Puff football; competing against and defeating a tough Junior team. Afterwards, most of the seniors stopped off at the bonfire

and then headed out to macon for a party hosted by classmate Marc Jones.

On Friday, the seniors dubbed themselves in shades of RED for the Homecoming games. Also, to make themselves a bit more noticeable, red helium balloons were sold just before the pep rally and let go just at the beginning of

the parade.

As gametime rolled around, the seniors began to file into the stands. At half-time they were very happy to hear that their section of the float came in first place. It was an Indian on a wall, throwing bricks to sink a Pinkney Pirate ship. The seniors were very unhappy to hear that their car received last place. After many hours of painting and hard work they were informed that paint was not allowed. Not even class advisor Mr. Gross had heard this rule and many were upset.

Prom

May 24 was a beautiful day, especially for those who attended the THS prom. It was held at Adrian College in the Adrian room. Everything looked beautiful as the hall was decorated with plants and flowers.

The theme was "Wonderful Tonight." Dinner was served at the prom. The meal consisted of Prime rib and baked potatoes, along with several desert choices.

After dinner, couples danced to the band, "Most Valuable Player." Jason Carter and Susie Packard were crowned King and Queen.

The juniors did an excellent job with the prom. All who attended did have a "Wonderful Tonight."

Senior Student Council representatives were: 1st row (L to R): C. Vannatter, M. Phelan, D. Lawrence, K. Connors, D. Terry. 2nd row (L to R): J. Carter, M. Ruhl, A. Clark, L. Nelson, C. Stubbs, D. Burnside.

An Important Part Of Our Family

Junior Student Council representatives were: 1st row (L to R): M. Wilkins, K. Furstenburg, D. Penney, D. Roback, J. Hensley, K. McFadden. 2nd row (L to R): D. Borton, E. Wilson, M. Conrad, J. Clark, J. Bache, K. Hartley.

Sophomore Student Council representatives were: 1st row (L to R): S. Halberstat, J. Nicholson, S. Dapprich, K. Speller, A. Lorenzen, L. Fletcher. 2nd row: (L to R): A. Barbre, G. Gillen, L. Anschuetz, B. Ruggirello, C. Still, A. Thompson, B. Barnes.

Freshmen Student Council representatives were: 1st row (L to R): J. Walters, T. Brown, M. McMunn, H. Hudson, D. Hurst, D. Foster. 2nd row: (L to R): R. Randolph, C. Kennedy, B. Klanke, P. Lorichon, L. Kambus, T. Pistor, M. Alvarez.

Being a member of the Student Council this year took a lot of time and devotion. Members worked hard and gave much of their time to keep our students' privileges. Council worked hard to keep our campus open.

Student Council had many activities to benefit the students and community. Projects included the canned food drive, Students Awareness week and Homecoming.

Council also introduced Tecumseh to Freefare and presented the winter carnival. Both were very successful activities

This year's commander was Diana Lawrence. Other leaders included; V.P. Kristin McFadden, Treas. — Kristin Connors, and Sec. — Mindi Wilkins. Mrs. Nelson was the advisor.

As you can see, Student Council is an important part of the T.H.S. family.

Awards Night '86

The 11th annual THS Academic Awards Program was held at the Tecumseh Civic Auditorium on the rainy evening of May 20, 1986. Over 200 THS students were given awards for their outstanding accomplishments in the academic areas.

Each year, the faculty nominates students, by department, to receive awards based on academic progress, classroom behavior, and good citizenship.

The awards committee is comprised of faculty members who volunteer their time in all aspects of planning the program.

The theme of this year's program was "Climb Every Mountain." Some of the musical selections performed by the band and choir were from the musical "The Sound of Music."

Mrs. Dinah Wakeford was this year's faculty speaker. Her presentation was thoughtful and appropriate to the occasion.

Mr. Victor Stevens is the chairperson of this annual event and deserves a big thank you for his fine efforts in making this yearly event a very special evening for many members of the THS family

Jim Tuman Captivated T.H.S.

On Friday, April 11, 1986, T.H.S. was treated to a very moving experience. The Student Council had once again succeeded in helping T.H.S. realize their true feelings by having lim Tuman come to speak. Mr. Tuman is a nationally famous lecturer at high schools and colleges. He has made numerous television apperances. Furthermore, Tuman was a famine relief worker in Ethiopia.

The gym was marked by a strange quiet as the audience listened to the disturbing tales Tuman told. He spoke about the suicide of a 14 year old whose parents constantly demoted him. He told of the tragedy of the Romulus High School student who was killed while trying to stop a fight between two friends.

The message Tuman was trying to convey was the fact that our friends and loved ones will not always be near us and that we should tell them how we feel about them before we no longer

have the opportunity to do so. He said how we must act the way we wish to be remembered by our friends and family. He also stated that we should want to be remembered for who we are, not what we have.

Mr. Tuman stressed the fact that "putdowns can kill." He spoke of a student who was once told that he didn't need to dress up for "Nerd" day because he was a nerd. That night, the boy went home and hung himself!

A large part of the assembly consisted of audience participation and sharing. Many students freely walked up to the microphone and told each other how much they really do care. Most were very moved by this display of love. Brothers and sisters, students and teachers, friends and foes stood in the middle of the gym hugging each other.

All in all, T.H.S. truly appreciated Mr. Tuman's presentation. It was something few of us will

ever forget.

"Ready to Lend an Ear"

Who you gonna call? Ghostbusters? No!! Peer Listeners. They're on call 24 hours a day, standing by to help students with

problems.

With advisor Mrs. Fall and trainers Russ Samson and David Becker, students were able to help students. Peer Listeners play an important role in T.H.S. It is an organization which lets all students know they have someone to talk to other than an adult. Students feel more at ease knowing that they can talk to someone who understands.

This year's activities started off with speakers from all over Michigan who taught Peer Listeners techniques they can use to help fellow students.

A student was asked how she felt about Peer Listeners. Her reply was, "I am glad there is someone here if I need them."

Teed Off Tough

The Varsity Golf Team certainly teed off tough winning 11 out of 18 games and tieing once. Great team depth attributed to the overall record with everyone scoring in the high 70's to low 80's. The team gained their standing by winning the All-County Tournament and qualifying for state. At the state meet, Steve Nelson overjoyed the team by obtaining the 2nd lowest team score. With the great success of the season, M.V.P. awards were abundant. These awards were received by Tom Clark, Ron Schaffer, Keith Alexander, Steve Nelson, and Chris Napieralski, who was also the team captain. Congratulations go out to the THS Golfers for their outstanding season!

certainly had determination. Although they only won five games they never gave up. They always worked hard and gave their all in every game. The thing that seemed to work

The J.V. Football team against them the most was not always performing as a team. TICWSS week was great for the guys. They won both of their games that week. These players will be a force on the Varsity team next year.

Outstanding Senior Athletes

Varsity Football Team Intercepts Their Opponents

Bob Terry, junior, tries to find a break in the line.

Our Tecumseh Varsity Football Team intercepted their opponents, by ending the season with a 5-4 win.

Even though inexperience was a big factor, the players pulled together, maturing as the season went on. With continuing improvement the team won 5 out of the last 6 games, including winning the last game of the season since 1977.

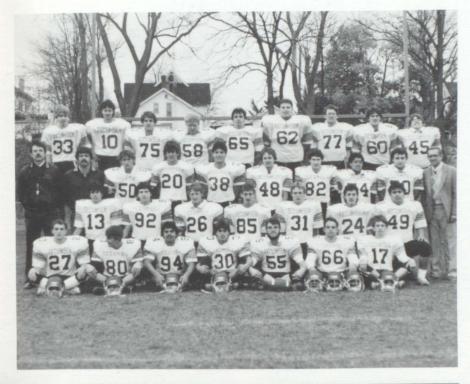

The captains, Kelly McCrate and Chad Anchuetz, plus many other players received All-League Honors. Jeff Clark, Robert Mendez and Bob Terry gained the top performers of the year. With the good players and talents, next year's season should go very well!

Off to a Running Start

Kelly Thomas, the only returning letterman, was one of two captains along with Leah Faust.

The Tecumseh Girl's Cross Country Team was off to a running start. The team captains were Leah Faust and Kelly Thomas.

The team's M.V.P. was Leah Faust. She placed first for Tecumseh in all but 7 meets. Her fastest time was 21:27.

Even though the team was young and inexperienced they had a pretty good season. The overall results were 4 wins and 6 losses but the team still kept their spirits high and never gave up. Team

unity helped this tremendously.

The teams biggest thrill was their win over Ypsi-Lincoln, beating them by one point. It was a tough meet but they pulled through well.

Many injuries forced the team to toughen up early in the season and they established a record far better than last years of two wins and six forfeits.

While participation is up over last year, Coach Pike hopes to increase the number of members in the future.

Front Row (L to R): K. Bartenslager, L. McKenzie, K. Thomas, C. Jubenville, J. Kastle. Back row (L to R): A. Leinaar, L. Faust, S. Haines, Coach Pike.

Inexperience Led To An Unimpressive Season

Boy's Cross Country Team Captains: (L to R): M. Poling, B. Feldman, and coach; Mr. Bill Croft.

The lack of experience led to an overall result of 2-8 for the Boy's Cross Country Team. Although the League results were a disappointing 1-5, the team finished fourth.

One of the team's most valuable players, Dan Brackney, qualified for the state cross country meet. The other most valuable player was Mark Poling. They were both captains of the 1985-86 team

Cagers Improve Their Season

Kathy Bakus, a senior, was one of this year's MVP.

The Girl's Varsity Basketball team had an exceptional season this year and it showed in their record of 15-6. The team showed good effort by playing strong aggressive defensive games. The Indian's most valuable players were Debi Baily and Kathy Bakus, who both played strong inside power games.

The team had some great moments throughout the year. Just a few were beating Adrian twice, beating Milan at Milan

and the greatest thrill was beating Jackson N.W. when they were undefeated and ranked 7th in the state.

Some of the extra-ordinary performances turned in by individuals were; Debi Bailey, the leading rebounder, stealer, plus she also had the most blocked shots. Kelly Hartley had the most assists, 106. Congratulations to the entire team for a first-rate performance!!!

Andrea Clark, a senior, shoots for two points.

Hard Work, Determination, and Poise!

First place at JV Tournament and first place tie for league standings. These describe our Girl's JV Basketball Team! The Netters had a seasonal score off 21-7 and lots of hard work. This year's team is definitely not average! Mr. Pomy stated "The team played with poise, character, and determination," and it showed! Everyone played together, giving new meaning to the word TEAM!!!

Even though the team is young they showed much skill and talent. The Girls JV Basketball team never gave up and improved greatly over last year's season.

With the leadership of the '86 captain Lena Fletcher and the devotion of the team each season can only get better!!!

B. Klanke, R. Echlbarger, M. Curth, K. Nix, J. Bechtol, A. Barrie, J. Lange, J. Hartley, T. Paterson, L. Fletcher, K. Kurzyniec, M. Ruhl, K. Hawley, J. Nichols.

Netters Tie For League Champs!!!

The 1986 JV Volleyball Team went extremely well this year with an ending record of 10-2. Lena Fletcher was this year's captain.

"They never gave up!" commented Coach Pomy. This led to their overwhelming improvement during the season.

The team's biggest thrills was that they won the JV Tournament at Gilbrator Carlson and when they tied for league champs. Losing to Adrian at the County Tournament was a horrible moment for our hardworking team.

A great team effort was involved, and hopefully the effort will continue next year.

NETTERS BECOME CHAMPS!!!!!!

The 1986 Varsity Volleyball Team finished this year in the league standing record of 93-25.

In the Tournament Records they finished first place in; Bedford, Lenawee County, State District and SouthEastern Conference Tournaments. The

team came in second at the State Regional Tournament.

The team has some very talented players in '86. Seniors Debi Bailey and Andrea Clark were All Region Team. Bailey was 3rd Team All-State and Clark was Honorable Mention-

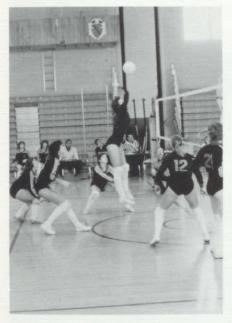

All State. In SouthEastern Conference Team, Chris Harris received Honorable Mention. In All-Region Becky Lange received Honorable Mention. The team had worked hard and did a GREAT job!!!!!!

Record Breaking Year

What's more exciting than having someone on the team break a school record? Having someone on the team break two records as Kristin McFadden did! She broke the records for the highest score on beam with a 9.05 and the highest score on vault with a 9.0. The previous score for beam was 8.95 set by Kristin McFadden and for vault was 8.65 set by Gaylee Smith. Kristin also qualified for state on every event, which no one from Tecumseh has done before, along with Sherry Funk who

qualified on floor. Kristin was considered the years M.V.P.

Other than the records that were broken, the teams biggest thrill was competing in the prestigious Freeland Invitationals, which they had never been invited to until this year. Our team placed 10th.

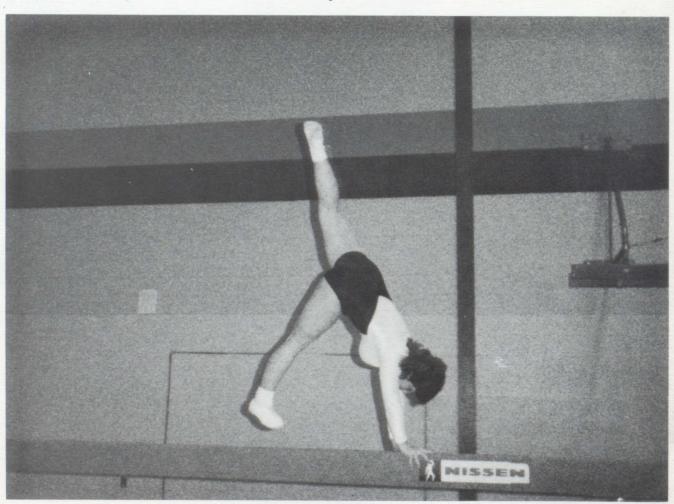

The team was held together by enthusiasm and the desire to do the best they could. The girls were very supportive of each other and were always ready to lend a hand.

Even though there were

many injuries which kept the team from having full strength, they had an exceptional season ending up with 10 wins and 2 losses. They also ended up 5th at Regionals.

Qualifiers for Regionals were Sherry Funk — all around, Kristin McFadden — all around, and Jill Smith, Sarah Osburn, Brandi Pawlowski, Heather Hudson, and Gretchen Funk.

This year's coach was Robyn Morden.

Grapplers Pin a Record of 5-11

The 1985-86 wrestling team did fairly well with 5 wins and 11 losses. Mark Witzke held the most team records in pins, the fastest pin, the most takedowns, the most escapes, and the most near falls 2 and 3. Rob Parros held the highest finish in the state and he also had the most tournament points with 148.

Jim Casarez, the only freshman on the Varsity Team won 22 matches while Parros

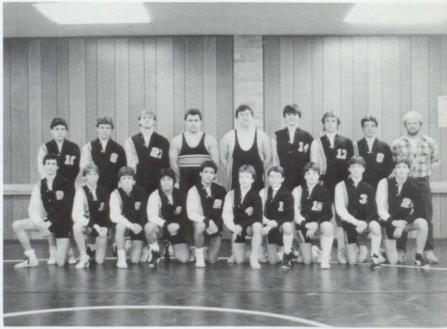

won 32 out of 42.

The J.V. Team also did well. They tied every meet 66 to 66. The team was well rounded with a mix of Freshmen, sophomores, and juniors. Mike Ross was the leader for the J.V. Team with 10 wins, 4 losses, and only 1 draw.

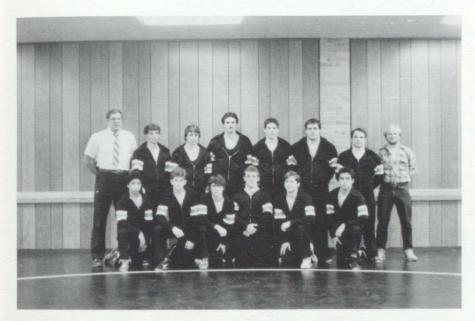

Next year, with the help of Jeff Staup and Mike Ross, the Varsity Team should show

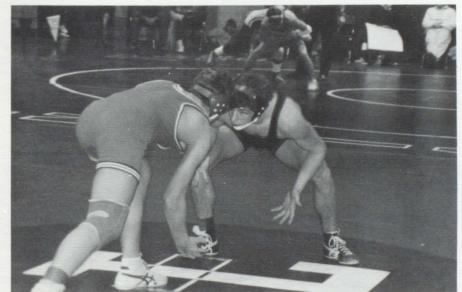

much promise!

Hard Work Pays Off

Hard work and dedication are two very important factors in a good basketball team. This years J.V. and Freshman team certainly had these qualities. The J.V. team may have ended the season with a less than satisfying record, but the things they learned will make them better players in the coming years. The lack of consistency both offensively and defensively seemed to

be their biggest downfall. They did have their big moments, like defeating two teams late in the season after losing to them earlier.

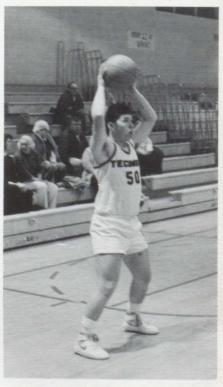

The class of '89 had a very promising basketball team. Their hard work and the ability to work well together provided them with a 10-7 record. This team will prove to be a contender in the years to come.

Our Boys Varsity Basketball Team had a rough season of 6-15, but there was a lot of team spirit and determination!

The team did have some good moments especially defeating undefeated Milan. Tecumseh finished 4th in league, with a record of 5-7. This year's team had many talented members and everyone took an active part in participation. John Hartley received 2nd Team All-League

and led the team with the most scoring. Brad and Chad Anschuetz also received honors. Brad led the team in assists. Chad made 2nd Team All-County and Honorable mention All-League. He also made the most rebounds and steals. Mat Ruhl also received Honorable Mention.

Even though the team had a hard season next year's team, with the help of Tom Clark, should have an excellent season!

Cheerleading

"Give me a T-E-C-U-M-S-E-H, what's it spell? Tecumseh, YEAH!" If you were to go to a football or a basketball game, you would hear the cheerleaders shouting this and other songs.

Who teaches and gives the girls all of her support? "Give me a G-U-N-D-E-R!" Mrs. Gunder, who is going on to her seventh year as cheerleading coach says, "They are the best squads in the whole league!"

To be a cheerleader, you must always smile, get along with others, and get good grades. You must also attend practices and camp.

When the squad was in camp this year, they came in first place in the competition.

The squads have shown a lot of closeness, and we can't wait to hear them in the 86-87 school

The Frosh Baseball team had a big victory of 19-0 against Addison. All together the team had an excellent season with 12 wins 3 losses and 1 tie. The team's batting average was .362. The highest batting average was made by Dylan Bladecki who had a .538, he also had the most runs for the team with 20. The most runs batted in for the team was by Dave Baty at 19.

Even though there were no homeruns hit during the '86 season the Frosh team had an excellent season.

J.V. Baseball Shows Talent

Our J.V. Baseball team huddles for a cheer before the game.

The Tecumseh J.V. Baseball team ended their season with an overall result of 8-11. In the league standings they ended with a 5-5 record.

The team was young but they were very willing to learn and very talented. The only homerun of the season was made by Larry Anschutz. The most runs were made by Darin LaGore at 14, Scott Richardson had the most hits for the team at 15. Ten was the number of the most runs

batted in by Scott Baker. The highest on base average was by Brian Barkway at .684. Brian Cardenas had the highest batting average of .520. The team batting was a .307 and the team on base average was a .439. There was a total of 46 team errors.

With the hard work and determination the team showed in the '86 season next year's season looks more promising.

Played To Potential Plus More

Is he safe? Steve Blatt trying to out run the throw.

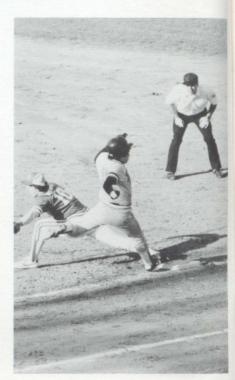

Even though the seasonal record was 13-15-1 Coach Ondrovick commented that the players played to their potential plus more! The seniors made outstanding improvements from last year and Brad and Chad Anschuetz received special recognition. Brad received 2nd Team All-League. Others including Steve Blatt and Mike Conrad received Honorable Mentions.

The boys had some great noments, especially beating Chelsea and Saline in the last innings and sweeping an easy victory by winning 11 to 1 against Lincoln. They also won the State Tournament 4 to 1, against New Boston.

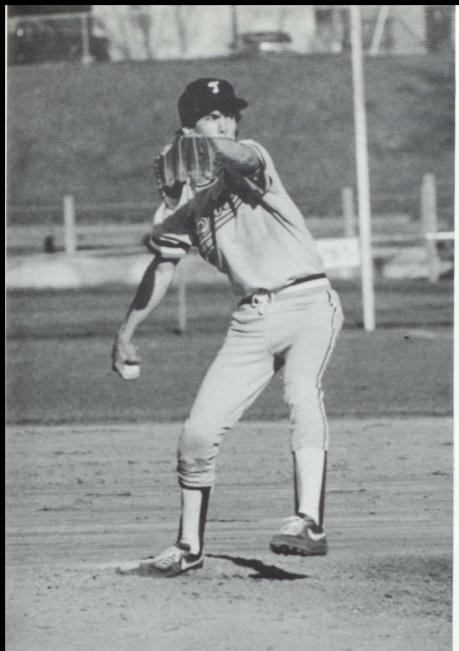

Front Row (L-R); M. Conrad, C. Napieralski, T. Watson, S. Blatt, and J. Hartley. Middle Row (L-R); M. Martin, S. DeShano, C. Anschuetz, D. Burnside, and R. Mendez. Back Row (L-R); B. Anschuetz, B. Kurzyniec, and Coach Ondrovick.

The hard work paid off when the '86 team finished 3rd in the S.E.C!! It took all the players to pull these accomplishments off, a few are honored here. Jeff Fisher played the most innings while Brad finished with the most bats and hits for the team. The highest batting average of .500 went to Darren LaGore. Chad came up with the most assists this year.

With the wide and varied talents it is hard to complain about the season. There was just the "right blend" of seniors, juniors and sophomores to make this "family of ball players" into a hard working, record setting TEAM!!!

Girls Have A Difficult Season

The 1986 Girls Varsity Softball Team had a difficult season. Overall, their record stood at 8-17, but they finished 4th in League.

Stacy Demlow was the MVP plus she also received 1st Team

All-League Honors.

The team's biggest achievement was beating Saline 9 to 7. Even though the season was disappointing, the team had many great individual honors.

Chris Kennedy, the only freshman on the team, had the

most runs scored.

Becky Lange and Diana Lawrence were the captains who set a good example for next years team.

The team trained hard, hopefully this training and dedication will pay off next

year!

TEAM WORK, THE KEY WORD!

This year's team worked well together and they were dedicated and never gave up. "This was the key to our success this season," commented Coach Becky Hamilton.

The J.V. Softball Team had a record of 17-7, with Jenne Lange and Brandi Pawlowski leading the team with their hitting. They both ended the season with a .500 batting average

ting average.

Tecumseh had a strong J.V. team this year. Everyone contributed and stuck together as a team through the good and bad times, this was what made them so successful this season!!

An Up And Coming Track Star

Leah Faust, a junior, has become an outstanding trackster! She received her Varsity Letter in 9th grade, but it wasn't easy! Leah commented, "The first day of practice was hard and the whole week I was sore and could hardly move!" All this pain and hardwork has paid off. Leah has received 16 medals from track and has also received a plaque for "Most Outstanding Trackster."

Leah also participates in cross country. She tried it only to make her better in track, but she has mastered that sport too! Leah has received three medals from cross country, and it has helped her a great deal.

In the '86 season Leah tried running the mile. Already she is only 8 seconds away from the leader's time, Brenda Boot.

Goals for her senior year?

Leah wants to set 3 records. She would really like the one mile record, the 800 meter run and hopefully become fast enough for the 400 meter.

"I've always watched other runners on TV," Leah stated. Maybe someday we will be watching her on TV! Nothing is impossible for this up and coming track star! Her hard work and dedication will lead her anywhere. Good luck Leah!

Eight seniors perform to the song "Addicted to Love."

Kelly Van Wagner struts her stuff in the senior class shuffle.

"Quiz Bowl," a game show featuring THS students vs faculty.

Class Night Live

Class Night 1986 went over quite smoothly this year with the theme "Battle of the Channels." Skits were centered around TV shows and characters. Kathy Bakus and Meg Phelan "crashed out" on giant bean bags and switched from channel to channel. On channel 1 there was a "Quiz Bowl," a bout between the teachers and the students. Showing on channel 3 was the "Senior Class Shuffle," and on channel 6 there was a fashion show that featured styles of the students and administration from 1982-86. Channel 5 featured "Office Zone," taken from the "Twilight Zone." Channel 8 premiered 'Mr. Bill's Neighborhood," a take-off from "Mr. Roger's Neighborhood."

The Solid Gold Dancers performed to the hit song "Addicted to Love." We also tuned in to the "Academy Funny Awards" every now and then.

Poems were read by Andy Hella, Lori Brooks, and Polly Neilson. Mr. Gross was presented a pen and pencil set and Mrs. Kinnard was presented with a gold watch in appreciation for the time and effort she put forth. Due to the fact that our slides were not returned when they were supposed to be, the evening ended with a simple Senior Farewell song taken from "So Long, Farewell" from "The Sound of Music." Afterwards, the class song, "Free Bird," by Lynyrd Skynyrd was played as everyone got in their hugs, kisses, and "I'll miss you's."

As Mrs. Kinnard said, this was one of the most creative, appealing, and original class nights ever

at THS.

Commencement

June 1, 1986 was a beautiful sunny day. Indian Stadium was filled with proud friends and family of the graduating Class of 1986.

The graduates walked in with smiling faces, two by two. The girls wore silver grey robes and carried white roses. The boys wore maroon robes and wore white roses.

Beginning the ceremony, Reverend Clarence Hanson gave the invocation and then Sue Roberts presented her salutatory speech.

Mr. Lacny presented awards to individual students and then turned the stage over to Rod Dotson, Valedictorian. Rod gave his speech and wished his fellow graduates good luck.

Finally the moment the graduates had been waiting for had arrived!

Sally Lemanski, Melissa Lee, and Sue Lazarz are quite nervous.

DeLynne Elwartowski and Patty Duhan, happy graduates.

The male graduates prepare to be awarded their diplomas.

Debi Bailey, anxious graduate.

Here comes the Class of '86!

Mr. Graham helps Chris Ashbaugh with his flower.

John Foster receives his diploma.

Steve Henry received the Samuel Brooks award.

Orison Swett Marden

History of the Class of 1986

At last, here we were, starting the 82-83 school year in high school as freshmen, a population of 247 students filled with excitement, fear, and anticipation. Unfortunately, the millage was defeated and we were thinking there wasn't going to be a lot to look forward to. We had no class advisor, so we looked to our class officers to lead us. They were: President — Chris Napieralski; Vice President — Kim McCann; Secretary — Dan Castorena; Treasurer — Jenny Ross.

Homecoming was replaced with Oktoberfest. Many of the usual traditions were followed. Lisa Nelson was elected to represent our class in the Queen's Court. We had a flag football game that consisted of Indians vs. Indians. Then in walked "Show The Kids We Care," a parent support group that raised enough money to

reinstate sports and clubs for the rest of the year.

Going into the 83-84 year, 242 of us became sophomores. Mr. Gross took the position of our class advisor. The class offficers were: President — Jason Carter; Vice President — Kim McCann; Secretary — Diana Lawrence; Treasurer — Kelly Feldkamp. Homecoming returned this year and the theme was comic strips. Instead of floats, each class got together and decorated their own car. Our car came in first place with the character B.C., "Let's B.C. rious and Win." Sally Lemanski represented our class in the Queen's Court. Mrs. Gunder was responsible for a new tradition, TICWSS. This stands for Tecumseh Indians Celebrate Winter Sports Season. It was a lot like Homecoming. We had a bonfire during the week. Mike Penney was chosen to

be on the King's Court.

At the beginning of the 84-85 school year, 227 of us became Juniors. We knew we were halfway through, but had many responsibilities upon us. Mr. Gross continued as our class advisor. The class officers were: President — Jason Carter; Vice President — Angie Dinkins; Secretary — Diana Lawrence; Treasurer — Todd Bryden. Our first big project was the magazine sale. We sold a whopping \$11,000 dollars worth. At Homecoming, the classes competed in the powderpuff football game. We placed second! The Homecoming theme was commercials and the Class of "86" gave THS a "Hawiian Punch." At the pep rally, we proudly pulled away the undefeated Class of "85's" tug-o-war title. Our representative in the Queen's Court was Brenda Boot. We continued the TICWSS tradition and Mike Lopez was our representative. Then came the prom. It was held in the beautifully decorated gym with the theme "Just One More Night." We ended the year happily knowing that when we returned, we would be the reigning seniors of THS.

Finally the 86-86 school year was upon us. All 221 seniors entered THS with high hopes. Mr. Gross and the class officers prepared for their final year. They were: President — Jason Carter; Vice President — Angie Dinkins; Secretary — Brian Richardson; Treasurer — Susan Neibarger. Homecoming was upon us for the last time. The theme was song titles. We captured the spirit award, our float took first place, and then the damper. After painting a perfect car, using the song "Another Brick in the Wall," we were told "no paint." Therefore we took last place. The Queen's Court consisted of Patty Duhan, Lisa Nelson, and Lisa Maynard. The queen for 1985 was Lisa Maynard. During TICWSS, the teachers had a powderpuff basketball game against the students. Senior representatives were Doug Burnside, David Whelan, and Steve Henry was crowned King.

Class Night was a huge success with a "Television — Battle of the Channels" theme. Senior skip day was May 23, 1986. Some went to the traditional Clark Lake, some went their own ways, and others had to stay in school! The class of 1987 gave us a beautiful prom with the theme "Wonderful Tonight." It was held May 21,

at Adrian College.

Finally, June 1, 1986 was here! The 205 graduates assembled on the athletic field for commencement exercises. The Class of 1986 was graduated. Not knowing what lies ahead of us, but with smiles and high hopes, we left THS carrying with us the memories of high school and the friendships we made.

Editor's Note

As the 1985-1986 school year comes to an end, THS students are filled with mixed emotions. The entire yearbook staff hopes to have captured these feelings and memories throughout the past year. The theme, "Our Family Album," was chosen to express the atmosphere of THS. Through good times and bad, we are

one big family.

I would like to thank the entire Anath staff for all their hard work and dedication. Special thanks go to the editors of each department: Jason Carter, Peggy McCarley, Melanie Jefferies, Amy Pramstaller, Beth Withrow, and Tiff Winzeler. Thanks also goes to Mr. Doug Bynum, our representative from Hunter Publishing. I would also like to thank our advisor, Mr. Beham. This was Mr. Beham's first experience as a yearbook advisor. He deserves extra special recognition for all of his many hours of help. When things were tough, his nose was right to the grindstone along with the rest of us. Lastly, I would like to thank the student body and the staff of THS for providing us with the memories and pictures contained in "Our Family Album."
