# Introduction

## Looking into to the Future

Well, I do not know about you, but I made it through the Y2K just fine. All the hype was over nothing, and the world is not spinning the other direction like some people thought it would. When the clock struck twelve my life was just the same as it had been the day before. I would have to say the year 2000 has not been bad so far.

Now that the new millennium is here we have many things to look forward to. Seniors, just think, you have your whole future ahead of you, and who knows where you will be in five years. But where ever you are, I sincerely hope you are happy in what ever you may be doing. Give me another year and I will be out in the real world with you and maybe our paths will meet again. For most of you, you will look back at high school and realize that this was the best time of your life, or at least the most carefree part.

Juniors, we are the last class to graduate from the old Tecumseh High School. We will be the last senior class to be in the original Jungle, that has set the standard for the SEC for what a student section should look like. Everyone can try, but there can only be one Jungle. One more year seems like a long time but it will be here and passed, before you even realize you missed it. Then we will be in the "real world". Are you ready for it?

Sophomores, you will be the first class graduating from the new THS. You have great things to look forward to. For one, hallways that when you walk down you will not violate five people on your way through. You will even get lockers that actually lock, and maybe you will use them. You have a couple of years before you have to know what you are going to do in your future, but do not think that is even a long time because it will be gone before you know it too.

Freshman, what can I say? Just keep doing what you have been. Out of every class in the high school today, you're going to be at the new high school the longest. It is up to you to set the standard for future classes. I have this piece of advice for you now that you know what you have to do, that is never set your goals too low no matter what you do. Always set them higher so you have something to work toward. Trust me, it will always pay off, no matter what your goal is.

Once again I wish the senior class good luck, and I hope everyone enjoys the rest of the yearbook. Many people have worked hard to put it all together.

Sincerely,  
Head Editor  
Kevin Radant

# The Jungle

## Jungle County Jail

As you walk through the gym during a pep rally or a Basketball game, "What do you hear?" The roar of the crowd thunders between the gym walls. You have heard it for years. It's a tradition at JHS. Other traditions in the Jungle would be theme nights during Basketball games and the competition games against classes during pep rallies. Everyone turned out in camouflage to support the team against Riverview. Beach night was a huge success, where many had Hawaiian leis, tropical shirts and straw hats. For the Saline game there was a blackout in the Jungle. Excitement builds as the basketball players begin their warm-ups and newspapers are distributed to the Jungle for the opposing team's starting line-up. The students display enthusiasm everytime they enter "The Jungle".

Before a game, students get Josh Fox ready to play. He was a big part of the Jungle.

"Even though we didn't have the turn outs in the Jungle as in past years, all who came had an awesome time."

Mark Ferguson

At beach night a group of Seniors show their spirit for their school. You can always count on the Seniors.

One of the many leaders of the Jungle, Brian DeJonghe leads the crowd in a cheer. The leaders of the Jungle never rested.

# Kids at Work

## Money Money

Over the grueling school days or the relaxing summer days, students have jobs to earn money. Everything that you like to do requires money. There are many activities that students do including running the cash register, making & serving food, pumping gas, and cleaning up. Places that are popular to work at for our students are Basil Boys, Kentucky Fried Chicken, Big Boy, Mobil Gas Station, Foodland, and Pamida. These jobs are what provide our students with spending money, cars, clothes, and trips. Often times these are the first working experiences for most students.

While flipping his burgers at McDonalds, Dave Crawford does a customer's order. Many students, like Dave, enjoy the money and independence that a part time job can provide.

The dynamic septuplets from K.F.C. take a break from frying their chicken to pose for a snapshot. Although the work is sometimes difficult, it's always fun to hang out with the K.F.C. crew!

Jake Vogel takes time to fill the cola cooler. Sometimes it's a tough job, but somebody's gotta do it!

Running the register is a routine job for Heather Poley. In the background, Eric Walker hands a customer a piping hot Basil Boys pizza.

# Powder Puff

## Who's Sport is it Now?

The proud coaches of the senior girls, Nate Emerson and Brian DeJonghe, hold the trophy high for all to see.

M. Schwitsch

While fighting to defend her territory, senior, Jenny Mishigan, blocks freshman, Asleigh Glano, from running toward the end zone.

B. Ingle

Running for a touchdown, sophomore, Lindsey Faiman, rushes the ball to score. Lindsey was one of the key players on her team this year.

This year's Powder Puff games were full of excitement and tons of energy. All of the girls showed their hard work and dedication toward the sport. They even impressed some of the football players, who, by the way, kept the girls psyched throughout the game with their spectacular cheerleading skills.

Even though there was a little blood shed and a few penalties during the senior-freshmen game, all of the girls showed great sportsmanship. The Class of 2000 defeated the freshmen, 6-0, breaking the seniors losing tradition of the past two years.

In the sophomore-junior game, emotions were running high. Everyone was on their toes throughout the whole game. The last few seconds of the game, juniors fumbled the ball in the end zone. Sophomores won 6-0.

In the end, seniors dominated the underclassmen and won overall. It took hard work and a few bruises to win, but they did it. They really devoted themselves this year to make their last year a year to remember.

M. Schwitsch

The senior girls rush the field to celebrate their well fought victory. This was the class of 2000's first victory.

B. Ingle

During the sophomore-junior game each girl tried her hardest to stand her ground.

# Homecoming Spirit Week

## The Attraction of Class Rivalries

The fall tradition of Homecoming in Tecumseh began on Monday the 4<sup>th</sup> of October with "Pajama Day." People were seen in their slippers, robes, and other clothes not usually seen around the hall. On Tuesday, "College Day" occurred. This was probably the second biggest day of the week for class participation. Following on Wednesday was "Flashback to the Past Day". Seniors had more points scored than most classes combined on this day. Thursday was "Big Hair Day." Greg Moll showed spirit for his Sophomore class by glueing his hair into long exotic spikes. Concluding Homecoming week was the traditional "Class T-Shirt/Colors Day." Mushroom clouds and blue "pool" camo were among the shirts that stood out, and the Seniors shirts reminded everyone to "Approach With Respect." Homecoming spirit week culminated in the pep rally that took place through the rain on the football field. The Seniors ended up winning the class competitions by finishing strong through most of the games, and taking first, as usual.

S. Marble

Proving that during homecoming, Seniors carry the spirit, Ryan Buehler and Matt Brady displayed their Indian pride by dressing in the colors of Tecumseh. Hannah Jacobson, Kristi Miller, Sara Elliott represented the rest of their class in the front row.

S. Marble

During the homecoming games, Heather Moore, Laura Furguson, Jamie Floyd, John Creswell, and Jim McDermott all work together to try to gain points for their class. This event was the greased cucumber relay.

M. Schawitsch

Turn Back the Clock Day brought back many looks seen years before our time. Dressing in an old suit, Ryan Buehler talks to Katie Neill who had her hair crimped for the day.

B. Ingle

On Class T-shirt Day, four of the many juniors were seen shortly before the pep rally wearing the Blue Camo shirts. Nicole Beil, Danessa Wolfe, Monica Flores, Natalie Beil, and Lindsay Blumhart all show off their colors.

# Homecoming Royalty Glamorous Enchantment

This year's Homecoming ceremonies were as extravagant as years past except for the sound of the pitter-patter of rain on the umbrellas, although the rain seemed to die down by half-time. When it was finally time to see who would be this year's 1999 King and Queen the crowd cheered loudly as last year's King and Queen, Lamar Rufner and Casey Hiser, drove up. You could see the excitement on the Senior girls faces as Casey made her way around the girls. Then she made her move and crowned this year's Queen, Abby Frenzen. Lamar didn't hesitate to make his move as he crowned this year's King, Nate Emerson, and all the crowd roared with excitement. The other members of the court cheered and they were Seniors: Joe Johnson, Chris McCormely, Josh Fly, Kelly Dunn, Jeny Mishigian, and Frin Spigiel, Juniors: Lacie Swartz and Ray Harmon, Sophomores: Maryanne Poprocky and Phil Sunderland, and Freshmen: Kelly Snyder and Brian Elliott. Congrats to all!

S. Marble

The much missed Grand Marshall, Ms. Fisher, smiles happily continuing this amazing JHS tradition. She is escorted by JHS graduate Lance Paul, who was thrilled to be in the parade.

S. Marble

Umbrella's were a common sight to see during the Homecoming Parade, but Sophomore representatives, Marianne Poprocky and Phillip Sunderland, made the best of the parade.

S. Marble

Giving her the jacket off his own back, Junior representative Ray Harmon didn't hesitate to offer his jacket to freezing Lacie Swartz.

S. Marble

Always a gentleman, Joe Johnson, helps Abby Frenzen stay dry.

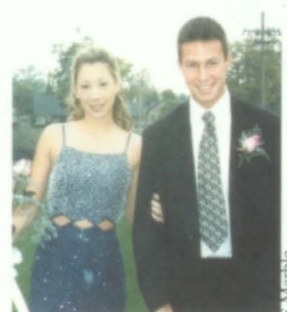

"It was an honor representing our school. It was an unforgettable experience!!"

- Senior Kelly Dunn

S. Marble

Enjoying their last Homecoming dance, Jeny Mishigian and Josh Fly, were all smiles. These are the times they will always remember.

S. Marble

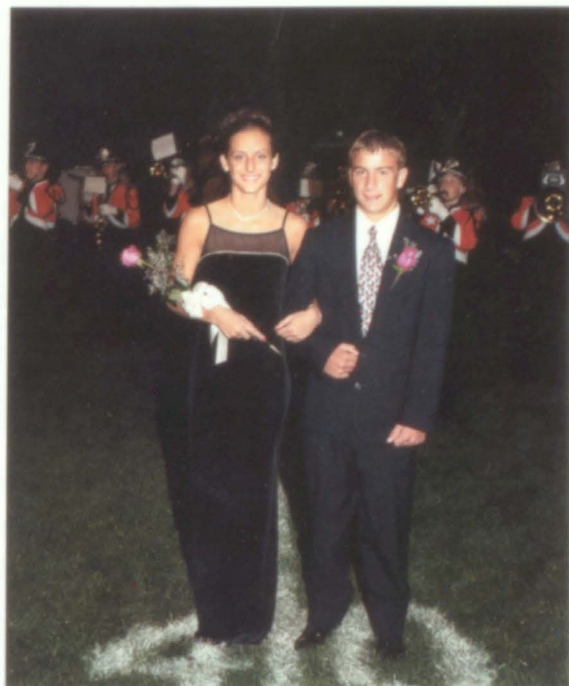

"The pep rally and parade were still fun even though the weather was terrible."

- Senior Frin Spigiel

*The smiles on their faces say it all. Here are 1999 King and Queen, Nate Emerson and Abby Frenzen.*

K. Tricky

*The Freshmen representatives, Kelly Snyder and Brian Elliott, await the crowning of King and Queen.*

*"It was so awesome. I just wanted to jump on Nate and give him a BIG HUG!!!"*

K. Tricky

*Front Row L - R: Lacie Swartz, Kelly Dunn, Abby Frenzen, Erin Spiegel, Jeny Mishigian, and Maryanne Poprocky. Back Row: Kelly Snyder, Phil Sunderland, Josh Fly, Christopher McCormely, Nate Emerson, Joe Johnson, Ray Harmon, Brian Elliott.*

*Homecoming representative, Josh Fly, gives his best smile, despite the terrible weather. He had to hold the umbrella through the whole parade and pep rally.*

# *Hello, Dolly!*

## *Voila! Hey Look, There's Dolly!*

*When you start meddling with the lives of others, usually you get a big mess, but not so with Dolly Levi. When Dolly puts her hands into anything, the end result is always the same, love.*

*With a majority of the cast veteran actors, the musical shines in the spotlight, as Dolly leads us through a wild day in the life of Horace Vandergelder, Cornelius Hackle, Barnaby Tucker, Fmengarde, Ambrose, Minnie Fay, and Irene Malloy. Even though she involves herself with match making, she confides to her deceased husband Ffram, that she is ready to join the parade of life and marry Horace. The end result of her troubles, well, as Cornelius says, "It only takes a moment, to be loved a whole life long!"*

*Mrs. Molloy, Rachel Brueckner, hopes the power of love is shining upon her when she wears "ribbons down her back this summer."*

*"Since this was the first play I've ever done, I was nervous. But everyone was cool, and it got comfortable the second day."*

*-Nate Emerson*

*Exploding with joy, the waiters, M. Brady, N. Emerson, J. Baldwin, M. Grammes, N. Bush, C. Alber, M. Chandler, B. Wilson, welcome Dolly back to the Harmonia Gardens.*

*"I ask you, ladies and gentlemen, have you ever seen such a beacon?" Dolly emphatically pleads her case to the judge, Jacob Baldwin.*

*The magic in the air as Horace, Ryan Beuhler, realizes that he truly loves Dolly, Meg Adair.*

*Scene stealing and show stopping, the waiters were one of the audiences' favorite members of the cast.*

*When the "parade passes by" not even the Statue of Liberty. Alison Roth, can resist joining the fun.*

*Dreaming of the perfect woman, Horace and the men of Yonkers sing her praises, literally!*

*Holy caboodles! Is that Barnaby, John Jobar, and Cornelius, Adam Smith, dancing or are they flying? Regardless, the stage veterans received roles tailor-made for them!*

*"Dolly will never go away again!", a most beautiful ending to what was the high school's most magical show.*

# Annie, Get Your Gun!

## The Magic of Theater at Its Best!

"Annie, Get Your Gun", JYJ's December musical, featured a magnificent cast and a magical story. Through the sorcery of theater and the talent of the cast, the audience was transported back to the 1800s in the back woods of Ohio where Annie Oakley, played by Leah Coon, was introduced to us. From the moment the audience met her, they were pulled into her whirlwind story of meeting Frank Butler, Brian Hissong, traveling around the world with Buffalo Bill's Wild West Show, and most importantly, falling in love. From hearing Annie lament in, "You Can't Get a Man With a Gun," to watching her and Frank falling in and out of love repeatedly, to the final shooting match, the cast mystified and amazed, pulling one trick after another. In the end, the story proved that love can appear anytime and anywhere. All it takes is a little magic!

There's no business like show business, especially, when you're Buffalo Bill, played by Ryan Beuhler, of Buffalo Bill's Wild West Show.

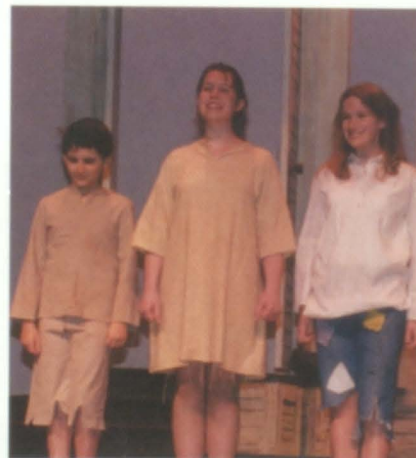

"Annie, Get Your Gun" was an incredible experience. I met so many wonderful people. I totally loved it!" Meg Wilson

There's magic in their eyes as Annie and Frank meet for the first time. Unlike their characters, Leah Coon and Brian Hissong are no strangers to the stage

The whole town turned out to see this shooting match. In it's entirety the cast numbered 40 plus.

Little Jake, Arthur Prettyman, Minnie, Sarah Emery, and Jessie, Emily Prettyman, are just "doin' what comes naturally", performing!

*"Count your sheep...", Annie, in one of her tender moments, serenades her siblings off to sleep with "a moonshine lullaby."*

*Playing Annie's adopted father and confidant, Jon Tobar brought the role of Sitting Bull to life. So convincing was he, that the audience had to wonder, was he Sitting Bull in a past life?*

*Five women and one man!? It can only be none other than Frank Butler and his "Adoring Girls", played by Meg Adair, Meg Wilson, Meredith Bytework, Lisa Collar, and Alison Roth.*

*"There's no business like show business!" as the dance crew knows first hand. Although facing a number of injuries and last minute changes in routines, they performed spectacularly, adding more splash and color to an already wonderful show.*

*There was no shortage of men for this musical, they came out in abundance. Although, one has to wonder how they were "roped" into doing it?*

# JWCSS

## Winter Sports Spectacular

*This year's annual JWCSS week was devoted to celebrating the sports of our school. The student council organized the dress up days, while the Tecumseh High School cheerleaders organized the pep rally games. Mr. Gilmore organized the 3-on-3-basketball tournament.*

*The beginning of spirit week was started off with pajama day. Many walked into classes with robes, goofy slippers, or wearing their pajamas. The next few days students came to class in beach clothes and on another day students came dressed as a person from occupations such as doctors. On the third day people came in camo and a few juniors sported their old sophomore class shirts. The last day of spirit week was toga day. Many came in togas which they attempted to figure out how to properly make them.*

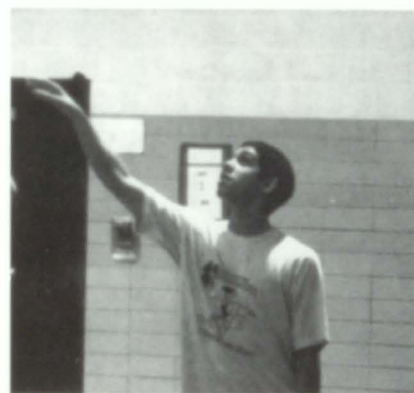

*During costume day, Ryan Buehler showed off his spirit by wearing a dress. Many were amused by his costume.*

S. Marble

*At the second annual "Mr. Pretty Legs" contest Ryan Bagby gets the honor of being announced the winner. Here you see Leah Androvic getting Ryan up to give him his "Mr. Pretty Legs" sash.*

K. Radant

*Setting up for the rebound is Javier Arana at the always exciting 3-on-3-tournament.*

J. Nelson

*The first spirit day provided participation from all classes. From the senior class, Kelly Flanders, Kim Zibbell, Rachel Brueckner, and Sara Elliott turned out in their pajamas to support their class.*

K. Radant

*Josh Silberhorn gets ready to school Steve Gruber during the 3-on-3-basketball tournament. Later on the Basse Line Bombsquad would win the tournament.*

S. Marble

*The first ever winning cart in the new class competition was the Juniors LUCKY cart. It was constructed to look like a Pirate ship. To go along with the luck theme a leprechaun was added. The cart led in the Junior representatives, Danessa Wolfe and Corey Steele.*

K. Radant

*Twinkie pushes the Senior cart to the center of the basketball court to set up for their little catapult. The Seniors started to throw some of their old class shirts to the underclassmen.*

K. Radant

*The Freshmen very unique JEWSS cart was based on the "fall into the gap theme." The Freshmen cart came second to the Juniors LUCKY cart.*

# JTCWSS Royalty

## Winter Elegance

JTC held this year's JTCWSS on February 11th. JTCWSS was a fun-filled week with many exciting events. The most exciting event by far, was waiting to see who would be crowned the new JTCWSS King and Queen. The senior girl representatives were Sarah Driessche, Meghan Schawitsch, Crystal Paiva, and Kelly Flanders. The male reps were Joel Whelan, Joel Church, Ryan Bagby, and Bob Brunetz. The Freshman class was represented by Greg Dailey, and Leigh Rhodaburger, Sophomores were Nate Weirich, and Jenny Brown, and the Juniors were Cory Steele and Danessa Wolfe.

Once the buzzer rang to end the second quarter, all of the representatives walked onto the court, being ever so careful not to trip and fall in front of the hundreds who were watching. Then out came last years King, Kevin Phillips, who was filling in for Ryan Hoover, and he walked up to Joel Whelan and placed the crown on his head. Then, Carrie Clute, last year's Queen, slowly circled around each one of the senior girls. Finally, she stopped behind Kelly Flanders and crowned her queen. Then, King Whelan and Queen Flanders met at center court. It was there that everyone got to take a good look at the 1999 Homecoming King and Queen.

Front Row L-R: J. Brown, D. Wolfe, S. Driessche, M. Schawitsch, K. Flanders, C. Paiva, L. Rhodaburger. Second Row: N. Weirich, C. Steele, J. Whelan, R. Bagby, B. Brunetz, J. Church, G. Dailey.

While full of joy, Kelly Flanders and Joel Whelan smile shortly after being crowned Queen and King.

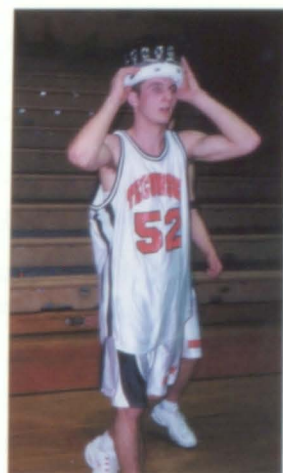

K. Randant

*Senior Reps, Meghan Schawitsch and Ryan Bagby, both await the crowning.*

K. Randant

*And the 1999 Homecoming Queen is... Kelly Flanders. Carrie Clute places the crown on Kelly as Bob Brunetz witnesses it.*

K. Randant

*Basketball uniform and all, Joel Whelen walks away with the crown.*

K. Randant

*The senior girl representatives group together for moral support before going into the gym.*

K. Randant

*All decked out in suits and ties, Bob Brunetz and Ryan Bagby, stand proud.*

K. Randant

*Leigh Rhodaburger and Greg Dailey proudly represent their freshman class.*

K. Randant

*Good buds, Crystal Piava and Sarah Driessche, share a moment during the JFCWSS celebration.*

# Pep Rallies

## The Magic Behind the Jungle

If there is one thing that gets the Jungle more pumped up than anything else, it would definitely be JHS Pep Rallies. The Cheerleaders cheer, classes yell, the flag is waved, and athletes get ready for victories. Pep rallies are also a time to get a little break from class, and to have a little fun. Varsity cheerleaders are in charge of the pep rallies, leading everyone in games, and cheers.

Watching basketball players slam dunk and football players run around and huddle weren't the only reason for pep rallies. The pep rallies were a way to bring the student body together. Truly the motivation behind JHS' spirit and energy were the pep rallies!

Flying through the air, senior Josh Fly, dunks a shot. Josh has been a member of the varsity team for three years.

It was game day, and Joel Church, along with other captains Brian DeJonghe, Eric Harris, and Joel Whelan, and Coach Schmidt pump up the student body.

S. Marble

As a new member to the cheerleading squad, Jay Majeske, does a wonderful "chair" stunt with flyer Abby Frenzen.

B. Ingle

Passing a ball without using your hands has never seemed this hard. In the end the Sophomore class passed it the fastest.

C. Knott

The cheerleaders had a few extra members when the girls Varsity Basketball team joined them. They wowed us all with cheers, and a dance.

W. Tran

Putting the ball in motion is senior Cory Sattler. Pep rallies were a time when the team could do a little "showing off".

# JHS Dances Rocked!

## Jungle Boogie

Homecoming queen nominee, Jeny Mishigian, and Josh Fox show off their dancing moves.

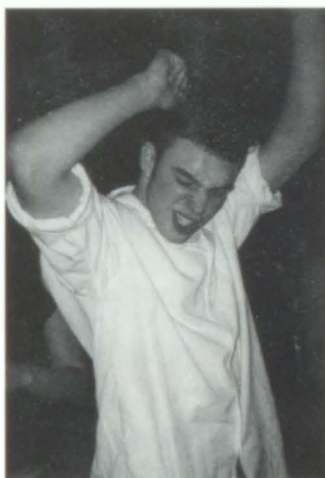

If you've never attended a JHS dance then you don't know what you're missing. After Friday home games (Varsity Football, and Basketball), students are more than psyched to go and shake and groove their thang. This is the time when students can go and enjoy the rest of their night by relaxing, dancing, and just having a great time with their friends.

Each dance that was held was a little different from the last. Some dances revolved around a huge circle with dancing in the middle. People jumped, jived, and wailed, and some boot scoot and boogied. No matter what music was played the students of JHS found some way to enjoy themselves and have a great time!

S. Marble

When dances get hot, there's always the back of the cafeteria to cool off. A group of girls stand back and chill out for a little bit before going back on the dance floor.

Getting jiggy with it, is Feith Killy. He tore up the dance floor at many of the dances.

H. Jacobsen

The JFWSS dance was centered around king Joel Whelen, and queen Kelly Flanders.

N. Grandmason

Everyone loves a line dance. Chryste Knorr and Kristin Daly groove boot scoot and boogie as onlookers watch in envy.

"This year had many memorable moments. I'm going to miss the dances, and friends next year."

Erin Spigiel

S. Marble

Before anyone is allowed to enter the dance, you have to pay. Ryan Wimple and Ed Hunt hand over their dough to Mr. Ferwerda.

# Holiday Dance

## Millennium Snow Ball

The pulsing of drums and music filled the gym while the sounds of a small orchestra filled the cafeteria. The sounds of students laughing, giggling, and cameras flashing lingered in the air as people passed between the glimmering gym and cafeteria at the Millennium Snow Ball. Many crowded to the gym to groove to the sounds of the D.J., where couples and friends gathered in front of the speakers to request the songs they wanted to remember. Others mingled in the mellow atmosphere of the cafeteria as candles helped to illuminate the room while the ice sculpture finished off the refreshment table as its center piece.

A crowd of decked-out guys take a break from the high-energy dance floor to get a group picture. Even without their dates, the guys were having fun!

S. Marble

Winter-colored balloons tumbled from the rafters in a mystical rain. The shower took place around midnight, just as the party was picking up.

S. Marble

These two exchange students learn what dances are like here in America. Apparently, they are both quick learners!

S. Marble / W. Tran

*A giant 2000 stood at the entrance to the sparkling wonderland of the dance floor. Two girls posed between the zeroes of the towering numerals on their way to join the crowd pulsing inside.*

*Serious or silly? Either way, these two "men in black" take a moment to reflect on the night's events.*

*Two friends spent the magical evening together. After sharing a dance, they made the memory count by smiling.*

*Dancing was the highlight of the evening. Songs shared with special people created memories to last a lifetime.*

*Crowds gathered on the dance floor as the D.J. pounded out music. The floor was densely populated from the first through the last songs.*

# Extreme Sports

## A New View on Free Time

Contrary to popular belief, there is more to high school life than just going to school. All kinds of people find different things to do, but would you ever consider an extreme sport? If you were to ask some of the self-proclaimed 'insane' from school, the answer would be "yes", and without a doubt. Outside of school, these individuals can be found at motocross race tracks or in Ann Arbor on the University of Michigan Diag. These people perform awesome stunts; they are really something to see. When you watch a basketball or football game there is excitement, but when you see someone grind a rail or jump a dirt bike it is enough to take your breath away.

"The difference between first and second is desire." With an outstanding desire to win, Joe Johnson makes a hobby of not only the sport, but also of bringing home top-ranking trophies.

"You must always push the limits, because if you never fail, you will never succeed."

Joe Johnson

J. LaRocque

The defiant jumps in every race are all in a day's work. The only other element besides bikes and dirt in dirt bike racing is air - catching it, that is.

W. Tran

Ann Arbor is one of the places Mike Clayton and Pierce Doerr love to practice. Skateboarding is just one of their many talents.

*Mike Clayton displays his ability to balance on his board. Mike and his skating have been said to be... "Da Bomb."*

J. LaRocque

*Sticking with his nickname, 'Jumpin' Joe Johnson, he takes a double. Fans and fellow riders alike, are always captivated by Joe's talent.*

W. Tran

*Taking a leap into the air, Pierce Doerr shows off his skills. Pierce is a very talented skateboarder who isn't afraid of anything.*

W. Tran

*Quickness and footing are two important components of skateboarding. Mike Clayton shows how it is done.*

## William Richard Wells Will Always be Remembered:

By: Monica Ewing

Known to most simply as Bill, he was the kind of guy who made you laugh and feel good. Bill was the typical THS student; he showed his school spirit at Homecoming, and held an after-school job at Boomers. No matter where he was or what he was doing, Bill's happy-go-lucky personality brought smiles and laughter to all who knew him.

Bill was diagnosed with leukemia in October of 1999, friends and co-workers were shocked that something so serious could affect a wonderful person like Bill. The school pulled together to urge Bill a speedy recovery. Students wrote get well cards and collected many donations for the Well's family. Throughout the ordeal, Bill kept his spirits up and continued to make those who visited him at Mott's Children Hospital laugh. Teachers and family stayed with him as much as possible to keep him company.

Bill will always be remembered by his family and his classmates. People will remember how nice he was and that he always made everyone feel better.

Bill was the type of person who listened to hard music like Stone Temple Pilots and Metallica. He enjoyed going to movies with friends and lifting weights. These are all moments people will remember sharing with Bill.

From a baby to a mature  
young lady, the years were  
too short. As you go on to  
this next journey of your  
life, may you have happi-  
ness and success in every-  
thing you do. We have al-  
ways been proud of you  
and love you very much.  
**Love, Dad and Mom**

**Kellie,**  
Keep your faith strong in God. He has blessed you  
with so much!  
Always use it well!! We are so proud of the young  
woman you have grown to be!

**We love you..... Mom & Dad**

## Ryan Congratulations!

"Best of everything in your future."

WE love you LOTS!!  
Mom, Dad, Catherine, and  
Valerie

"Be happy!"

"Keep smiling!"

"Reach for the stars!"

"There is no limit to what you can do. We wish the best for you now and always."

Love,  
Dad and  
Mom

Heidi,

"Your future is as Bright  
as your smile; you're our joy!"

LOVE,  
Dad, Mom, Grant, and Mike

From the day I brought  
you home, I've been  
proud of you!

"You light up my life"

I LOVE YOU,  
MOM

**Melissa,**

**Congatulations** on your first step into your future. Continue to follow your dreams and they will come true.

**We Love You!!  
Mom and Dad**

**"You are the best brother, son, and grandson anyone could ever hope for. We wish you the best in all you do."**

**Love,  
Megan, Mom,  
and Grandma**

**Congratulations, Joe!**

**We are very proud of you! You have given your very best, and you deserve the best that life has to offer. May all your dreams come true.**

**Love,**

**Mom, Dad, Bart, and John**

**Dear Elicia,**  
As you gaze into the evening sky,  
Behold its Greatness. Each star is  
your future. Reach for them! May  
God bless you and keep you safe  
on your journey.

**With Love,  
Mom, Gary and  
Girls**

## **Amaris Cecilia Arana**

As you follow your dream, we ask  
the Lord to bless you with wisdom,  
knowledge, understanding, and  
happiness in everything you choose  
to do. We are very proud of you!

**Love,  
Poppi, Mami,  
Francisco,  
Javier, and  
Marisol**

## **Congratulations "Pretty"!**

**Meg & Tim,  
Good Friends...  
Good Times...  
Good Luck in  
all of your new  
adventures!  
We Love You,  
The Moms &  
Dads**

**Mark,  
You have made me  
proud! Congratulations...  
you made it!**

**Love,  
Mom**

**Congratulations Andrew!**  
We are proud of you not only for your academic achievements, but for your kind and caring ways. You will always be a blessing to us.

**Love,  
Mom,Dad & Ford**

**Julia,**  
Congratulations on all your accomplishments. THS will never be the same without you. Good Luck in all your future plans & on the road to success. We Love You!

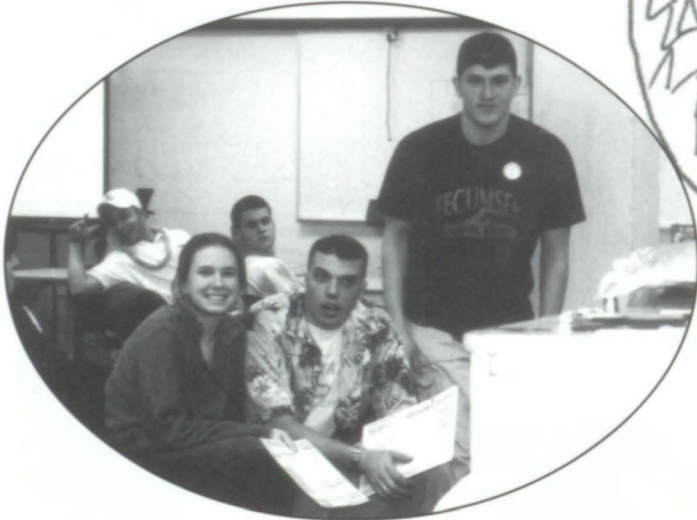

**Kimberly,**

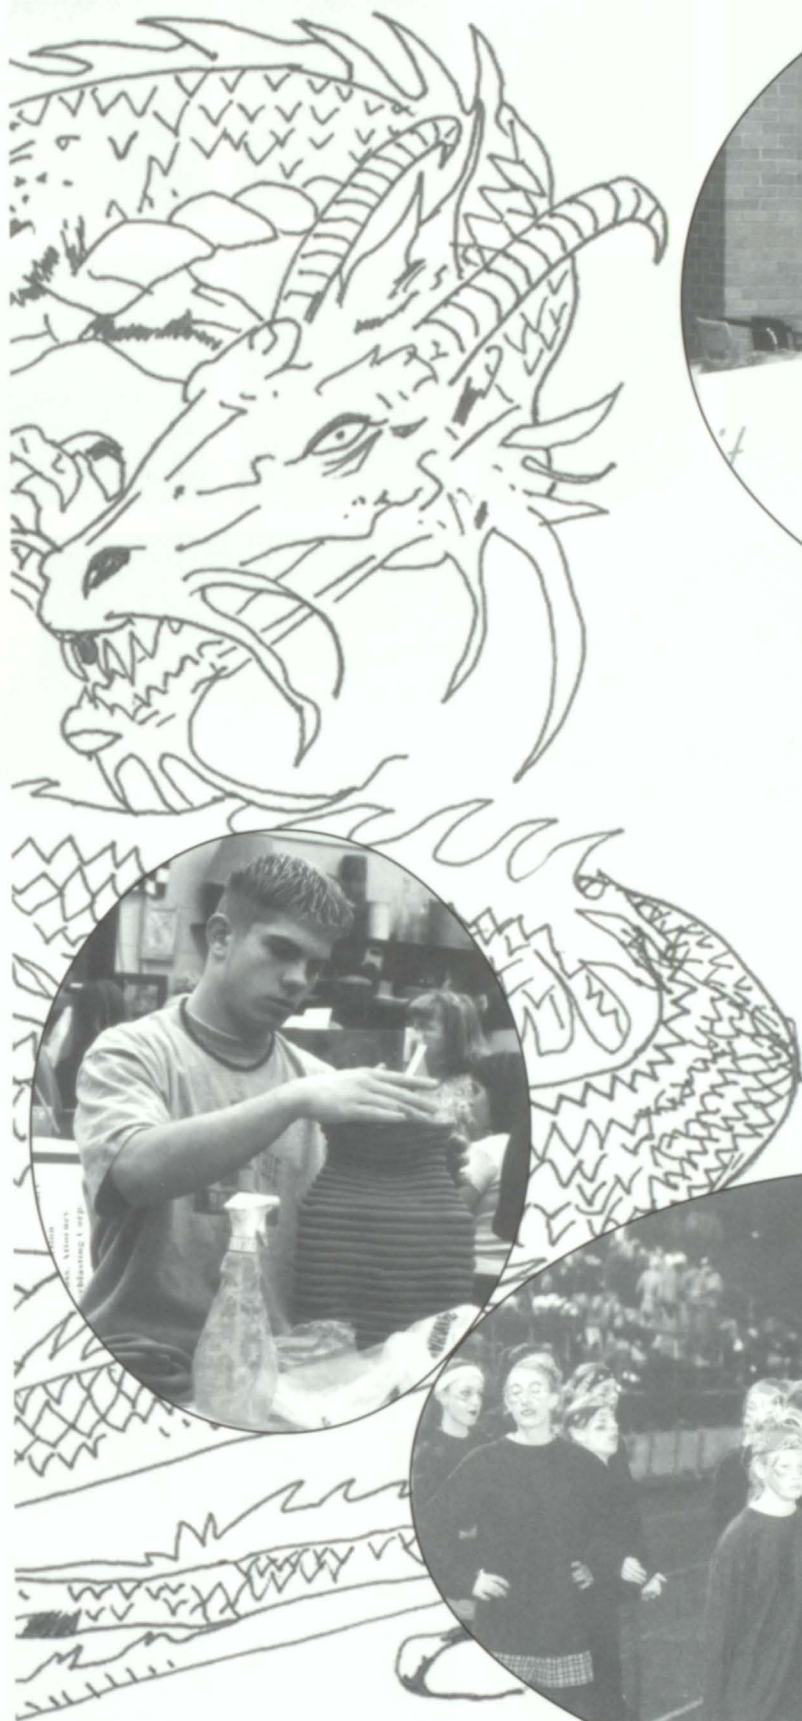

You knew what you wanted then, and got it. You know what you want now, go and get it. Although you have kept the bank account at a "zero" balance (ha, ha), we are all proud of you and love you.

**Mom, Dad,  
Heidi, Andrew**

Aside from his commitment to the National Honor Society, Jungle Committee, Youth Group at the First Presbyterian Church of Tecumseh, Student Council, and Boys State. Ed was also an honorary member of the Communities in Schools Program at THS. Along with maintaining a 4.045 GPA, he participated in numerous athletic endeavors, including Varsity Golf, JV and Varsity Soccer, and Varsity Track. Edward was selected as a candidate for the SEC All-Academic Team and as a MHSAA Scholar/Athlete State Finalist. His leadership and perseverance were what enabled Edward to receive recognition by Tecumseh's Annual Academic Excellence Awards in the fields of: Mathematics, Drafting, Science, Social Studies, and English. He has also received two

Student of the Month awards for Science and Industrial Tech. In the coming year, Edward plans to attend Michigan State University where he will pursue an Engineering major.

Kimberly is the daughter of Bradley and Pamela Zibbell. She was active in Winner's Circle, French Club, National Art Honor Society, Art Club (as secretary, Vice-President and President), Student Council, SADD, National Honor Society as treasurer, Adrian Dance and while maintaining a 4.02 GPA. Kim was also very active in the Business Professionals of America, where she placed second at Regional and seventh in State competition for Medical Concepts. Outstanding achievements and a caring nature lead Kim to be selected as the 1997-1998 H.O.B.Y. Representative for Tecumseh. In her memorable years at THS, Kim received awards for academic achievement in several fields, including: Chemistry, U.S. History, Drawing, English 10CP, Health, Art & Design, French 1, Integrated Math 1, IQP-9 Science, IQP-9 English, IQP-9 Integrated Awards, and Kiwanis Senior of the Month. Her work was also displayed and accredited in the Michigan Youth Arts Festival. In the fall, Kim plans to attend Central Michigan University and major in the Pre-Health Profession.

Jennifer is the daughter of Stephen and Shirley Dalton. Jennifer was an active member of the National Honor Society, National Math Honor Society, Winner's Circle, and Spanish Club. She was also a member of the Quiz Bowl team, which reigned as league champions in the 1999-2000 season. In addition to her 4.22 GPA and numerous academic achievements, Jennifer was a member of the Varsity Soccer team, the Ann Arbor Arsenal Soccer Club, the Saline Extreme Soccer Club, and Tecumseh's Indoor Track team. Jennifer has received many of Tecumseh's departmental awards, including: Biology, Spanish 1,2 and 3, Int. Math 2 and 4, Computer Skills, English 9CP, 10CP, and 11CP English, Chemistry, Civinomics, AP Chemistry, AP Biology, and AP Calculus. She was also presented with Student of the Month awards in Biology, Chemistry, English 11CP, AP Chemistry, and Anatomy and Physiology. Jennifer's leadership and integrity have led her to be selected as a National Merit Commended Scholar, a Girl's State alumna, and a National Youth Leadership Forum participant. In the coming year, Jennifer will attend Purdue University where she plans pursue a major in Veterinary Medicine.

# Women's Concert Choir

## Singing into the New Millennium

Women's Concert Choir grew in leaps and bounds although they faced several hardships. Dealing with the multiple changes of instructors, Women's Concert Choir proved they could deliver a remarkable performance despite the numerous alterations of their group. They performed at Dawson Auditorium, during seminar for the high school, with the eighth grade choir, and at Collage. The songs of their repertoire included "Celtic Gloria", "Candlelight Canon", "O Holy Night", "Silent Night" and "Scarborough Fair". They also mastered choreography for "High Hopes" and "Build Me Up Buttercup" which enhanced their wonderful sound.

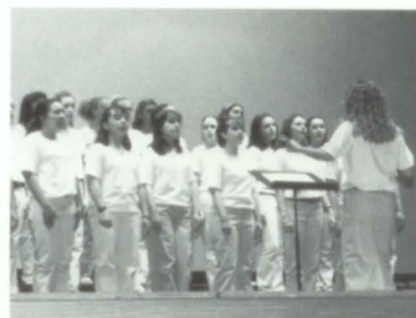

"This year has been tough, considering we have gone through so many subs. I think we have done pretty good." Nikki Wood

Before class started, freshman, Jennifer Fossen, showed her beautiful smile. She loves singing in women's concert choir.

This choir worked very hard this year to achieve all the goals they had set at the beginning of the first semester. Mrs. Rostlin also worked hard to make them the best that they could be.

# Company

## The Magic of Song and Dance!

Considered the elite of JHS' choirs, Company is truly the cream of the crop. With auditions every year, Company is a highly desired and competitive group to enter into, but the hard work and talent pay off. This year was no exception! The Company worked hard and was very dedicated to improving their sound, along with showing why Company was very highly desired.

Best buddies, Mrs. Andre and Josh Fox, play and sing together. This shows how much of a family the Company was.

With voices raised in harmony, the Company entertains and entrances during their Christmas concert for the high school.

# Musinc

## Learning "Together"

*This year was a first for Tecumseh High School's men and women's choir, the premiere of Musinc. Musinc was made up of 49 students. The class was divided into 3 sections, alto, bass, and soprano. This particular class was made up of only freshmen.*

*This year's great success was due to the teaching of Mrs. Andre and her helpers. Alex Nelson helped choreograph one of their best performances, "Wild Wild West"! The class worked long and hard to learn the dance and put forth their best performance. Another great performance was "An Elegant Evening of Song" performed at Dawson's Auditorium on Dec. 18, 1999. Musinc wrapped up their first year at the high school with a very successful performance.*

*"This was a fun year. I loved learning the dance that Alex Nelson taught us to Wild Wild West."*

*Showing how they can move, Musinc gets into the spirit of things. Anita Jobar and Shana Stratton show their particular interest in this activity.*

*This choir has daily warm-ups that they do every time they meet. Here are students preparing to sing.*

## Associates Singing Magic

*This year Tecumseh High School welcomed two new choirs into the music department. One of those choirs was The Associates. This particular choir was made up of 51 singers. The Associates was a co-ed choir made up of Freshmen through Seniors. Throughout the year The Associates performed several concerts. They were all very successful. One of their best performances was "An Elegant Night of Song", performed at the Dawson Auditorium in Adrian.*

*Front Row: L. R. N. Grandmason, N. Bell, C. Miller, Mrs. Andre, S. Norworthy, V. Hurdey, M. Willson. Second Row: F. Prettyman, K. Sherwood, D. Wild, A. Cargill, K. Ingle, L. Glenn, M. Kenward, S. # Journalism

## Publishing THS' News

*Hard work and dedication pay off. Helping people with computers was second nature to Forrest.*

*JH& is a microcosm of society, much like what is outside its brick walls. Events happen daily in every society and it is a responsibility of someone to relay and inform people of events that shape and mold their lives. This responsibility is accepted by those who take Journalism at JH&, to report and investigate news that affects Tecumseh High School's student body.*

*The Holiday Dance, our sporting team's results, national news, and the latest talk in the hallway, are just a fraction of what is reported to JH&' student body through the Tomahawk. Students see only the finished product of hours of writing, revising, ads selling, and typing in each edition of the Tomahawk. The work is not completed without reward. After publishing a paper, the Journalism students are rewarded for their hard work not only with the satisfaction of an accomplished paper, but by doughnuts.*

# Yearbook

## Creating the Magic

Yearbook is not all fun and games as some people may think. It takes a great deal of hard work and dedication to produce a good yearbook. There are many long hours spent making the marvelous masterpiece called a yearbook. Each and every student must put all of their effort toward their assigned pages and make sure they are done on time. This year's class did an awesome job on their assignments and did the best they possibly could. In order to fund the making and production of the yearbook, the class sold ads, held a bottle drive, and presented a Beaux Arts Ball. All were very successful and made it possible for the students to be able to cherish a wonderful yearbook. Good job yearbook staff!

Head editor, Kevin Radant, chose to take a quick nap on the way to the yearly yearbook convention the class attends. After all his work this year he deserves a break.

# Tecumseh Marching Band

## Marching into the New Millennium

The 1999-2000 Tecumseh High School Shooting Stars Marching Band, S.S.M.B. for short, had yet another exciting season last fall. Performing in five home games, four parades, the Lenawee County Band Festival and for students at the Milton C. Porter Center, was not an easy task by any means. However, after a grueling week at Band Camp, these millennium marchers were completely prepared.

The theme of this season's show was, "A Prehistoric Half-Time", and included such momentous numbers as "Land Before Time", "The Flintstones", "Prehistoric Opener", and the unique stylings of Drumline director, Ben Winters' "FLTS", a percussion feature. The band achieved much this year and has left their audiences eagerly anticipating what is yet to come.

"This was a very exciting marching season that was full of changes."  
- Mr. Jimmie Rice

S. Marble

In a rare moment, Mr. Rice is calmly waiting for halftime to begin. The tense seconds before a show starts is the best time to reflect on all the hard work that makes it all possible.

S. Marble

In their shining moment, the Colorguard gals rock with the Flintstones. Their glitz and glam really sparked up the show!

S. Marble

Whoever thought our band was this big? Senior field commander Joanne Eversden leads the band through their "Prehistoric" half-time show.

Taking a break from band camp... Beth Richmond, Emily Ellis, and Kyle Winters chill for a minute or two.

S. Marble

*At the final game, Drumline treats the audience to an exuberant performance of "GCTB". This was but one of the many exciting performances this year.*

S. Marble

*First and ten, do it again! The band eagerly awaits kick off so they can begin their cheers.*

S. Marble

*Who cares if it rains on our parade?!?! Even though the weather wasn't the greatest, the band kept the homecoming parade bright by enthusiastically participating.*

S. Marble

*1..2..3..4.. How long can Junior Field Commander, Kevin Radant, keep up tempo? In the '99-'00 season, he never lost a beat! Good Job!*

*Jimmie Rice looks on as Field Commanders, Kevin Radant and Joanne Fversden, watch the game. The Field Commanders kept the crowd on their toes with spirit cheers and magical music.*

# Pep Band

## Making the Magic of Sound

The most spirited group in the music department is definitely the Pep Band. At every home Varsity Basketball game and spirit assembly the Pep Band keeps the Jungle alive and ablaze with raucous cheers. The Pep Band shows enthusiasm while they perform energetic music, including the well known "Eye of the Tiger" and "Final Countdown". The band jumps and jives to keep the Jungle beat flowing and the players in winning spirits.

"This was a really great year... and it was fun, too!"

- J. Marquis

C. Knorr

When are they gonna get here?  
I really want to blow my own  
horn!! Trombonists, F.  
Beckey and C. Johnson, ea-  
gerly await the student body.

C. Knorr

Gimmee some of that Big Band Sound Fellas! The Pep band members gave their all at every home game and pep rally.

It's a hard job, but somebody's gotta do it. Freshman member, Kat Whicker, hauled her heavy tuba up the bleachers at every game.

# Jazz Band

## The Sultans of Swing

*Look at the leading men with "sax" appeal. M. Grammes, A. Brighton, and K. Radant really know how to give an audience what they want.*

*The Tecumseh Jazz Band had many outstanding performances throughout the year. In their 1999-2000 season, the jazz band played many magical numbers including "Festival", "Sing, Sing, Sing", and "April in Paris." Their performances have not been limited to the realms of the school, rather they included two elementary schools, district and regional festivals, and jazz ensembles at the Civic Auditorium. They also performed a special set at the band banquet in May 2000.*

*This year was not only an exceptional performance season for JHS jazz, it was also a time of change. This was the first year that jazz was added to the curriculum and recognized as a credited course. Although many of the jam sessions took place after school, the band gained membership and strength. The jazz band practiced hard to give the school and community a "really big show".*

*Ya know it's gotta be all about de music mon! Director, Jimmie "Rasta Man" Rice, shows the lighter side of his repertoire to students. Although he tells many of his notoriously corny jokes at practice, the jazzers are not easily detoured from their music..*

A. Roth

*"The band has really grown this year, in part because it's now a class... We sound great!"*  
- Pierce Doerr

*Here are the marvelous musicians and all that jazz. At one of their many extracurricular performances, the jazzers entertained students and the staff of Herrick Park Elementary.*

# Concert Band

## The Formal Side of the Millennium

The 1999-2000 Concert Band had an incredible season. Playing music including pieces, "Novena", "Prelude Chorale", "March Of The Royal Guard", and "Pyramids". The band played all songs with feeling and enthusiasm. The Concert Band played at four different performances; the Holiday Concert, Spring Concert and Collage Concert at the Civic Auditorium and District Festival, which was held at Hillsdale. All performances were a success, especially Districts, where they received an overall rating of 2. Mr. Rices' and Mr. Bough's great enthusiasm for music, helped the students perform their best. Great job Concert Band!

1 and 2, 3, 4... Come on Guys! You can do it! Mr. Bough encourages the concert band students while he conducts a new piece.

# Symphonic Band

## Letting the Tunes Roll Out

Jecumseh's 1999-2000 Symphonic Band shows off the more formal side of music. Playing wonderful music makes everyone want to come and hear the band perform. The band performed five different times this year. They performed at the Holiday Assembly for their teachers and peers. Another Holiday Concert was performed by the Symphony Band that was open to the community. Both events were held at the Civic Auditorium. They played, "The Night Before Christmas," with Mr. Harsh reciting the story while the band played. Other performances included the District Festival at Hillsdale, where the band received an overall one rating. The Spring and Collage Concerts were both held at the Civic Auditorium. The band also played other magical and enthusiastic music including, "Alleluia", "Bohemian Rhapsody" and "Sunburst". The Symphonic Band had a great 1999-2000 school year. Great job!

Kickin' out the bass, "Big Daddy," Mike Gooding, plays his solo riff in "Bohemian Rhapsody". In the more formal season, Mike plays standing string bass.

# THS Colorguard

## A Little Touch of Magic

Putting some alakazaam in this year's halftime show, was the JHS Colorguard. Under the watchful eye of veteran colorguard instructor Jen Wilson, the motley crew of girls exploded into one of the best colorguards the school has seen in a long time. During Band Camp, it became clear that these girls were going to be the people to watch! From glamming it up with gold, to floating across the field with pastels, to living it up with the Flintstones, these girls were at the top of every performance, proving that all it takes is a little magic!

Illusion or feat of strength? Proving that colorguard is not all hard work, the girls take some down (?) time.

Are those statues on the field? No, it is the entire colorguard waiting to begin the Fight Song before a game.

In the spirit of showmanship, the girls salute the crowd. Half time was always ended with a tribute to the crowd.

This season everyone took their abilities a step up, to create the best colorguard I have ever had opportunity to work with.

- Atrynn Austgen

# The Drumline

## The Magic in our Style

The drumline is a very special part of the band. They practice just as hard if not harder than most people in sports practices. Instructor, Ben Winters, made us practice many drills with their drums on. They also had to rehearse every drill for each song numerous times on the football field. When the other sections got breaks, the drumline pushed their practice to the extreme practicing right through the hour breaks the rest of the band had. They proved how much could be accomplished if they stuck together, and helped each other. They lived by the motto: you're only as good as your weakest drummer.

They produced 'GLJS', Tecumseh High School's first ever drumline feature. They practiced day after day after day on that feature, individually in their sections, and all together as a line.

Just a few of us... L-R: Kris Alber, Jessica Brown, Pierce Doerr, Beth Richmond, Emily Ellis, Chandra Murphy.

A. Ausgen

Ianiv and Bob practice for the feature in one of their many sectionals. In the two seasons they played quads together, they learned so much from each other.

S. Marble

On the field, the drumline's many practices paid off. They worked together and applied every aspect of their practices to their performances.

A. Ausgen

Drumline practiced even in the coldest, rainy October weather for the feature.

E. Ellis

After performing at half time Chris Alber, Kyle Winters, Jessica Rupert, Pierce Doerr, Beth Richmond kick back and prove that drumline is not all hard work.

# Advanced Placement Classes

## Progressing Knowledge into the Millennium

To better prepare for college during high school, is a good idea to do, if you have the opportunity. Advanced Placement classes are just that opportunity. In AP classes, you can work toward college credits without actually going to college. Because they are at the college level, the classes are more difficult than regular high school classes. Also, there is more work involved, such as taking a test to get in, doing work over the summer, and usually carrying a B average. Currently, there are seven Advanced Placement classes which are: Studio Art, taught by Mrs. Isley, Biology, taught by Mrs. Ellis, Calculus, taught by Mr. Novak, English, taught by Mrs. Bowman, French, taught by Mrs. Wilson, Government and Economics, taught by Mrs. Madgwick, and Statistics, taught by Mrs. Keffer. Next year, AP Chemistry will be added to the classes for college preparation. Remember, if you are dedicated, willing to work hard, and want some college credits, Advanced Placement classes would be helpful for you.

Sharing his pottery during one of their critiques, Jacob Baldwin presents his new work of art to his Advanced Placement Art class. Happening about every two weeks, critiquing is a common thing in AP Art.

W. Tran

Teaching his Advanced Placement Calculus class, Mr. Novak answers questions about the assignment for the day. The advantage of having a small class is that Mr. Novak is able to spend more personal time with individual students.

G. Dailey

Smiling behind pieces of abstract pottery, senior, Abby Frenzen, shares her creativity with the class. The Advanced Placement Art class requires each student to put a piece of themselves into all of their work.

# Cross-Age

## Assisting the Future

*They help make a difference for the children of today, so they can make a difference for the children of tomorrow. The young adults that take this class do not get paid for their hours, or get community service credit, but they do get credit in school. The tutors put hard work into this class with the projects and field trips, and helping students. They also help students in the host program during seminar on Wednesdays.*

*Most students take this class to help them in future career plans. Some want to be teachers, care takers, own their own daycare, or even just be a good parent. Many of you may have had a cross-age tutor in elementary school who made a difference in your life. You may have been one who was selected for cross-age exchange day, that the advisor, Mrs. Sutherland, has arranged for the past eight years. This enables the kids to see what high school is all about. You may even have played a game with your little brother or sister that your tutor taught you. Whatever it was it helped you and many others and that was the goal of the cross-age tutors.*

*It's story time! Trevor Balyeat reads and enjoys a story with one of his students.*

M. Schawitsch

*Exploring creativity and helping children are what Natalie Beil likes to do. Natalie shows her second graders how to make something for their wall.*

# Vo-Tech

## Experience in Another Atmosphere

While many students are in classes at Jecumseh High, there are others leaving for Vo-Tech. This is a way for them to acquire job experience and to educate themselves in classes that are not available at the high school. Vo-tech is a place to get hands-on training while in a school atmosphere with other students from around the county. These classes, from child care to auto body repair, will in some way prove to be valuable later in life.

Vo-tech has two sessions, am. and pm. Both are filled with students from different schools. Bringing students together from different schools not only makes going to Vo-Tech more interesting, but also adds variety to every day. Vo-tech has been around for years, and most likely will continue to become even more popular, and well recognized.

# NMHS

## Mathematical Wizards

N. Eaton

Mrs. Jeffery is pleased that her members worked so hard during the monthly meetings. Several guest speakers visited this year to observe their progress.

From instructional videos to amusing games, the National Math Honor Society strides to explore new forms of mathematics and how they apply to various careers. Under the supervision of Mrs. Jeffery, the members must attend monthly meetings, attend guest speaker seminars, retain a 3.5 or better GPA in math, and participate in community service activities.

Although the community service projects are now a required element of NMHS, several members not only fulfill their quota, but exceed it simply out of kindness; "We have a really good bunch of students", notes Mrs. Jeffery.

"We would enjoy more members who enjoy math and learning new topics."

# Sports

# Varsity Football

## Who wants some???

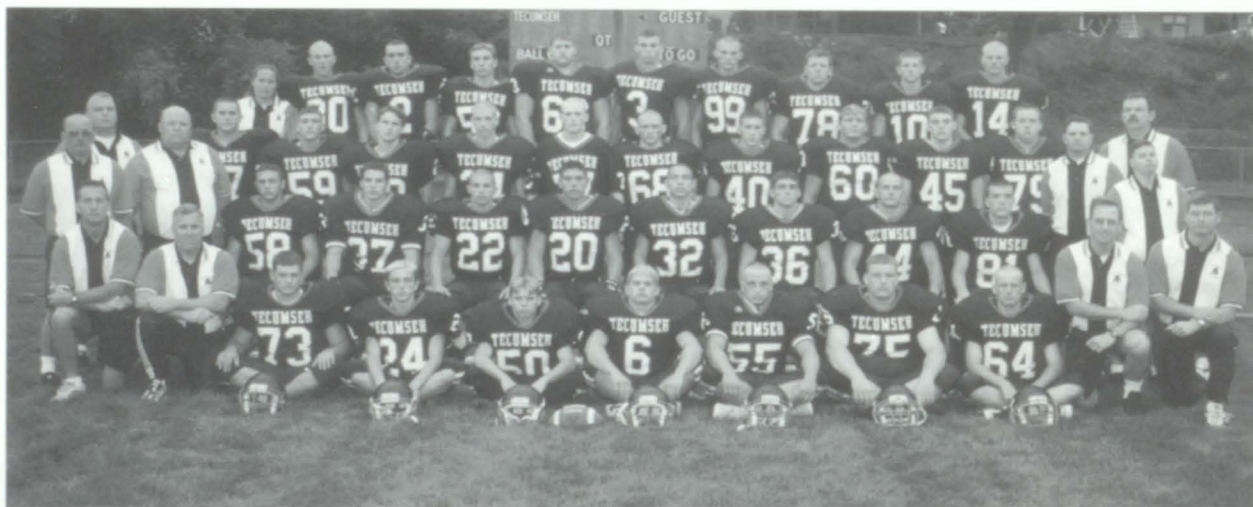

The 1999 Tecumseh Varsity Football team had an up and down year, but one thing is for sure, they all were a tight group of guys. They had great comaraderie, and played hard each and every week. Their record was 3-6. Even though they didn't make it into the playoffs, they became better as the season progressed.

When it was all said and done and the pads were hung up and put away, ten Indians made the S.F.C. All-League Team. Players on that team were: (Defense) Eric Harris 1<sup>st</sup> team, Adam Cox 2<sup>nd</sup> team, Anthony Fly Honorable Mention, Joel Whelan Honorable Mention, and Major Mobley Honorable Mention; (Offense) Dan Baker 2<sup>nd</sup> team, Brian DeJonghe Honorable Mention, Robbie Torres Honorable Mention, Josh Barnett Honorable Mention, and Aaron Schneider Honorable Mention.

The S.F.C. is one of, if not, the hardest regional conferences in Michigan. Each team provides a vast array of athletic ability. It was a great season. Nice job guys!

Coach Ondrovick was usually seen on the sidelines giving defensive plays to his team members. He was very essential when it came to defense.

## Appearing in the N-zone

The JV football team had a magical year with an impressive 4 and 5 record. Their record didn't show their true potential, yet they still played with pride. The offensive side of the ball was field by the linemen while having an impressive backfield rushing for more than 2000 yards. The defensive side of the ball played hard all year long with more than 500 tackles. This team has a true potential for winning the game but, if they want to compete next year they must stay in the weight room during the off season.

Coach Harsh said, "This team figured out early, in fact our 0-14 loss at Hillsdale, that high school football takes a lot of hard work to be successful". # Varsity and JV Football Cheerleading

## Getting a Little Bit "Rowdy"

Big changes took place for this year's football season's cheerleaders. The season began with the annual camp. Camp was held in the Jecumseh High gym instead of at the usual Central, or Western University. Twenty-five girls made up the Varsity and JV football cheerleading squads. This was a large increase from last year, but it made cheering all the more fun. Coach Jooman helped the girls discover that cheerleading is a sport and they were going to prove it. From push-ups to popping girls in mounts, these girls showed their true athletic ability.

New uniforms for the varsity squad were the reward for hard work and dedication to various fundraisers. The girls sold candles, raffled off a big, stuffed Jecumseh bear, and even held a sweep-'n'-dust at Gudz-Duz-It car wash.

Another special thing the girls did was devise a way to create a more special bond between the cheerleaders and football players. Each cheerleader had two or three "Big Brothers". Throughout the season the cheerleaders bought presents, made posters, and did other things to cheer them on. It was tough to keep it a surprise throughout the whole season. At the very last game a final gift was given to the cheerleader's "Big Brothers" and each football player found out who their "little sis" was. It was a definite success.

As the season came to an end the girls realized what a terrific season it had been. Excellent job, "Ladies"!

These Freshmen cheerleaders really get along. B. Labadea, S. Murphy, B. Hinkley, S. Veirs, and R. Johnson encourage their freshmen class during a pep rally.

Varsity cheerleaders love to support their little sisters on the JV squad. They all sit in the stands and cheer.

N. Grandmason

These girls just love to smile. Of course, they are cheerleaders. Kari Pilbeam, Emilee Kirby, and Rachel Johnson, squeeze in for one last picture before the end of the season.

C. Knorr

After loads of support for their "Big Brothers" the football players showed their appreciation by giving a flower for each of their little sisters. The JV squad carried them in the Homecoming parade.

S. Marble

Even though it was cold and raining, the Varsity Cheerleaders still managed to smile and have fun cheering for the town of Tecumseh during the 1999 Homecoming Parade.

"This football season was a learning experience for all of us. The girls really worked together as a team and learned many different stunts. I had a great time coaching this group of girls."

-Coach Tooman

# Girl's Varsity Basketball

## Stars of the Court

This year's Girl's Varsity Basketball team did an excellent job, as usual. The three Seniors on the team, Rachel Brueckner, Ronda Brueckner and Corrine Gurney, played a key role in this year's great season. Despite the lack of upper classmen again, the team never showed any mercy. They also had the help from Sophomores Jennie Brown, Nikki Rebottaro, and Megan Smith. These three crucial players helped the Indians to many victories. They never let their age get in the way of working as hard as they could. Megan Smith felt, "We were much better than our record showed, and we worked very hard, and improved a lot". The rest of the team was made up of Juniors: Danessa Wolfe, Marissa Pound, Michelle Lake, Jenna McWilliams, Cat Thompson, and Tiffany Cook. Cat was new to the school and the team and she seemed to fit in well with the others. They welcomed her as part of the team and she worked up to their expectations. All their work earned them a place at District finals. Job well done girls, you deserve it!!

"I think overall we had a good season. We made it all the way to district finals. Everyone on the team worked super hard and we all had a lot of fun. This season was definitely a great experience."

- Jennie Brown

## A Spectacular Show

Our 1999 JV Girls basketball team had an overall victorious season overall. With 12 wins and 7 losses they proved that Tecumseh girls really can play basketball. With three freshmen and eight sophomores making up the team, they acquired a very favorable ranking. Leading the team in overall points was Abby Willson. Following closely behind was our second year JV member Becky Church. Led by coach Lorie Spotts, the Indians competed strongly everytime they took the court.

## Senor Working His Wizardry

Putting on a good show, the varsity soccer team did very well this season. The team did excellently for starting with such a young group. The team had a conference record of 7-4-1, which helped them get into the districts.

After making it to the post-season round of districts, the weaker teams start to get eliminated. That was the case for Senor's squad in their first game because they had to play the Lincoln Rail-splitters on their field, and we defeated them by a score of 5-2. The next match, against the Adrian Maples, was a storybook game because the game, and the future of both teams, was decided by a shoot-out. The Indians played two scoreless 45-minute halves, followed by two scoreless 15-minute halves of sudden death. That led to the nerve-racking shoot-out. The player of the game would have to have been our goalie, Nick Godt. While he was in goal, he saved several shots and he also took the shot that won the game for us. The final score was 1-0 by a win in the shoot-out of 3-1. That took the varsity team to the district final against their new rival, Pinckney. In that game, they had some good chances, but they only converted once. Unfortunately, Pinckney had two goals that beat the Indians'.

This year we had many good players who helped make the team what they were. We had a small group who made the SFL All-League Soccer Team in all of the categories. Josh Fox, Josh Fly, and Brad Buswell all made the honorable mention category. John Gialanella was the lone player from Tecumseh who made the second team. Javier Arana and Jarred Castorena made the first team, and they also made honorable mention for the whole state of Michigan, which is quite an achievement.

## Hocus-Pocus, and the Ball Appears in the Net

Another year, another winning season for the junior varsity soccer team. The team finished the season with a total record of 10-3-4, with only one SFL loss. That was a significant improvement from last year's SFL's record. The experienced sophomores used their leadership to guide the new freshmen to become smart players.

The junior varsity team continued their amazing record that they have kept once again this season. Every year, since its beginning, the Tecumseh Varsity Soccer Team has won first place in the JLC Cougar Cup Soccer Tournament, and this year was no different. The victim for the championship game was the host, Lenawee Christian, and we beat them 3-2.

As you can tell by their record, the junior varsity team played very well this season. Each person had to do their part to accomplish their goal, which was to work together and win.

# Boy's Golf

## Continuing to Pave the Legacy

Any athlete will tell you that all of the countless hours spent practicing and perfecting their individual game produces moments of excellence when it comes down to competing. Tecumseh High School is home to some of Michigan's most elite golfers. Golfers such as Ryan Spohr, who was named to the All-State "Super Team", Kyle Hunt and Adam La Beau have been feared in the SFL for golf all season. These three guys, with Jimmy Roehm, Mike Rendall, and Ryan Wimple combined their performances together to strike fear into competitors. The hard work and hours spent on the driving range have produced excellent results on the golf course. Tecumseh's golfers came in second in the Tecumseh Invitational, first in the SFL Tournament, took first place in regionals, and took a sixteenth place finish in State Finals.

In a game where low scores mean high results, senior, Ryan Spohr, will not be a fixture next year on the leader board. Kyle Hunt and Adam La Beau are next in line to fill the departing senior's golf spikes. Congratulations and praise are in order for this year's golf team as they continued writing the legacy of all of Tecumseh's great golf teams.

## "Running Through to the Finals"

Gallantly running through to state finals the Tecumseh Boy's Cross-Country had one of its best seasons ever. Everyone finished strong with many personal best times shattered. The memory of the '99 season will be brought through the millennium.

This achievement was not easy, it took a great amount of hard work and dedication. This year's strategy was to work together and make this season a true team effort. Captains Mike Grammes and Nate Emerson worked with each other to help lead the team through the training and stress consuming meets. Team thinking and devoted hard work were the main elements that brought this team to the state finals. At the finals the boy's team came in 14th overall.

Running hard, Jack DaSilva gives it his all. Throughout the season Jack achieved his personal best time and was also named the Fastest Freshman in the State of Michigan.

# Girl's Swimming and Diving

## Practically Magic

A winning record and an outstanding team encouraged the Jecumseh Indian women swimmers and divers to come out on top during the 1999 season. The team, with more than 30 members, took a six-and-five record during the regular season, and several top honors in the S.F.C., S.M.I.S.L., and State meets. A prosperous year was had by all, as the team proved that "teamwork" takes the whole team; swimmers and divers alike worked diligently together to get the results they wanted. Pulling together to set the women on high were All-S.F.C. swimmer Zsafia Vegh and All-S.F.C. diver Rachel Novak. As a magical ending to their hard-working season, the Indian women represented JHS in tenth place at the State meet, held on November 19-20 at Eastern Michigan University. On that late autumn weekend, the team's top swimmers and divers put on a spectacular show - a show that, in the end, floated the Indian women into the spotlight!

All-S.F.C. / All-State swimmer Zsafia Vegh "works her magic" during the State swim meet in November. Vegh, an exchange student from Hungary, helped in putting the pizzazz into the season.

# Varsity Basketball

## Rockin the House in "00"

The Varsity Basketball team played very competitively this season. They have had a very tough schedule, yet played strong all season long. All twenty games, plus districts, were played, with maximum effort. The team came together as a whole and played better as a group. Varsity captains, Eric Harris and Josh Fly, played up to their leadership expectations. Both the seniors and underclassmen played very hard during the season and were all leaders in the end.

The team demonstrated solid basketball skills. Their determination and goals made them better throughout the 1999-2000 season. Coach Ed Oxley worked his team hard in practices to learn plays and conditioned them to their true potential. The underclassmen had many key players this year, especially Anthony Fly who will be the big player next year. The Varsity team tried their hardest and no matter what the outcome they played with great sportsmanship.

Senior captain, Eric Harris, attempts to throw in the inbound pass. Eric was a strong team player who dominated the boards down low. He led the team in offensive and defensive rebounds.

## Indians on Fire

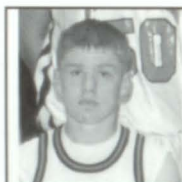

The JV Basketball team presented us with edge of your seat entertainment in the 1999-2000 season. Our team was very strong and demonstrated exceptional skill and talent. At every game you would see the score bouncing back and forth, making each and every second count. With strong offense from Marcus Lyons along with Bobby Valdez, and strong defense from Danny Abbott and Phil Sunderland, the team was unstoppable.

# Freshman Boys Basketball

## Shooting For the Stars

Despite a 5-14 overall record (3-9 in conference play), our freshmen boys basketball team accomplished team goals and found the meaning of teamwork. Under the coaching of Mr. Bullinger, the team improved more and more as the season progressed, utilizing and stressing team concepts. Part of adjusting and playing as a cohesive unit found its way into the team. With the promotion of Bob Valdez to the junior varsity basketball team, the freshmen team learned to adjust and play as a cohesive unit.

In Bob's absence, other players had to step up and fill the void. Soccer sensation Jason Smith stepped up to make the impact of losing Bob Valdez less visible, carrying the team in scoring and scoring a team high of 18 points in a game. Under the boards were Ethan Gregory and Ryan Mobley, two mainstays in rebounding. Also turning in highlight material was Jeremy Lopez with strong defensive contributions.

Improvement was seen in the scores of the team as the season progressed. Drive and tenacity were seen in the performances of our freshmen basketball team, a trait exemplified by JV coach Jamie Mossburg.

Shooting with perfect form, Ron McCarley attempts a free-throw. Ethan Gregory waits patiently the outcome of the shot.

# Basketball Cheerleading

*Now who is the athlete?!*

*This past season has been one full of spirit, pride, accomplishment, and especially hard work. The girls and guys put forth an extreme amount of effort in their competition routines, stunts, and sideline spirit. They learned a number of difficult stunts at a camp sponsored by the Universal Cheerleaders Association in December. What they learned they used throughout the season at competitions and games. These athletes have conquered many great feats. The guys added a great advantage to the squad with their strength, voices, and spirit. Thanks guys and girls for all of your hard work this year!*

*This girl's varsity volleyball team was very interesting to watch. The players managed to play hard the whole season, but still ended up with a 6-6 record in the SFL and an overall record of 19-20-7.*

*Throughout the season all the girls enjoyed every single thing they did, even if it meant being happy when they lost. Practice time may have been tough for them, but at least it paid off in a game. This season was very successful because of all the girls being strong and not giving up.*

## Bumping into 2000

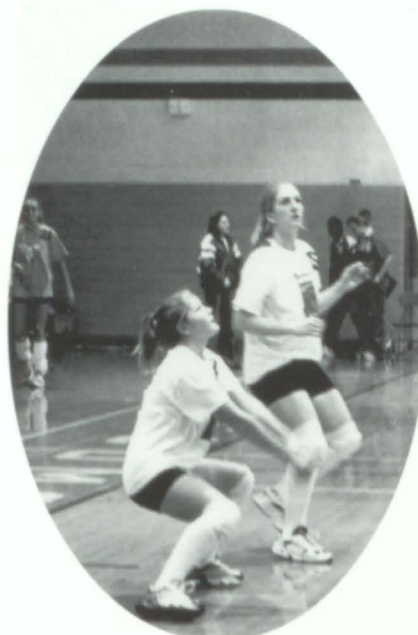

Our JV Volleyball girls this 2000 season really displayed hard work and determination. The team set goals for themselves attained through out the season as the result of commitment from all team members. They took much pride in playing their best, each and every game. A major contributor was the only freshman on the team, Jessie Williams. She added another dimension to the team. The team's desire to play well was evident in every game played, observed by those in attendance at the matches. This team defined and displayed all the fine qualities of JHS athletes and teams.

"Playing on the JV team was a great learning experience. We started out rocky but we definitely grew as a team. I look forward to playing next year!" -Jessie Williams

# Varsity Wrestling

## Making Magic on the Mat

The wrestling team had a great year finishing, 22-10. This was the first time in 14 years that Coach Jim Connors had a full line-up, backed by reserve wrestlers who could step up and fill an open spot. The captains, Jon Wines, Deon Tripp, Ryan Bagby, and injured Ed Mathis, really helped keep the team pumped when they got into a bad position. One of the great additions to the team was state qualifier from Ohio, Leith Killy. He and Robert MacNamara traded positions at 171 lbs. and 189 lbs.

The team wrestled in some tough tournaments, including the Addison Invitational, and the Clinton Invite. Tecumseh hosted The Phillip James Tournament. The tribe placed 1st in this tournament and had many outstanding performances.

The Junior Varsity made many improvements on their wrestling style. Many of the wrestlers had Varsity talent, but couldn't beat out their teammate for the position. The team came back from the Bedford Invitational with 6 gold medals, 2 silvers, and 1 bronze medal.

# Student Council

## Helping Out in the New Millennium

*This year's student council put in many hours of their time and hard work to make our school and community a better place. This year they collected supplies such as markers, colored pencils and other school supplies for younger students in underprivileged schools. They ran a foodbank for Lenawee County, and had a fundraiser for a disease called cystic fibrosis. The members of student council also helped with the activities during homecoming, arranged a faculty breakfast, and organized the senior activities at the end of the year. A big success was the "Adopt a Family" where they adopted four separate families throughout Lenawee County during the holiday project.*

# Quiz Bowl Magical Minds

*This year's quiz bowl team had an outstanding year. Each member was very dedicated, and made this year one of the best years in quiz bowl history. Quiz bowl showed their strong dedication by starting in late summer while competing at the Lenawee County Fair, which they won over the rest of the Lenawee County high schools who were also competing.*

*Quiz bowl was lead by captain Andrew Reinink, who drove his team to an 8-1 record, which lead them to rank first in Lenawee County. Strong senior leadership was brought to the team by Nik Wilson and Eddie Hunt. Also, juniors, Jessica Lewis and Ian Ferow greatly helped the team. With Mrs. Ellis as their advisor, quiz bowl was one of the most successful clubs of the year.*

*Debating over the answer are Steve Micalif and Chris Mohr. Teamwork was a major part of quiz bowl.*

# Spanish Club

## A Fun Experience for the New Millennium

This year's Spanish Club members were quite busy with plenty of fun activities to participate in throughout the year. Just some of the many activities of the Spanish Club were going to The International Festival at the Novi Expo Center to experience the different cultures of the world, baked and decorated cookies for Day of the Dead, watched Disney movies in Spanish, and also ate Mexican food. Members who were in Spanish 222 and 224 also participated in going to the Sunnyside Cafe and "Sotelo's", a Spanish store, in Adrian. During the summer, a trip to Mexico is planned for students who would like to experience the culture and language.

# Art Club

## Who Needs a Magic Wand, when Art Club has a Paintbrush!

*This year's Art Club was more community minded than ever this school year. They held a blood drive with the Red Cross, participated in helping out for various area businesses, and decorated for the Taste of Tecumseh. Art Club also ran favorite returning activities, such as, face painting at the Apple-Umpkin festival, and selling pop at the Fall Festival. In addition, they sold Tecumseh Indians key chains for the first time ever.*

*Although they were busy, the Art Club also made time to have fun itself. They held a contest to design the new Art Club tee-shirt, and generally enjoyed themselves in whatever they did. Overall, Art Club had a great and exciting year!*

The Business Professionals of America concluded the 2000 year spectacularly. In the state competition, they were unable to send anyone to Nationals, but turned in a strong effort with 10 people placing. During the Regionals, which everyone was a part of, Tecumseh collected 6 first place events, and sent 21 people to the State competition. To raise money to send them they had an array of fundraisers. They did their annual JV drawing as well as the ever popular Datamatch. All of their fundraisers culminated in the sponsorship of the JTEWISS dance. To give back to the community, the BPA adopted a family for Christmas and wrote letters to soldiers over seas. They also participated in leaf raking for a handicapped citizen. It was truly a well rounded and successful year for this JHS club.

# Equestrian Team

## Not Just Horsing Around

Our equestrian team kept up the winning Indian tradition this year. At districts, they proved themselves as the champions. At state finals, which were held at the Michigan State Fairgrounds, the team placed twelfth out of eighteen teams from across the state. On top of all their achievements at districts, many of our team members prevailed with All State titles as well. Way to go equestrians!

# Ally

## Aiding, Listening, and Learning With the Youth

Many people wonder what *Ally* is, and what requirements it has. You need maturity and a good character. Of course, to help a kid with their work, you need good grades on your own. *Ally* members meet once a week during one half of their seminar period on Wednesday at Herrick Park School. The organizers of this group are Mr. Banghart, Sue Neilson, Susan Reader and Joanne Eversden. It is run by Charlotte Bremer at Herrick Park, and Joanne Eversden is the communicator between them all. *Ally* has approximately thirty students who help fifth grade students' with academic skills, developing positive social and personal skills and help them build self esteem. This is definitely something to do for future career plans.

# Peer Listening

## Here To Dry Our Tears

M. Schawitsch

After a long day of aiding his peers, Mike Crisovan rests in his favorite chair. The Peer Listeners worked hard this year to create stressfree days for their classmates.

Peer listening made great strides this year to improve the lives of students at JHS. After attending a two-day seminar to polish empathy and listening skills, each member successfully passed a test to certify them as qualified student listeners. Monthly in-services and numerous guest speakers informed these, "counselors in training," about issues that could affect the lives of many students. Each member of the group was responsible for being caring, compassionate and listening without passing judgment. Although they did not always offer specific advice, the Peer Listeners were available to help explain alternatives to daily dilemmas.

"I do feel really confident that this group could handle any crisis that comes their way... but I hope they will not have to."

## Millennium Magic

Welcome to the Yearbook addendum 2000, Year of the Dragon. Congratulations everyone! You have completed one more year of your education. Time to move onward and upward. For you seniors it means a drastic move, away from T.H.S. and on to further education or to a job. Underclassmen, you are moving on in T.H.S. to new and unique classes and teachers and for some, to familiar classes and teachers.

This addendum is for all of you: to remember the friends and experiences you shared and to have them in print forever. Your school yearbook will probably be the one piece of memorabilia from high school you will still possess and move with you twenty-five years from now. I encourage you all to put all your own photos, programs, invitations and awards into 3-holed plastic sheets and include these in your yearbook. It was designed to be a memory album as well as a yearbook.

I would especially like to thank Kevin Radant and all the section editors for all their hard work and long hours. The Yearbook staff as a whole this year was more committed and devoted than any I have ever worked with. As always we were still working, still at school, until the end of June. But, the time gets shorter every year.

My sincere complements to all the old and new yearbook staff members, who kept working until the book was finished, even the seniors who had graduated. I will miss those seniors who have moved on and I am looking forward to the new people coming into the class. T.H.S. is growing and so are the numbers of pages that must be written for the book. The new staff has a great deal of work ahead of them.

May the rest of your Year of the Millennium be truly magical!

# Girls Varsity Soccer

## Wearing the Orange and Black

A close inspection of the 2000 JHS Varsity Girls soccer team roster, would reveal a variety of athletes assembled on one sports team. Lead by captains Kristi Miller, Marissa Pound, and Heidi Waterkotte, those three athletes alone, reveal how much athletic talent was included on the team. Getting through the season with three wins and fourteen losses, the girls displayed their athletic talent in several close and competitive games.

The 2000 season began with a bright ray of light as the Indians shut out Unsted 14-0 in their home opener. Coming off such a commanding win, the Indians were up to undertaking any team in the district. While this feeling was only short-lived, the entire season seemed to be one of rebuilding and restructuring the team to suit its potential. As the season dwindled down to district play, the team found its back against the wall trying to join all the links together to pull out a district win. Despite bringing up several JV players for district competition, the breath of fresh air they brought with them was not enough as the team battled to a 2-1 loss.

Athletic talent was evident on this year's Varsity Soccer team. Even though the lady Indians did not have a very glamorous record, they won through good sportsmanship and hard work which was displayed on the playing field throughout the entire season.

Beating her opponent to the ball, Laura Thornsberry rushes to gain possession. Hard work was a key factor in being successful this season.

Front Row L-R: N. Beil, K. Dalton, L. Thornsberry, B. Coughlin, K. Stanifer, N. Beil. Second Row: J. Arana, J. Dalton, A. Seal, R. Brueckner, C. Paiva, L. Amstutz, S. Driessche, K. Miller. Third Row: L. Feight, L. Swartz, H. Waterkotte, J. Hamilton, S. Elliot, M. Pound, M. Adair, K. Bunch. Top Row: Coach Seal, Coach Smith, Coach Overt, M. Dailey.

*Hurrying to gain possession, Sara Elliot scrambles away from her opponent. Being her last year on the team, Sara not only contributed her skill to the team, but her leadership to the underclassmen.*

*Making a superb save, Kim Dalton dives feet first to a rushing Adrian forward. Known for spectacular diving saves, Kim Dalton was a mainstay in the net for the Indians this season.*

*Looking to gain possession of the ball, Marissa Pound tackles hard for the ball against her opponent. Marissa's tenacity on the field was a tremendous benefit for the team.*

*Dribbling past her opponent, Heidi Waterkotte gets down the field towards the goal. Watching and running along for support is teammate Marissa Pound.*

*Attempting to steal the ball away, Kristin Stanifer strides up next to her contender. As a junior, Kristin was an asset to the team this year.*

*Kim Dalton steals the ball away from her opponent with vengeance as captain Kristi Miller supports her from behind. Kim was summoned out of her starting goalkeeper position to assist the team outside the goal.*

# Girls JV Soccer

## Future Shining Stars

If this season was any indication of what things are in store for girls soccer at Tecumseh High School, then we can be expecting good things with the talent displayed on this year's JV soccer team. With only three returning sophomores, the JV team was basically a team comprised of freshmen, making their wins over older Saline, Pinckney, and other experienced teams more impressive.

The team, lead by captains Heather Moore, Marisol Arana, Lydia Hall, and Kendra Durkee, came to play each and every game. Doubling as a goalkeeper, Heather Moore scored her share of goals on offense with assistance from Leigh Rhodaberger and Aimee Ross. Leading the midfield the entire season was captain Lydia Hall. Also stepping in and making the midfield coordinate were Jill Rhodaberger, Mary Stucky, Chelsea Hughes, and Ashleigh Glano. Keeping the defense solid all season were Marisol Arana, Caroline Kosino, and Kelly Snyder.

Being a team consisting mainly of freshmen, their future is looking bright for this up and coming Varsity squad.

With precision, Kelly Snyder picks out her teammates, Kate Fetkenhier and Lydia Hall to throw the ball in to.

Front Row: L-R: M. Stucky, M. Gibson, J. Rhodaberger, H. Moore, M. Ireland, K. Durkee. Second Row: M. Arana, K. Fetkenhier, C. Hughes, J. Rhodaberger, A. Ross, L. Gialanella, C. Kosino, J. Arana Third Row: A. Kish, L. Hall, A. Glano, K. Gafner, K. Snyder, L. Cunningham, Coach Obert. Top Row: Coach Seal, Coach Smith, J. Smith.

*As Mary Stucky throws the ball into play, Megan Gibson makes a run to advance play down the field. Meanwhile, Laura Gialanella and Kate Fetkenhier support the ball.*

*Awaiting the ball to get back into play are Ashleigh Glano and Mary Stucky. Together, the two of them provided the team with consistent play throughout the entire season.*

*Fighting for possession of the ball, Jill Rhodabarger challenges her opponent. Jill was always dependable for tough challenges and hard work not only on the game field but on the practice field as well.*

*Quickly getting the ball into play is defender Kelly Snyder. Her strong defensive efforts were well noted by her teammates and the coaching staff.*

*Dribbling down the field, Aimee Ross looks up to see Kendra Gafner making a supporting run. At the same time, Amy eludes two defenders to get the ball towards her opponent's goal.*

# Girl's Varsity Track

## Running Away With the Stars

*This season was one full of effort, hard work, and determination. The ladies came out every day with a positive attitude and a winning spirit! They set goals for themselves as a "challenge" but these ladies have given the word challenge a whole new meaning. Every goal was broken and every "challenge" was dominated. The new coach, Scott Banghart, brought new workouts and a new attitude to the girl's track program, which made it the success that it was. Each one of them had to work through the pain of conditioning, at the beginning of the season and then begin on the long hard road to building up their speed for competition. They had strong leadership from Melanie Bunce for the distance girls from Jessica Ferguson for the sprinters and from Cat Thompson on the field events that led us to these personal victories. The whole team set a great example of what hard work and leadership is all about.*

*Reaching for the finish to defeat her Saline opponent is Laura Harris. Laura put all her effort into everything she did while she was a part of the team.*

*Giving it all she's got, Angela Hornsby is going for her Saline opponent. Melanie Bunce is close behind, and those girls worked hard all season.*

*In between races Coach Reau and Cat Thompson assisted the guys team in measuring long jumps. Their contributions made things flow more smoothly through out the whole track season.*

# Boy's Track

## Kick'n up Magic Dust

The Jecumseh Track team once again had an incredible season. With a schedule filled with many challenging meets, Jecumseh took the chance to show off their outstanding talent.

Their first chance to show what the team was made of came at the FMV Invitational, taking the opportunity and running with it. Placing second out of 46 teams, Jecumseh's hard work paid off as they were hardly caught under a fifth place finish. Leading the team with two second place finishes was Mike Grammes. He placed second in the 3200m (10:09) and was then joined by Jack DaSilva, Tyler Brady, Jeff Rigglesman to place second in the Distance Medley with a time of (11:22).

With amazing times like these coming from underclassmen, spectators can not wait to see what may happen in years to come.

With his mind cleared and pole in hand, Major concentrates extremely hard as he makes his approach. Once again Major improves from his last jump.

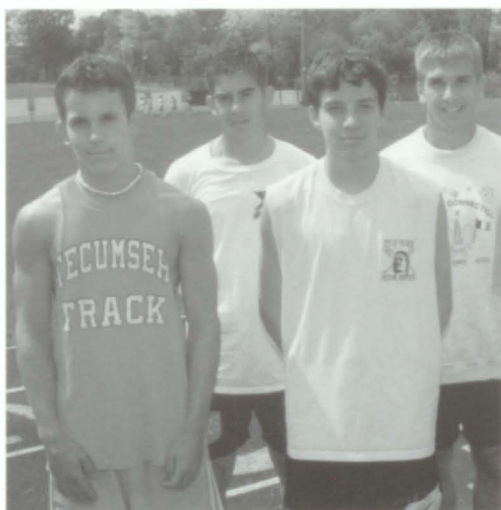

Front Row L-R: J. Brady, B. Huston, M. Grammes, J. Whelan, N. Emerson, A. Schneider, and M. Brady. Second Row: Coach M. Peterson, K. Whelan, J. DaSilva, J. Rigglesman, M. Gisty, C. Weatherwax, C. Corey, and Coach M. Sweeny. Third Row: Coach D. Gurtzweiler, D. Curtiss, B. Wilson, J. Buxton, A. Johnston, R. Evers, C. Maynard, and Coach J. Austgen. Back Row: N. Bush, C. Tomford, A. Jerry, M. Hart, M. Chandler, F. Wilson, A. Bird, and N. Willis.

*As Tyler Brady sprints closer, Bobby Valdez takes off on his run in preparation of the hand-off. They easily went on to win this event.*

*Jack DaSilva leads the pack on his way to a victory. In the background we see Coach Peterson with his hand on a stop watch.*

*Chris Weatherwax, Jack DaSilva, Jeff Riggleman, and Mike Grammes represented Jecumseh at the State meet.*

*As the gun sounds, Joel Whelan sprints to the first hurdle. He strides over it with ease and stays in contention for first place.*

*With his face filled with determination, Tyler Brady has his eye on victory. Tyler prepares to overtake his next opponents.*

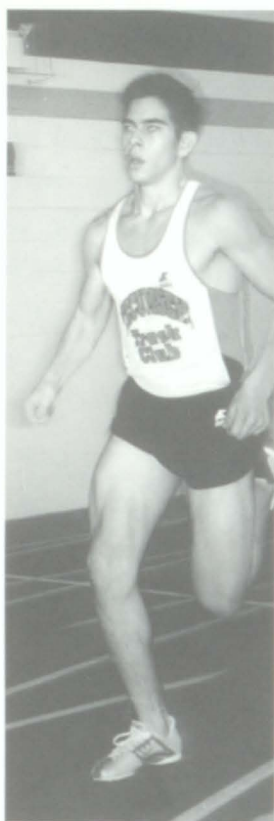

*Matt Brady spins as he concentrates on the release of the discus. Matt launches another incredible throw.*

# Indoor Track

## Racing to the Finish

*This year's indoor track season turned out to be an exciting and fun experience for all of the team members. It was a huge success. This year was the beginning of the girl's indoor track team for Tecumseh. The nine girls who participated had a meet once a month at different universities around the county. Some of the best performances from the many athletes on the guy's indoor track team this season were by Mike Grammes, Jeff Riggelman, Chris Wheatherwax and Jack DaSilva who were state qualifiers for the boys indoor track team. Great job everyone!*

*Run Jack, run!  
Jack DaSilva shows  
off his running skills

*After a strong effort at an indoor meet, the girls take some time out to rest. Here are just six of the nine girls who participated in the first season of the girl's indoor track team.*

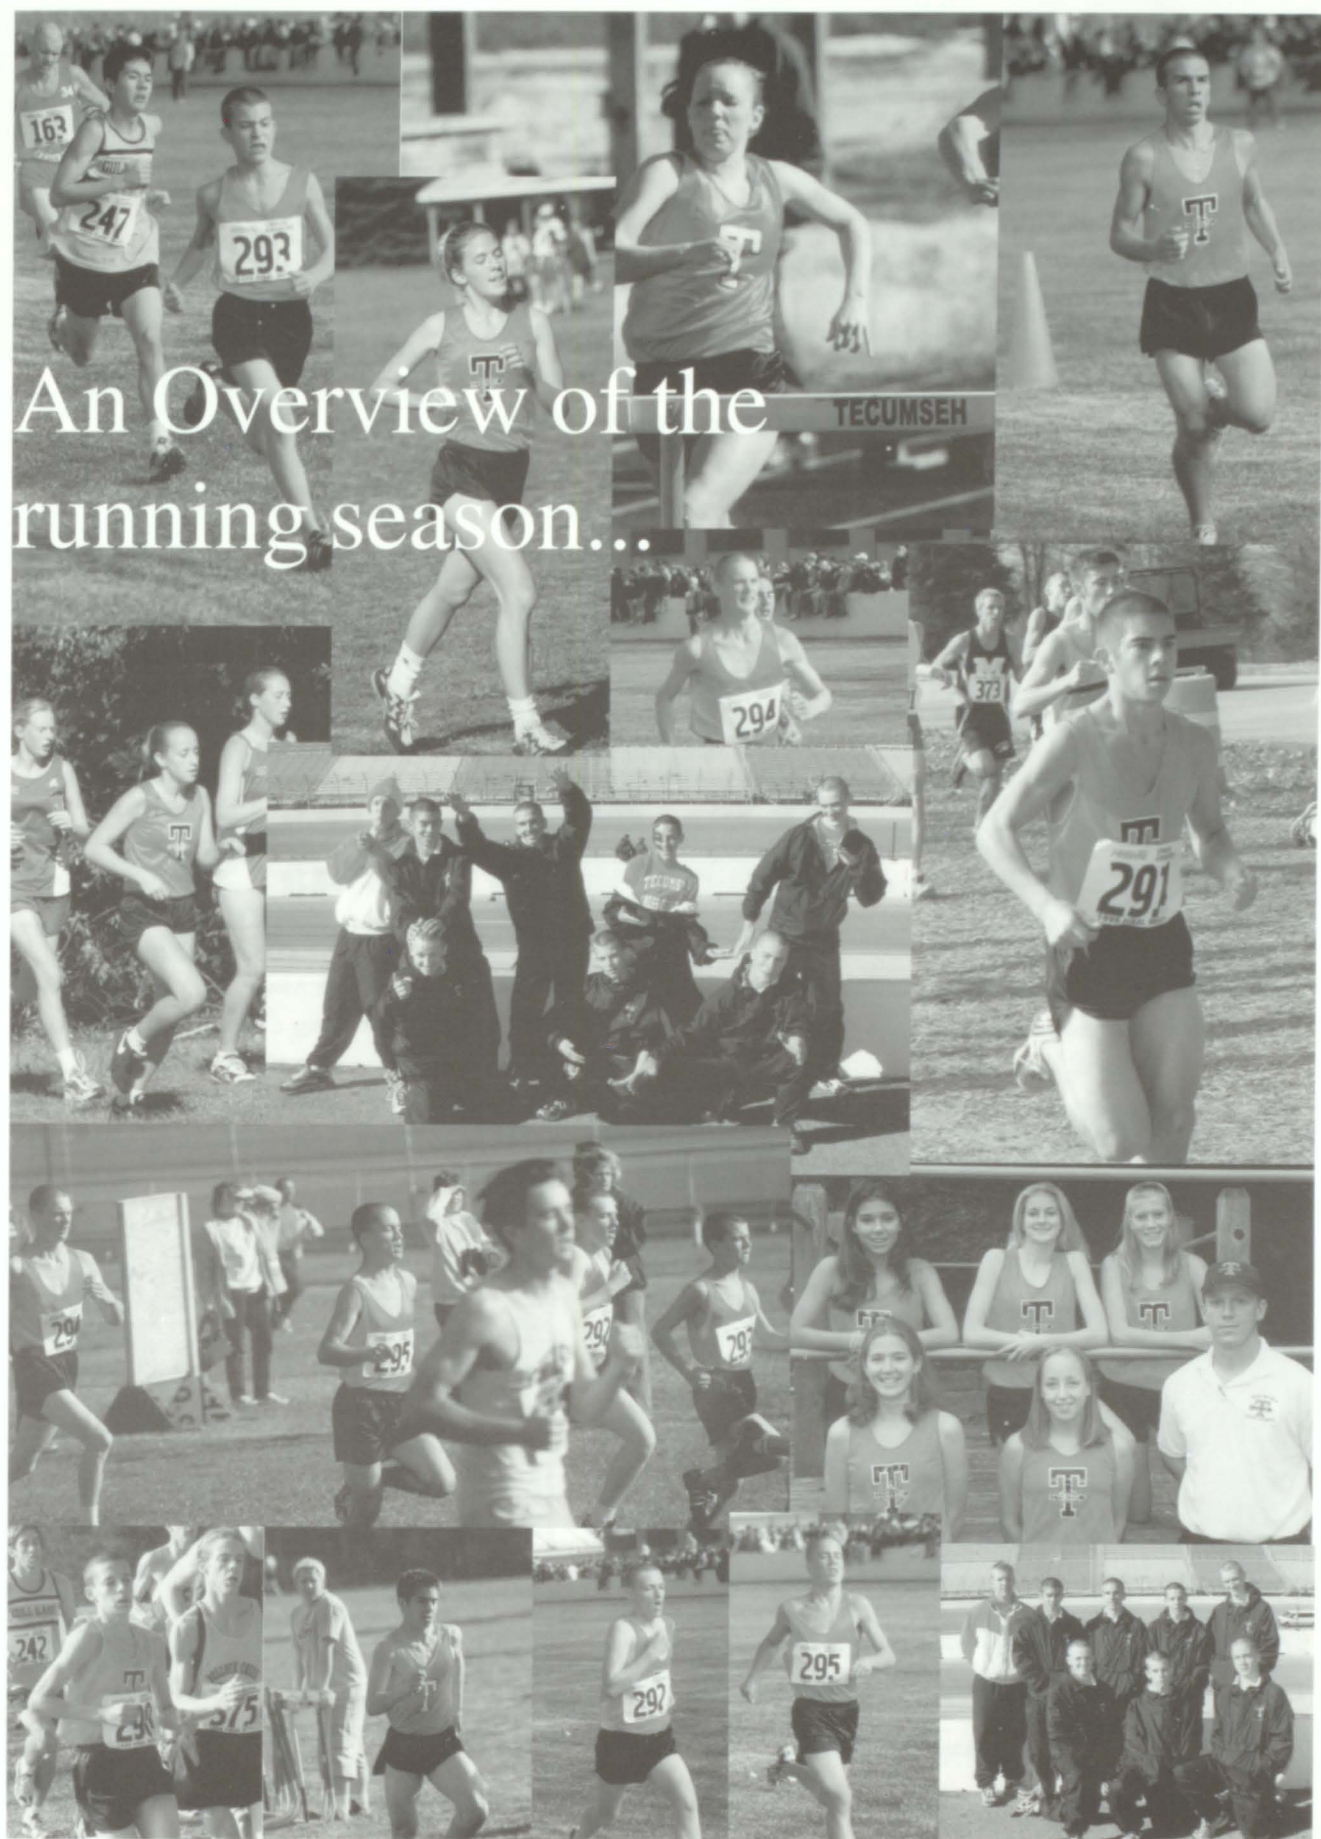

*Everyone who participated in the indoor track meets had bunches of fun. After a hard day's work, the girls are anxious to go home and rest!*

*"This was the first year of the girls indoor track team. It was a great experience for all of them."*

## Making Par in the New Millenium

This year's golf team has shown much improvement since the first day of the team's existence. The team started the year with a three game winning streak. Many of the following matches were decided by only a few strokes. This season they had three returning players from last year, four new freshmen, and a newcomer to our school district. Everyone had so much fun this season, and Coach Pomy was excited to be coaching these awesome girls.

"Mr. Pomy is really cool.  
He is an awesome coach."

# Varsity Baseball

## Dust on the Diamond

The varsity baseball team had a winning record. They played hard all year long during practice and in games. The teams they played were strong competitors in the SFL. Each and every team had to play Tecumseh, thinking that they were going to lose. Captains Robby Torres, Josh Fly, and Joel Church provided experience and leadership for the team during the season. They helped each other out as well as kept the team together through the hard times on the diamond. The team was all around a great team whether it was a senior, junior, or sophomore. Second year varsity, Sophomore Kyle Folgman played his second year on varsity, and did very well considering he is an underclassman. Practice made perfect in the case of JH&S and they deserve the victories. Keep up the good work Indians!

"Our team is a lot better than our record shows. We lost a lot of close games that could've gone either way."

- Senior Jordan Haines

Showing the meaning of teamwork, Josh Fly and Matt Randall back each other up as a ball is hit to the outfield.

# JV Baseball

## Making a Little Magic

*This years' JV team was a combination of Freshmen and Sophomores. Although experience was limited, the team pulled together to have a 500 season. This year gave the Freshmen great experience to be ready to play JV next year. The two coaches took the team and made them one great baseball team. With long and very intense practices, this team learned the basics very fast and were able to move into more advanced ball playing. The young team knew they were going to have to work twice as hard if they were going to be a competitive team. Both Coach Jerryberry and Coach Bullinger were impressed with the team's enthusiasm and willingness to work hard.*

*Yet another strike! This hit and run didn't work as catcher, Justin Weirich, jumps to his feet to throw out the stealing base runner.*

*Getting yet another batter out at first base is Eric Dickerson and Joby Harper. This was a common sight throughout the year.*

*And it's off! Jason Skeels lines the ball back through the first and second baseman. They never had a chance!*

## Scoring Big in the New Millenium

*This year's team was outstanding. Everyone on the team worked hard and had fun. "I believe that this is one of the finest collection of Softball players that Tecumseh has ever put on one team", says Coach Mobley.*

*With the three new freshman, Diana Lewis, Alli Campbell, and Stacy Frick, five sophmores, five juinors, and one senior, the team could not do wrong. Jessica Lewis was back again as one of Tecumseh's awesome pitchers. The team had the support of their school; this is why they did extremely well this year. ## Sparks at the plate

The combining of teams has helped both the freshman and the sophomores learn how to work together and get along with each other. Though the freshman play their own games, it gives them the experience and training they need to help the sophomores win the tough ones. They are great assets to Tecumseh and we are proud to have them on our side. They had great coaching by Coach Alicia Mobley and Coach Kathy Steuwe. These girls worked very hard and did a great job.

"This year we all worked real hard and I think our record showed it. I am very proud to be part of this team!"

Front Row: Rachael Garcia, Jamie Floyd, Ashley Cargill, Erin Boyer Jenna Floyd, Ali Campbell.

What a pitch! Lisa Anderson pitched a great season, and saw the JV team to the end.

It's a good thing we teach patience at our school. Laura McDonald stands at the plate patiently waiting for the right pitch to come along.

Pitching a great season, Diana Lewis helps us have a win and keep the team together.

# Boy's Swimming and Diving

## Victors of the High Tide

The boy's swimming and diving team had an extraordinary 1999-2000 season, finishing with an over-all 8 to 4 dual meet record. Under the close supervision of Coach Mammal, these men of the raging waters placed 6<sup>th</sup> in the SFL, 2<sup>nd</sup> in SMJSL finals, and captured a 10<sup>th</sup> place State victory. The strength of the team greatly improved since last season, and will continue to carry the boys to richly deserved victories.

Unfortunately, the team will be losing several influential senior swimmers and their coach before the next season begins. However, the sophomore and junior members of the team show strong potential to surpass the records set by the departing seniors.

"The team came together when we really needed it!"

# Girl's Lacrosse

## "Chicks with Sticks!"

It started as an Indian game hundreds of years ago. Then, during the 1999-2000 school year, it became an 'Indian' game all over again. Only this time around, its premiere year was to be played both in the school and the surrounding areas. However, the girl's lacrosse team was not adopted as a school sport; it began as a "club" sport. Lacrosse began a revolution in sports around the school and the surrounding area, attracting large crowds who were full of excitement and interest in a game they had never, or rarely, seen. In the course of the much-too-short season, which began after the official lacrosse season usually begins, the members of the first-ever team showed complete dedication and love for the sport. The team consisted of girls from each grade level, and from many types of backgrounds. Through the differences, however, there was a similarity in the team: give the crowds, the school, your teammates and yourself everything you've got. After all, the team was the only "chicks with sticks" in the school, and to get the respect that you deserve, you have to be proud of what you do.

During an away game, Jecumseh offense scores a goal. Taking part in the celebration are J. Mallory and M. Webb.

Front Row L-R: L. Betz, A. MacGeorge, Coach Marble, Coach Glidden, H. Baran, M. Webb, R. Glidden. Second Row: N. Eaton, J. Gurtzweiler, A. Winters, A. Willson, C. Maves, J. Wilkinson, J. Ahlers, J. *An exchange student from England, E. Gurney proved to have natural talent at the new and exciting sport. An apt player in any field position, Gurney played an important role in the team's successful season.*

*Always the team player, K. Thoennes rushes down the field to help her team. Though new to the sport, her offensive skills prevailed.*

*Racing down the field, J. Moore cradles to keep track of the ball and the opponent. Though difficult to do, she mastered both skills and helped to fend off the ominous, older teams.*

*As she momentarily comes off the field, J. Ahlers listens to some coaching from both coaches. After the short discussion, Ahlers returned to the field to finish a play.*

*"The best part of the season was the excitement and enthusiasm of the girls..."*  
Coach Marble

*Sore but not suprised, K. Ahlers tended to a bloody nose after getting hit in the face. This was not the first, nor the last, battle wound that Ahlers acquired during the season.*

*Team spirit ran high both before and after each game. In recognition of each other and the opposing team, the ladies raised their sticks and chanted their cheer loudly and gleefully.*

# Boy's Lacrosse

## Exceeding Expectations

Finishing 21<sup>st</sup> in the state, the boy's lacrosse team exceeded all expectations. What was supposed to be an all-out defensive effort turned into an offensive barrage with three players putting up all-state numbers. Losing only three Seniors, the team, which was comprised mostly of Sophomores, looks to make a go at the Class C state championship next year. It took an immense amount of hard work and dedication for the team to get to the point that it did, and they have not even begun to show their full potential.

The game often gets rough, as Forrest Marble demonstrates here. Marble has been playing lacrosse for several years, and greatly influenced the team

It is not always easy to be depended on during a game, but Josh Barnett always pulled through. He became an important part of the team, with skills that seemed totally natural in a brand-new game.

*With a close-knit team, Jecumseh was able to both learn and play together. Here, a group of players gather to show the team their support.*

*In anticipation, Chris Mohr watches over the team and the field. As the team competed further down the field, Mohr protected his own territory.*

S. Marble

*Two of our defensive players throughout the year were Brandon Holcomb, goalie-in-the-making, at left, and also helping to defend Jecumseh's goal is Kenny Green.*

*Before heading down the field, Derek Schutzler scoops up a ground ball. While the ball is usually thrown through the air, some manage to reach the ground before the player.*

*Before the start of the first game, the guys huddled together to prep for what was to come. Even without jerseys or numbers they expressed unsurpassed team effort to pull off a win.*

S. Marble

*First-game jitters did not cause much of a problem for Jecumseh. The excitement of this historic event only caused the energy levels of the players to rise.*

# Grim Reaper Day

## The Wand of Death

It's become a tradition at JHS; one day a year death walks the hallowed halls of Tecumseh High School and takes the life of a friend every 22-min. This past year the day took place on March 30<sup>th</sup>, right before spring break, to remind everyone of the dangers of drinking and driving. Everything took a turn for the worse once the first bell rang. The announcements came on but after they were over a name of a student was called. At that point everyone knew a life of a teenager had been taken by an alcohol related accident and that they were just a memory now. By the end of the school day a total of 20 lives had been taken.

Death finally caught up with Mr. Mossburg. The Grim Reaper, Matt Brady, couldn't wait to get him.

"It was a lot of fun scaring the eighth graders."

Here sit some unlucky Juniors and Mr. Mossburg. Death caught up with them. Some of them look pretty happy but I'm sure their friends and family aren't.

# SADD

## Tricks For Life

*This past year SADD had a great year with high turnouts at all the meetings. "SADD has really taught a great deal about life and how risky it is to drink and drive, and how easy it is to be a victim of such a crime."*

*This year they sponsored a dance and distributed red ribbons on the student cars in the parking lots at JHS and the staff cars at the middle school. The annual Grim Reaper day took place on March 30<sup>th</sup>, a week before spring break. SADD ordered new great looking T-shirts to show their support and got membership cards printed up for all the SADD members. They are proud to say it was a very successful year.*

# Foreign Exchange

## Enchantment From Another Land!

Bringing their own culture and customs, several foreign students converged on Tecumseh for a one year study in America. Besides seeing America through unique eyes, they also brought the excitement and allure of their land. From Argentina to Germany, they integrated into the cultural mecca of America, learning, teaching,, and creating a lasting impression on all who knew them.

The students joined several teams throughout the year, including swimming, varsity basketball, and the newly formed lacrosse team. They proved to be some of the best players at Tecumseh. In addition, they also participated in many activities after school such as debate, and JYJ plays. Overall, they were well liked and will be missed when they return home in July.

English exchange student, Corine Gurney, played both varsity basketball and lacrosse for Tecumseh. She also taught her American friends various English words like "bonnet".

This is a senior locker. Corine Gurney shows her cross age kids around the high school, and they made a stop at her locker. Are you allowed to put stuff in your locker back in England Corine?

One of our more vibrant students, Danae, participated in more than her share of activities. Danae hails from Greece.

Coming from the other side of the equator, Brazilian student, Renada, marches excitedly in the Homecoming Parade.

# Cross-Age Exchange Day

## A Brand New Experience

*Cross-Age Exchange Day was held on April 24, 2000. All of the excitement started at 9:45 as the buses pulled up. Each of the Cross-Age tutors rushed to the buses to pick up the two kids whom they had chosen to attend High School for a day. The amazement on their faces as they took a look at the school was worth a million dollars. Even though the tutors and their kids were allowed to leave class 5 minutes early they were still faced with the madness of the crowded hallways. The kids seemed to disappear in the mass of "The Big Kids" as they made their way to their next class. The thing they all seemed to enjoy the most was lunch. They were overwhelmed with tons of choices of food to pick from. Since it was their day, they were allowed to eat in the food court outside surrounded by other kids from other elementary schools. Unfortunately, the fun eventually had to come to an end as the kids piled back on to the buses at 1:45. They were bid farewell as they waved good-bye ecstatically to their tutors. Another year, another experience!*

*A big kid himself, Chris McCormley, tries to show his cross-age kid what he really does in High School.*

*"I really enjoyed my day with the kids." - Sara Elliott*

*Sisters Rachel and Ronda Brueckner take a minute out of their busy day to show their bright smiles.*

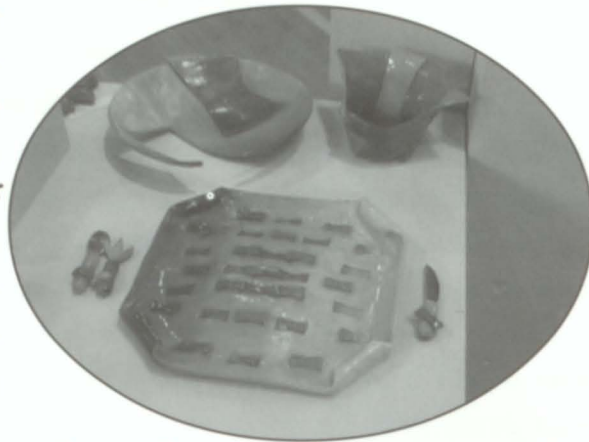

*Reading a play dramatically in his English class, Nate Emerson shows a cross-age kid the real way to read drama. The look on her face is priceless.*

# Art Show

## Art for the Masses

As always, the Jecumseh High School Art Show exhibited an outstanding collection of intriguing art pieces. It demonstrated the current talent found at Jecumseh High School. This year the art show, in collaboration with the Celebration of Writing, was held in the Gym May 18-20. Included in the gym were projects and other structures from the Drafting and Industrial technology classes. The Drafting 2 class displayed their house blue prints along with their scale models. Metal Fabrication class displayed their work such as toolboxes and welded metal pieces. The art show received pleasing reviews from Jecumseh community members.

Many different genres of art were shown this year at the art show. The many forms of art demonstrated the great quantities of time spent on each individual piece.

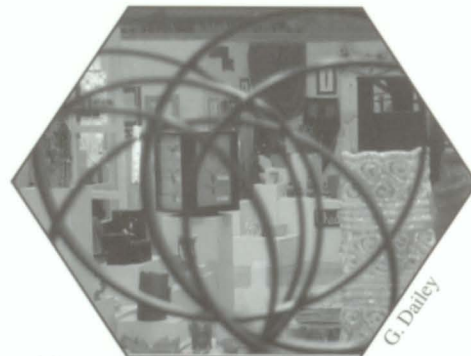

The future contractors of Jecumseh displayed their house models and blue print designs from Mr. Reeds' Drafting classes. The houses provided the art show with just as much entertainment as the art work made by Jecumseh High School's art students.

Looking at many boxes with the six elements of art, you notice the different ideas people had for each one. Every student in Art & Design was required to produce one such box.

W. Tran

The 2000 Art Show had exceptional pieces. This telephone covered with fragments of mirror was one such example..

G. Dailey

This year's art show had art that provided inspiration for aspiring artists. The gym was packed with quality pieces of art.

## Wizards of Wisdom

The members of National Honor Society set a positive example for everyone in our community throughout the year. N.H.S. members participated in many community service activities.

Members participated in the "Meals on Wheels" program that delivers meals to the elderly in the county. They also helped with several senior citizen lunches and with the Special Olympics. N.H.S. members helped kids through tutoring and the Secret Santa program.

These students were not only excellent role models to their fellow classmates, but they also touched the lives of the community.

# Remembering Sandra Renee Brown

"...I am so sorry that you have been taken away from us, but I know that you are being taken care of wherever you are. You have so many friends that love you and I know you have that same love for each and every one of them. You have always been there for me and you will continue to do so, I will never let you go..."

## We Will Always Think of You

By: Kendra Leigh Randolph

When times get tough and life gets rough, we will always think of you. During summer, winter, fall, or when we're old and need to crawl, know we'll always think of you. When we're driving down the street and new faces are waiting for us to meet, know we'll always think of you.

When days pass and are gone, in this chess game called life we're the pawn, know we'll always think of you. When we've cried so many tears and our eyes are dried for many years, know we'll always think of you.

When we find new love and remember our lost ones, know we'll always think of you. When we remember the friendships that we found and the times in school that we clowned, know we'll always think of you. When we every once in awhile think of Brandy, you'll be remembered too, Sandy, know we'll always think of you.

When things get too hard and we feel all torn apart, know we'll always think of you. So no matter what we do, think or say, know we'll always be okay. So wherever you are, we hope you can hear us when we say, "Remember, Sandy, we will always love and think of you."

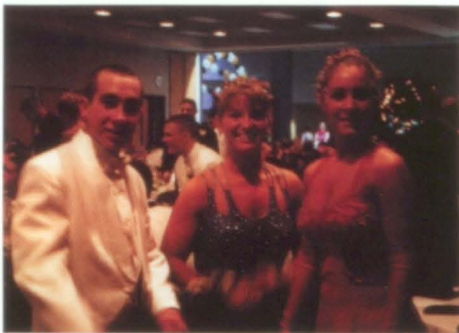

# Prom

## Starlit Enchantment

The 1999-2000 Juniors and Seniors waited three to four long years for a night they would never forget. The Prom was held at the Morris H. Lawrence building at Washtenaw Community College in Ypsilanti on the evening of May 6th, 2000. Hors d'oeuvres were served early and pictures were taken before dinner. The main course was a great buffet, followed by an excellent chocolate mousse or cheesecake. Afterward the D.J. kicked it up a notch and the dancing began. Friends and familiar tunes filled the dance floor and encircled the newly crowned king and queen, Brad Buswell and Crystal Paiva. The highlight of this magical evening was when students and faculty gathered together in a tearful rendition of "Graduation Day".

Everyone at the Prom had an enjoyable time talking and dancing with friends.

A man's gotta do what a man's gotta do! Steve Kampmuller never misses a shot or a chance to properly accessorize!

Do you think they're ever going to play our song?

"The Love Shack is a little ol' place where we can get together!"

Four men gather around the tail end of the hors d'oeuvres table. Those tasty munchies didn't last long!

If I smile, will you feed me? Jeff and Carrie eagerly wait for dinner to be served.

# "Graduation Day"

## Vitamin C

So we talked all night about the rest of our lives  
 Where we're gonna be when we turn 25  
 I keep thinking times will never change  
 Keep on thinking things will always be the same  
 But when we leave this year we won't be coming back  
 No more hanging out 'cause we're on a different track  
 And if you got something that you need to say  
 You better say it right now  
 'cause you don't have another day  
 'cause we're moving on and we can't slow down  
 These memories are playing like a film without sound  
 I keep thinking of that night in June  
 I didn't know much of love but it came too soon  
 And there was me and you and when we got real blue  
 We'd stay at home talking on the telephone  
 We'd get so excited and we'd get so scared  
 Laughing at ourselves thinking life's so fair  
 And this is how it feels...  
 As we go on, we remember  
 All the times we had together  
 And as our lives change  
 Come whatever, - We will still be friends forever  
 So if we get the big jobs and we make the big money  
 When we look back at now will our jokes still be funny?  
 Will we still remember everything we learned in school  
 Still be trying to break every single rule?  
 Will Heather find a job that won't interfere with her tan?  
 I keep - keep thinking that it's not goodbye  
 Keep on thinking it's our time to fly  
 And this is how it feels...  
 As we go on, we remember  
 All the times we had together  
 And as our lives change  
 Come whatever, - We will still be friends forever  
 Will we think about tomorrow like we think about now?  
 Can we survive it out there  
 Can we make somehow?  
 I guess I thought that this would never end  
 And suddenly it's like we're women and men  
 Will the past be a shadow that will follow us around  
 Will these memories fade when I leave this town?  
 Keep on thinking it's our time to fly  
 As we go on, we remember  
 All the times we had together  
 And as our lives change  
 Come whatever, - We will still be friends forever

# AFTER PROM

## An Island Adventure

This year JHS was transformed to an adventure island. The theme was Gilligans Island. Because of this, the cafeteria, halls and gym were filled with exotic, island decorations.

Blackjack and other games were set up to gamble chips and earn a few extra tickets. The "Jiki Theater" was also set up in the cafeteria. This stage was host to limbo and hula-hoop contests. Karaoke was also right next to the stage.

The gym was also an exciting place with "Sumo wrestling". This was the opportunity for people to have a little fun and feel what it's like to be a sumo wrestler.

The after prom this year was a sure hit! With all the prizes, food, games and people, it's one to remember forever.

Michelle Pasternack is the "Sumo" champion after knocking down her opponent. Sumo wrestling was a huge "hit", especially for those who lost.

"Girls Just Wanna Have Fun", was a great addition to this years After Prom. A group of senior girls sing their hearts out, karaoke style!

Boys and gambling.....WATCH OUT! J. Bayleat, J. Cunningham, A. J. Stevenson, R. Delory, and Scott Karpicke try their luck at blackjack.

Prom king and queen Brad Buswell and Crystal Paiva with aid from Steve Kampmuller get dealt their hand of cards, each one doing their best to reach twenty-one.

*As the wheel spins everyone hopes for their number to come up. This wheel spinning game was not only very popular, but a great way to win or lose some extra chips.*

*How low can he go? Nate Emerson puts himself to the limit as he attempts to "limbo". Limbo was only one of the fun events that happened on the Tiki Theater Stage.*

*Karakoe singers attracted a huge crowd. The after prom goers watch in amazement as JHS students sing their hearts out.*

*One up one down that's the game, Blackjack. The chapter ones acted as great dealers and helped allow the students to turn their few chips into bags full.*

*What to do next? Ben DeJonghe and Jill LaRocque decide what activity they should participate in next.*

# Graduation

*What a perfect day! Graduation Day for the Class of 2000 was a beautiful day for seniors, teachers and parents to commemorate and celebrate the completion of the seniors' high school years. The speeches were thought provoking, both commemorating the years of school and encouraging all for the years ahead. Emotions ran high with tears of joy for the successfully graduated seniors.*

## *Congratulations Class of 2000!*

*The serious, the attentive and the excited. Everyone seemed to have mixed feelings about graduation.*

*Mr. Roberts leads his newly graduated class back to the gym. He gives a sigh of relief in knowing he has helped another class through high school.*

*Looking for their parents in the crowd, these guys can not believe how many people have come to support them.*

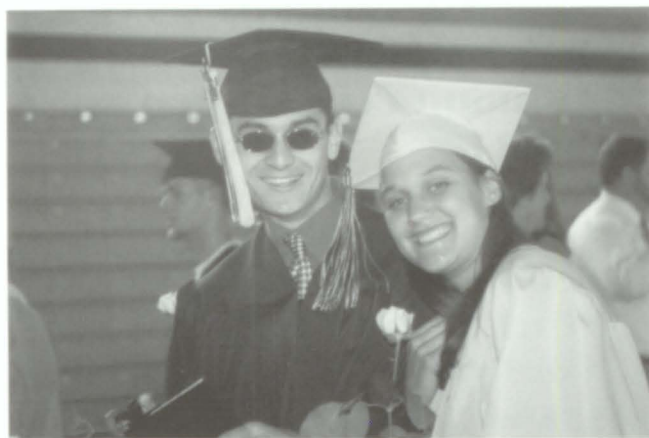

*As the band closes out the ceremony, the class of 2000's hats fall at their feet.*

*The end of the ceremony is the beginning of the rest of their life.*

*Hats fly through the air as they are introduced to everyone as the graduated class of 2000.*

*Jon Jobar and Rachel Brueckner are all smiles as they wait for the ceremony to begin.*

*Finally finding his hat, Steve Kampmueller tries to get it back on his head just perfectly.*

*Joel Whelan walks across the gym floor for the last time as he goes to join his class already lining up.*

*It's time to move on. See you at Homecoming 2000!*

### **Mission Statement**

To foster the opportunities and resources necessary to provide quality recreation facilities and activities for existing and future Tecumseh residents of all ages.

Additionally, to assure that the quality of the Tecumseh park system is not only maintained but continually upgraded.

# **Congratulations Class of 2000**

## **Education with a Mission**

### **COMPETENT**

Having the knowledge, skills and experience needed to succeed in a chosen field.

### **PURPOSEFUL**

Having the confidence, character and motivation to identify and pursue a significant goal.

### **ETHICAL**

Having the values and spiritual foundation to guide and enrich those efforts.

### **Values-Centered Education**

The mission of Siena Heights, a Catholic university founded and sponsored by the Adrian Dominican Sisters, is to assist people to become more competent, purposeful and ethical through a teaching and learning environment which respects the dignity of all.

### **Quality, Affordable Education**

Modest tuition, along with grants, loans and work-study make Siena Heights very affordable. Nearly all full-time students receive some assistance.
