The Writing for Publication staff chose "These are the times of our lives" as this year's theme. Whether you are a freshman or a senior, high school is a time of growth, reflection, and new experiences. These times should be remembered and treasured as the beginning of adulthood. The rites of passage of high school - dances, driver's licenses, homecoming, graduation - are things rarely experienced again. We have endeavored to capture memories you will treasure for a lifetime.

Your high school years are the times of your lives. The road that lies ahead, of college, jobs, marriage and family, is long and difficult. Your high school years prepare you to accept those challenges with intelligence and perseverance. But you're supposed to have fun, too. That's why Tecumseh High School is special - you'll have fun preparing for the times of your lives.

## Head Editor Jenny Barnes

Being on the yearbook committee for the third year in a row, I've finally become the head editor of the class. The yearbook committee works hard and puts a lot of time into completing their pages. Each and every student in the class is creative with their layouts, has amazing photography skills, and top-notch grammar thanks to our editing sessions. Working on the yearbook takes a lot of time in and out of class, so please do not plan on taking this class as your 'blow-off' class. Our goal this year is to get all the students at THS in the yearbook more than once. The students this year are awesome, and I wish all new yearbook designers the best of luck." ~ Jenny

## The Yearbook Staff

The yearbook staff consisted of 15 students: Jenny Barnes (Head Editor), Danielle Deere, Shelby Denham, Lauren Haines, Megan Harsh, CJ Horn, Ashley Russell, Jessica Shelby, Charlotte Squires, Samantha Stinehart, Larisa Thacker, Tori Thacker, Tess Wagner, and Bee Wilson (missing: Jennifer Swope). As you can guess, the yearbook staff creates the yearbook and also writes the articles for the Drumbeat, our online school newspaper. Mrs. Ricketts has been the advisor for three years.

Mrs. Ricketts

# *These Are the Times of Our Lives...*

From walking through the doors on our first day of high school to walking across the stage to receive our diploma, we will make new friends and become closer with old ones. We will learn more than imagined - school lessons along with important life lessons. We will push ourselves to achieve the unachievable and make ourselves stronger by coming close to those goals where we came up short.

Through the years we've all uniquely made our own high school experiences.

The time we spend inside Tecumseh High School plays a big part in defining who we are today and who we will be tomorrow. We've all experienced 'the times of our lives'!

--Jennifer Barnes

# Class Advisors

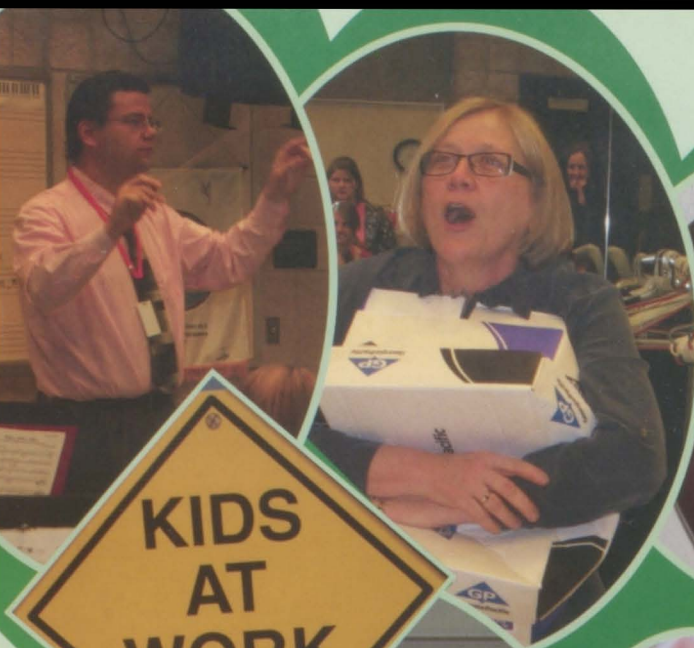

With much pride and gratitude for what they have done for us students, the Tecumseh High School Writing for Publication staff dedicates the 2007-08 yearbook to Thomas Bullinger and Anne Kasper, the class advisors for the Class of 2008. Mr. Bullinger is a mathematics teacher at Tecumseh High School while Mrs. Kasper is an English teacher for the eighth graders. Their contributions and efforts toward making this year a worthwhile one are reflected in their volunteer work with such activities as Rendezvous in Paris, Christmas in the Country, Float building (four year champions), Powder-puff "3-Peat," the Mystery Trip, and many more. They encourage and spend extra time with us students. Both class advisors show they really care by volunteering their time for us seniors outside their normal lifestyle. Thank you for making the Class of 2008 the time of our life!

Some even earn college credit!!! Vo-Tech is limited to only to juniors and seniors throughout Lenawee County, so sign up quickly!

# Exchange Student

Laurence Delperdange, a senior, is our only foreign exchange this year. She comes to us from Belgium. Back home she was into theater, hanging out with her family and friends, going out, and listening to all kinds of music. She especially likes rock n roll, folk music, reggae and electronic.

As much as she really does like America, she wouldn't like to live here permanently. However she would come back for holidays and such, but she just doesn't think America is her home. She leaves for Belgium on June 22, 2008.

Laurence came to America hoping to learn English and see another culture. She says it's the American Dream. She loves being here and has had the opportunity to travel extensively and meet all different types of people. Since she's been here, Laurence has seen the Tigers, the Lions, and the Red Wings and she's traveled to New York, Toronto, Niagara Falls and Chicago with her host parents Rick and Paula Holtz.

Her family consists of her parents (Thierry and Christine), her sister (Mélanie), two brothers (Adrien and François), and of course herself. She has a great relationship with her family; they're all really close and eat dinner together every night, and even have a family night each week. Who wouldn't love to be part of her family?

Academically, she is mainly interested in art, Spanish, French, and history. At Tecumseh High School, Laurence is taking Aerobics, Grammar and Vocabulary, Poetry, English 12, Spanish 1, Government, Economics, U.S. History, and Art and Design.

## Concert Band

The 2007-08 school year began with a bang at the Band-O-Rama in the fall. The Concert Band combined with the Wind Symphony to play as a large concert ensemble. They performed Instant Concert and the crowd loved it. The season continued with the Holiday Concert. The band performed "Christmas 'A La' Big Band," "Away in a Manger," "Fantasia on We Three Kings," "Sleigh Ride," and "A Christmas Festival." The Concert Band continued Tecumseh's tradition of 1st division ratings at festivals, once again impressing the judges. During spring break, members of the band took a trip to Chicago and saw a Broadway production of *Wicked*. The band finished the year with spring concert based on a "Wizards" theme.

## Symphonic Band

The Symphonic Band performed at Band-O-Rama along with Concert Band and Wind Symphony. They also played at the Holiday Concert, after which it was time to prepare for Festival. The Symphonic Band earned a 1st division rating at this Festival. The spring concert featured music from *Lord of the Rings*, *Harry Potter*, the *Wizard of Oz*, and *Wicked*.

## Wind Symphony

The Wind Symphony is the highest band at THS. To become a member, you must audition and be accepted. Band members also participate in Marching Band and led off the Instant Concert at Band-O-Rama. This year's Wind Symphony also went to Festival and earned a 2nd division rating. The crowd's favorite piece was "Fanfare and Evocation." During the final concert, the brass and percussion groups performed their own *Harry Potter* ensembles. The Wind Symphony was the featured band at Commencement playing "Pomp and Circumstance," "The Star Spangled Banner," "Alma Mater," and "Fanfare and Evocation" which was chosen as the senior band song.

# Music

THS Drumline

## Marching Band

The Shooting Stars Marching Band had a great year, beginning in July with Band Camp. It was hot, but the band spent 12 hours per day for a week learning their show, which was based on a hard rock theme. The band played several outstanding shows, finishing by bringing down the house at the Lenawee County Marching Band Festival in early October. The drum majors for this year, Kristi Radbourne, Ross Travis, and Danielle Mruzek, provided great leadership and a super freshman class made the season run smoothly.

THS Flag Corps

## Pep Band

The pep band is an entirely student-led organization that provides additional spirit for the basketball games at THS. The student director this year is Samantha Weber. The band plays lots of fun music and supports the team.

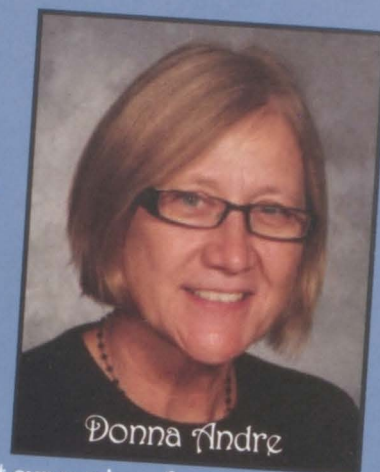

## Jazz Band

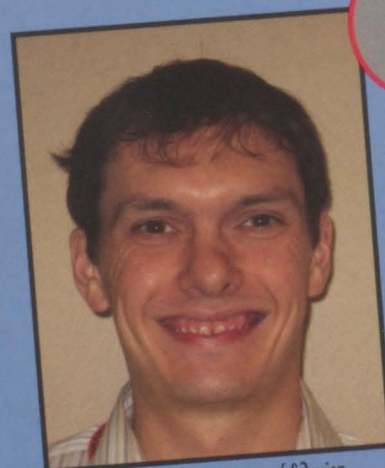

The Jazz Band at THS is a small ensemble which is dedicated to playing jazz and popular music. This year, the Jazz Band performed all over the community for different events. Their biggest performance is at the Taste of Tecumseh in February. They also perform at the spring concert and holiday concert.

# New Teachers

Graduating from Blissfield High School in 1985, Nick Benschoter, left, joins us from Tecumseh Options. Mr. Benschoter was a sports fan in high school, playing on the football and wrestling teams.

Another alumnus from Tecumseh High School, Scott McCarley (above) is an English teacher. He graduated from Eastern Michigan University, though he took other courses at Northern and Wayne State. Mr. McCarley played baseball and wrestled during his high school years. Before coming to Tecumseh, he taught at Cesar Chavez Academy in southwest Detroit.

Greg Clites, right, is no stranger to Tecumseh Public Schools either. He taught at the Middle School for four years before joining us at Tecumseh High School. He hasn't only taught in the United States, he taught computer programming and factory automation for sixteen years in Malaysia, Singapore and Japan.

Jason Mensing, left, our new football coach and physical education teacher knows all about how Tecumseh High School operates. He graduated from here himself, participating in football, wrestling, track, Winners Circle and CA. He went on to study at St. Joseph's College and Adrian College. He taught at Owosso, Grayling and Addison before joining the staff of THS.

Angel Mensing, above, one of two new English teachers this year, knows how to get her students pumped for learning. In Birmingham Groves High School, she was a dancer, a cheerleader and a student trainer, but she wasn't all about screaming and jumping. She was in student government also. Mrs. Mensing is also no stranger to teaching; she taught at Springbrook High School, Grayling High School, and Owosso High School, but luckily for us, she decided to come teach at Tecumseh. Angel and husband Jason make up Tecumseh High's Dynamic Teaching Duo.

# Student Teachers

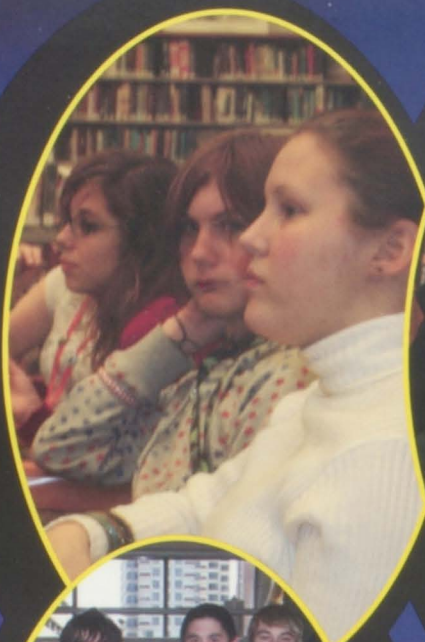

Mrs. Kaitlyn Smith graduated from Clinton High School in 2003, and from there went to Siena Heights University. Her favorite subject is English, which is the main subject she wants to teach, specifically American Literature and British Literature. In high school, she participated in different activities such as basketball and track, but she also participated in academics such as Student Council where she served as Vice President. When asked what clubs she would like to be the advisor for, she simply said Student Council and being a class advisor \*hint hint next year's freshmen\*.

Below Mrs. Smith we have Ms. Katie Rawlings, an Onsted High School graduate of 2002. She currently attends Siena Heights university, but she has already graduated from Michigan State University. She would like to teach Science for the most part. In high school, she was quite busy, competing in gymnastics, cheerleading and track. She wasn't all about sports though; she was about academics. She was in National Honor Society, Key Club, and Youth in Government. Continuing with her academics in college, she went on to tutor and volunteer, and still found time to run track. She would like to be the advisor for Science Olympiad, NHS or SADD. She would love to work at our high school permanently. She believes that we have a beautiful facility, fun and friendly staff along with great students.

The Freshmen team faces off against the Juniors

The Freshman and Juniors face off as they prepare for the play to begin.

She's at the 40, the 30, the 20, she's going to score, she's going to score! And the seniors score another touchdown.

The sophomores prepare to stop another touchdown

Both Freshmen and Juniors gather around to wish each team good luck before the game.

The Seniors plot to score yet another touchdown with one of their trick plays. The Sophomores plan to stop the Seniors at all costs. The Seniors gain a few yards, but the Sophomores manage to stop them in time.

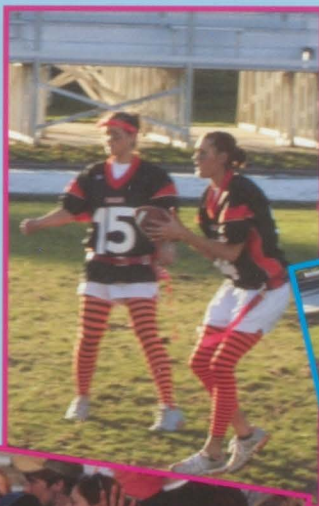

# A little friendly competition never hurt.

This year, the Seniors won the first game against the Sophomores. After that exciting game, the Freshmen played the Juniors who left the game as winners. During the final showdown, the Seniors played the Juniors in a thrilling match, leaving the Seniors with year-round bragging rights.

You boys say "You play like Girls" like it's a bad thing!

Let's go Seniors! The seniors receive the ball to gain yards each time.

The Seniors watch in anticipation to see who their next opponent will be - the Freshmen or the Juniors.

# Much Ado About Nothing

*Much Ado About Nothing* is a comedy written by William Shakespeare around 1598. It remains one of Shakespeare's most enduring plays and shares common characteristics of a modern romance: unrequited love, mistaken identity, and a villain we all love to hate. Director Ted Rachwal's production featured an outstanding cast, lively comedic scenes, and even a disco ball.

Beatrice and Benedick fall in love.

Breakfast of Champions is a Tecumseh High School celebration honoring students for acquiring or maintaining a cumulative GPA of 3.00 or above. This year, 308 students, about 30% of the entire student body, were recognized at the traditional pancake breakfast provided by King Pancake.

Congratulations to them all!

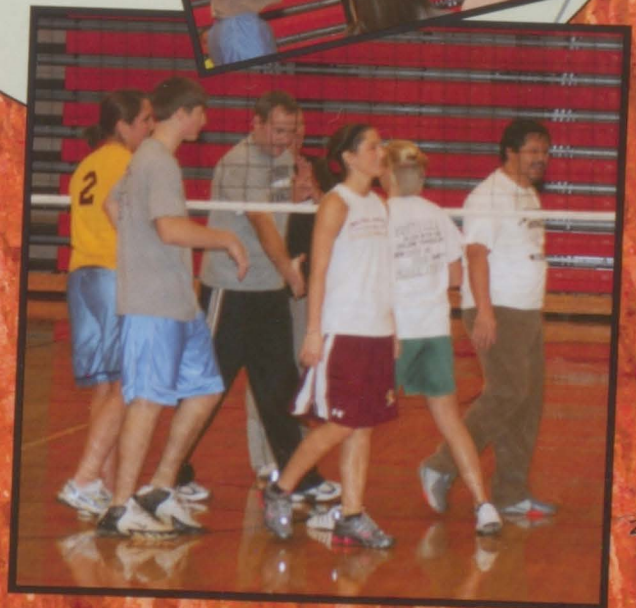

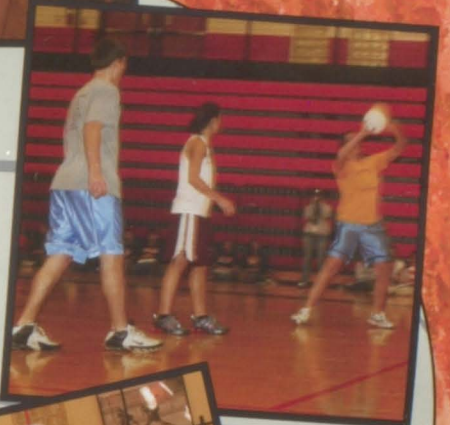

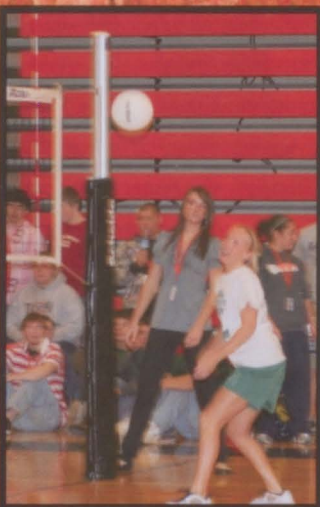

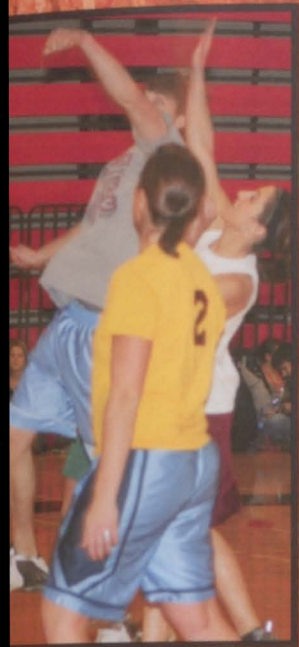

Breakfast of Champions is made possible every year by our Quality Improvement Team and King Pancake.

# An Elegant Evening of Song

'An Elegant Evening of Song' was held in Tecumseh High School's Cafetorium on December 19, 2007.

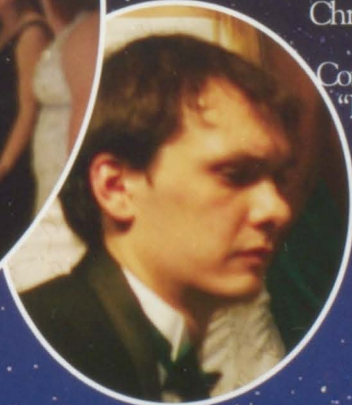

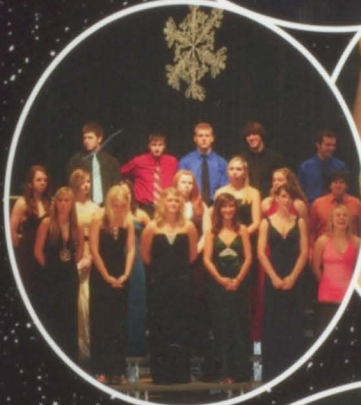

It was directed by  
Donna Andre and Scot Hanna-Weir.

Freshmen Chorale showed off their skills with; "Sing Me to Winter," "White Christmas," and "Baby, It's Cold Outside."

Festival Chorale wowed the crowd with "S'vivo," "Keep Your Lamps," and "The Twelve Days After Christmas."

Company sang four songs: "O Holy Night," "Holly Jolly Christmas," "Mary Did You Know?" and "Innkeeper."

Festival Singers sang "Gloria," "Ave Verum Corpus," "God Rest Ye Merry Gentlemen," and "O Magnum Mysterium."

All choirs joined together for "Hallelujah Chorus" and "Carol of the Bells."

"Carol of the Bells" has been a tradition at the end of each Christmas concert for years.

Concert Women performed "Sleigh Ride," "Breath of Heaven," and "A Jingle Bell Christmas."

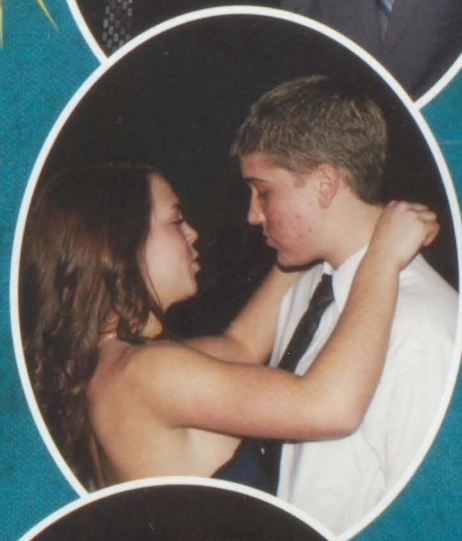

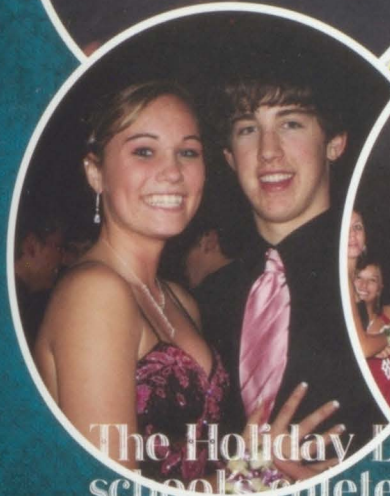

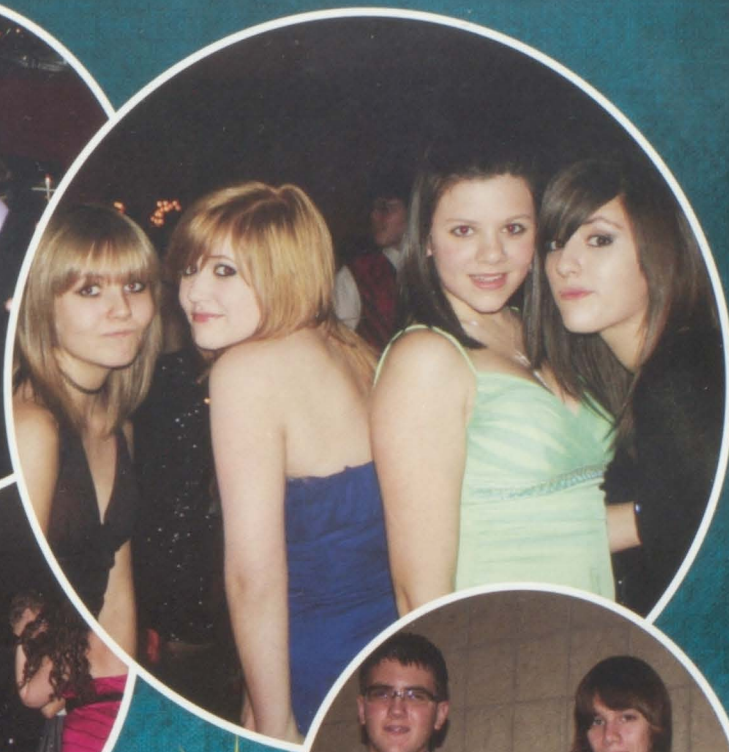

Associates delighted the audience with "Merry Christmas with Love," "Noel Nouvelet," and "Grown-Up Christmas List."

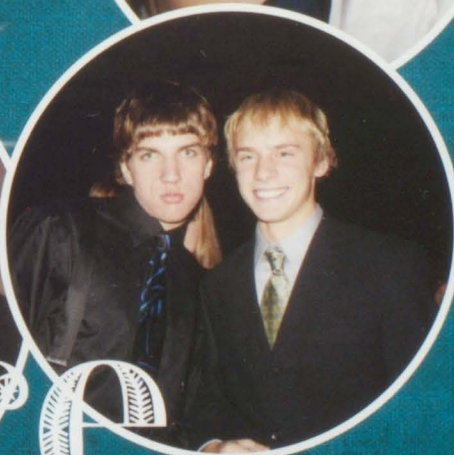

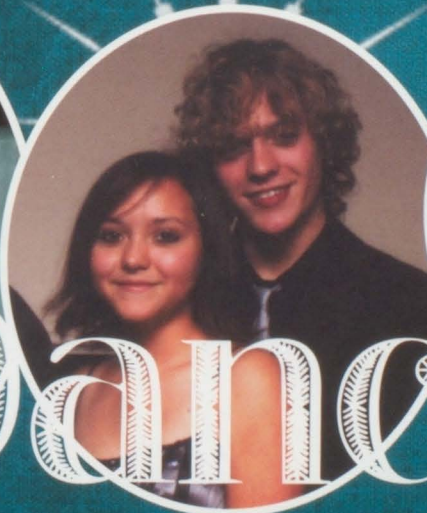

# "Christmas in the Country"

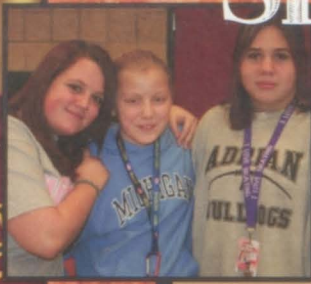

The Holiday Dance was held in the high school's cafeteria and was put on by the Class of 2008. The cafeteria was decorated with many lights and Christmas trees. The weather that night was snowy, leaving the sidewalks very slippery. The ladies were escorted to the door with the help of parents. Picture taking took place in front of a Christmas-themed background. If hungry, there were plenty of desserts to eat: chocolate fondue and mini cheesecake bites, to name a few.

This year, the TICWSS game was against Bedford. What better way to celebrate a win with a dance? The students that attended the dance had a great time, dancing the night away.

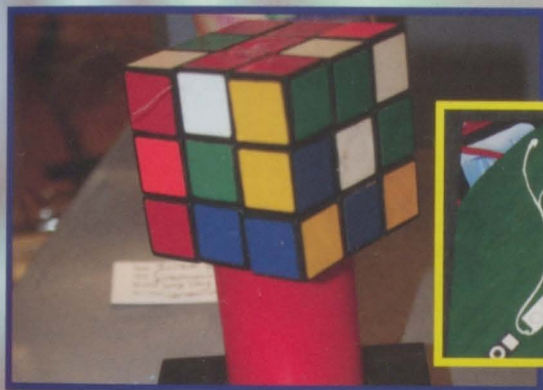

As students at Tecumseh High School we are fortunate enough to have an outstanding art program. Those who participate and take time to put their souls into their art now have an opportunity to show off the skills they possess.

# 47th Annual THIS Art Show

Students submitted work from all the different art classes, including Art and Design, Drawing and Painting, CAD, Photography, and more. *“Stronger than you think”*

Class of...

2011

For most freshmen, coming to this big high school was scary, but exciting. We are experiencing different schedules, lunches, and classes from last year. In middle school, we never had block scheduling. We all ate lunch at the same time. We have met a lot of new people by trying to find a seat in the over-crowded cafeteria. In high school, you choose your classes. And not just your typical art or gym classes - there are varieties of almost every subject.

The picture above is of our freshman float. The theme for freshman this year is "Greek Era." On one side of the float it says "Stronger than you think." On the other side it says "THS=Olympic strength." Riding on the float, in togas, were Tess Wagner and Victoria Lacosse. The freshmen really pulled together to make our float amazing.

# VARSITY FOOTBALL

This year was great for the varsity football team. They had far more wins than losses and made it to playoffs. The new Head Coach, Jason Mensing, was named County Coach of the Year. Seven players were selected as First Team All-Southeastern Conference White Division. Zach Galloway, Troy Hill, Jon Adamy, and John Hacker were named to the offensive first team. Mike Butler, Will Kasper, and Trey Searles were named to the first defensive teams. Chuck O'Donnell, Trey Searles, Mark Lahnala, Sam Bishar, and Alex Royal were honorable mention All-SEC White selections.

# EQUESTRIAN TEAM A

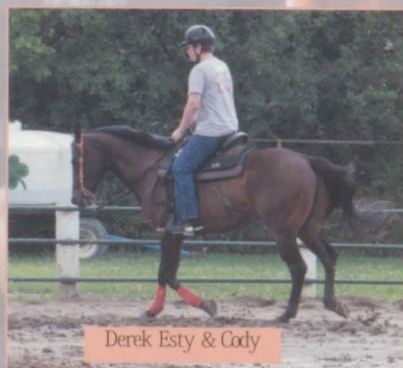

Team A had a great season this year, scoring 268 points with 11 riders showing, more than doubling their point total from 2006. There were five freshmen on the team and six returning riders. The High Point Rider was Liz Wanamaker scoring 57 points; Reserve High Point rider was Derek Esty scoring 46 points, and Jacob Ransom was in third scoring 32.5 points. With that many freshmen, and no seniors on the team, Tecumseh will be a force in District 10 again next season.

They operate the concessions for all home sports at the High School level, except boys basketball, and many at the middle school level. They also sell 50/50 tickets and game ball tickets at boys basketball and football games and host a Dinner Dance to help finance their donations.

# VARSIY VOLLEYBALL

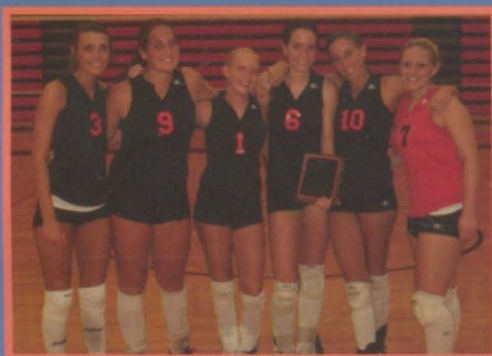

This year had its ups and downs for the varsity volleyball players. Some great comebacks were made, and some losses happened, too. However, this team fought hard and won most of their games. With excellent serves, fantastic first passes, nice sets, awesome spikes, and exquisite digs, the Tecumseh Indians Varsity Volleyball players accumulated more wins than losses. Some of the team made the All-County volleyball team. Nikki Hughes made First Team while Jessie Manwaring and Lindsey Stephenson made Second Team. Honorable Mentions were Carlee Handy and Theresa O'Leary. Thanks to Coach Kerry Watkins for another great year.

The head coach for the varsity team is Griff Mills. Before he became Athletic Director of Tecumseh High, he was head coach at Savannah, Georgia's Armstrong Atlantic State University for 10 years. He also coached for 15 years at a Division 1 and Division 2 college.

He expects the team to do well this year and strive hard. He wants them to be the role models of the school and have good academics. The team is on a great path this year and easily comes back on balance after losing. They are not being selfish. The quote the team follows is, "Fundamentals are the great equalizers." Coach Mills has decided not to select captains until the end of the year. He wants to see how devoted the players are, and then the teammates will elect whom they believe should be chosen captains.

# COMPETITIVE CHEERLEADING

We were ranked in the top 5 all year in our region. The girls have worked so hard, and we have seen such awesome results throughout this season. The varsity team (16 girls) was really strong with almost all of them throwing handsprings, walkovers, and doing triple splits. We had half the team throwing back tucks, which we have never accomplished before. We held our 2nd annual home meet, taking 1st place! It will be a challenge to replace the seniors because each one of them holds special talents that have strengthened our team, but every year girls surprise me. We ended up having two girls with All-State recognition, and one was asked to be champion staff which has never happened in Tecumseh History. We ended up scoring in the 700's for the first time ever! Each competition had 13-20 teams total, so they did amazingly well!

Front row (L to R): Heather Ferow, Stephanie Houghton, Nikki Bice, Sarah Burlett, Larisa Thacker, Becca Mollette, Megan Heath, Chelsie Whitehead  
Middle row: Erin Lara, Rachel Bartolo, Amanda Duncan, Rachel Braun, Meaghan McKean, Holly Swan, Marlena Hilderley, Ana Acosta, Ashley O'Leary, Brittany Lee  
Back row: JV Coach Laurie Houghton, Britni Birt, Courtney Mollette, Erika Stuenkel, Bridget Rathsack, Codi Thomason, Jessie Anders, Tori Thacker, Jenna Warner, Danielle Deere, Varsity Coach Michele Felkey

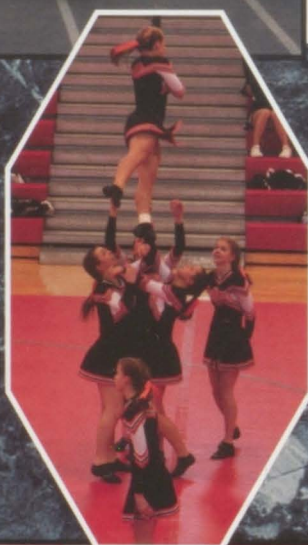

Our JV team (12 girls) was incredible this season. All but one of them got their back walkovers by the end of the season, and my Assistant Coach, Laurie Houghton, did an excellent job of getting them ready for Varsity.

*Winning a state championship is a huge accomplishment, but winning back-to-back titles can't even be put into words. The emotion and heart that these girls played with is the reason we had so much success in the post-season. I'm sure for the girls, all of the weightlifting, running, and pre-season workouts finally seem worth it. All of their hard work paid off, and I feel honored to be the coach of this team. The leadership of the seniors will always be something to remember. These girls have left a legacy in not only the softball program, but the entire athletic program as a whole. They will always be the FIRST team to win back-to-back state titles at Tecumseh High School, which is something pretty special.*

# GYMNASTICS

The Tecumseh Gymnastics team is coached by Jennifer Posten and Jane Baker. They held a remarkable season. For the first time ever, the team placed 1st at the SCGL at Parma Western. After making it to Regionals, they came in 10th place.

# SWIMMING

The boy's swimming team had a very good season with help from their coach, Pete Zuk. With hard work and determination, the boys came in 1st place in their SMISL Championships. They continued on to the SEC Championships and placed 2nd. After that they went to States and came in 3rd. The state team members were Jordan Lillie, Neil Palmer, Nick Dillon, Scott Yarbrough, Ryan Sloan, Bip Cline, Andrew Eubanks, Patrick McAran, and David Gensch.

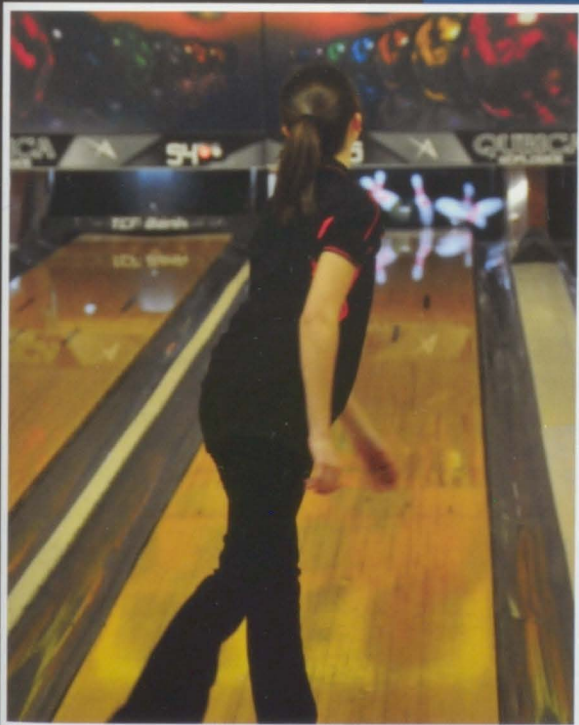

The girl's swimming coach is Sarah Eubanks and the assistant coach is Norm Seidel. The team came in 14th place at state finals. Tori Merritt came in 7th place in the 200 yard freestyle and 2nd place in the 100 yard butterfly. Kirsten Clark took 16th place in the 50 yard freestyle, and Allie Merritt took 15th place in the 100 yard backstroke.

# JV & VARSITY BOWLING STATE CHAMPS!

Both the Varsity and JV girls bowling teams had the chance to go to state this year, and both teams won! Kara Richard from the varsity team even managed to bowl two 300 games, the highest score possible. "We have big shoes to fill," say the coaches. The girls will continue to work hard to defend their titles.

William –

Since the day you were born, we always thought every stage you went through was the best, and we wanted to freeze you there.

From smiling,  
to rolling over,  
to walking,  
to catching and hitting a baseball,  
to throwing a football,  
to learning to read,  
to shooting a three,  
to catching your first bass,  
to bow hunting,  
to driving,  
to hitting a homerun,

to the honors and awards you've received,  
and now graduating and making college and career plans  
we've learned watching you grow keeps getting better.

We are looking forward to the next stage, and we are very proud of the man you've become.

God's Blessings and All Our Love –  
Mom and Dad

And thanks for being a great big brother to look up to. – Kaylene

## THE BROADWAY

The Broadway is customizable, within reason. At present time, we're unable to stitch the word "director" on its back.

Relaxation is a one-word mission statement here at La-Z-Boy. Of course, true comfort means everything's got to be just right. Which brings us to the completely customizable Broadway. Choose from plain or channeled recliner backs, round or modern track arms, and chaise or pillow-top seat styles. Plus a modular design that's flexible enough for any room or napping position.

### A. Economic aches

Gasoline and food prices went up and home prices went down as the economy weakened. At yearend 2007, the national average price for one gallon of gas was \$2.97, while the average price for a gallon of milk was \$3.80. Home prices experienced the largest drop in 16 years. In addition, jumps in adjustable rate mortgages left many homeowners behind or unable to pay their monthly house payments.

### B. Drying up

A severe drought in the southeast U.S. led to water use restrictions and renewed tensions over water supplies in Georgia, Florida and Alabama. The drought was the worst in northern Georgia in 100 years.

### C. Superbug hits schools

Schools across the country began dealing with a drug-resistant staph superbug called methicillin-resistant *Staphylococcus aureus*, or MRSA. Some schools closed for cleaning when a student was found to have the bacteria. MRSA caused several student deaths.

### D. Stay tuned

Frontrunners kept changing before the summer conventions to pick 2008 presidential candidates. But as of Super Tuesday, Feb. 5, U.S. Senators Barack Obama and Hillary Clinton were in a dead heat in their quest for the Democratic Party's nomination, while for the Republicans, U.S. Senator John McCain, almost written off a few months ago, had a large lead over former Governor Mike Huckabee of Arkansas.

### E. Gore wins Nobel

Former Vice President Al Gore won the Nobel Peace Prize for his work on informing the public about global warming. He shared the award with the United Nation's Intergovernmental Panel on Climate Change. Gore said he planned to donate his half of the \$1.6 million prize to an organization that works to cut carbon emissions.

### F. Misfit toys

More than 12 million toys made in China were recalled for containing high levels of lead. Mattel, the nation's number one toy maker, also recalled 172,000 Fisher-Price toys that could pose choking hazards.

A container ship hit the Bay Bridge in San Francisco, causing the worst oil spill in the bay in 20 years.

Steve Fossett, holder of many aviation records, disappeared during a flight over Nevada.

Cancer deaths were declining because more people were getting screened and new treatments were saving lives, scientists said.

### G. War goes on

In the war on terror, more than 165,000 U.S. troops were stationed in Iraq and approximately 25,000 in Afghanistan. The number of U.S. troops killed in Iraq began to decrease monthly, likely caused by changes in strategy in the fight against the insurgents.

### H. California wildfires

More than 23 wildfires blazed across almost 500,000 acres of southern California in October, destroying 2,300 homes. Twelve people died. Arson was the cause of some of the fires. Santa Ana winds also fueled fires again in late November.

### I. Democracy threatened

Democracy in Pakistan, a nuclear-armed nation, was on shaky ground already when former Prime Minister Benazir Bhutto was killed during a political rally. Elections originally scheduled for January were delayed. Amid the tensions between political factions in the country, additional concerns stemmed from possible threats from al Qaeda and Taliban extremists in the country.

## HELP ON A GLOBAL SCALE

Bill Gates, founder of Microsoft, worked to end world hunger and extreme poverty through the Bill & Melinda Gates Foundation.

- ✍ \$306 million – Amount the foundation pledged in January to help small farmers in Africa and developing countries grow and sell their crops.
- ✍ \$14.5 million – Amount given since 1994 for the foundation's key areas: global health issues, global development such as agriculture and research, and U.S. education.
- ✍ \$3.2 billion – Projected amount the foundation expected to give away in 2009.
- ✍ 820 million – Number of people who suffer from chronic hunger in the developing world.

Thirteen people were killed, and eventually 88 vehicles were located in the bridge wreckage or the river. Construction work was being done on the bridge when it collapsed during rush hour.

### K. Castro steps down

Fidel Castro, 81, ended his 49 years as president of Cuba by resigning the post due to his health. Castro and his brother, Raul Castro, overthrew the Cuban government in 1959, installing communism in the tiny island nation 90 miles from Florida. Reaction regarding Cuba's future was mixed from Cuban-Americans in Florida, many of whom had fled the communist regime.

### L. Protests in Jena

Tensions ran high in Jena, La., where six black teens were charged with beating a white classmate. Supporters of the Jena 6 said the beating followed an earlier incident in which white high school students hung nooses on campus. The supporters were angered because the white students were punished with school suspension, while criminal charges were filed against the Jena 6.

### M. What is Iran up to?

U.S. intelligence concluded in a report that Iran actually stopped work in 2003 on a nuclear weapons program the U.S. suspected it had still ongoing. That was the year the U.S. had invaded neighboring Iraq. However, Iran announced it was close to starting up its Bushehr nuclear facility, which will provide electricity to the country. Russia was building the plant for Iran and was supplying the nuclear fuel.

### N. No safe place

In December, a 19-year-old gunman killed six employees and two customers in a department store in Omaha's Westroads Mall before killing himself. A few days later, a gunman killed two staff people at a missionary center in Arvada, Colo., then killed two teens at a Colorado Springs church before being shot by a church volunteer security guard.

### O. Safe and effective?

Drug companies pulled cough and cold medicines for children under age two out of stores, while pediatricians urged the government to issue a statement saying the medicine should not be used in children under age six. Many of the cough and cold medicines have never been tested in children.

An ice storm hit the Midwest, leaving many people without electricity for days, including 600,000 people in Oklahoma. In February, more than 50 people were killed in tornadoes that struck Tennessee, Arkansas, Alabama and Kentucky.

## Q. Social technology solves crimes

## R. Lively and quick

Hurricane Humberto took southeast Texas by surprise, going from a tropical depression to a hurricane in 18 hours. A specialist at the National Hurricane Center said no tropical cyclone has ever grown stronger at a faster rate while being so close to land. Still, it does not take long for a hurricane to cause damage, which was estimated at less than \$500 million.

## S. No help needed

Six French aid workers were sentenced to eight years of hard labor for trying to take more than 100 children out of Chad for adoption. The workers, who were with the charity Zoe's Ark, said the children were Darfur orphans living in Chad. But officials with the Red Cross and UNICEF said most of the children were from Chad and were living with their families when they were taken.

- 22 states, the District of Columbia and Puerto Rico have laws prohibiting smoking in workplaces and public places, up from two states five years ago.
- Almost 60 college campuses have smoke-free policies

### A. Almost perfect

The New England Patriots dominantly marched through the NFL regular season and AFC playoffs 18-0, and appeared ready to become the first pro football team in more than 35 years to finish a season without a loss. But the New York Giants had other ideas, and they ended the run at perfection with a 17-14 upset win in Super Bowl XLII. The much-hyped game was the most watched Super Bowl of all time, and the second-most watched TV program ever.

### B. Daddy goes to work

Golfer Tiger Woods became a dad for the first time, with daughter Sam being born during the summer. The new dad kicked it into gear again, winning his 13th major at the PGA Championship and closing the season by winning the Tour Championship.

### C. Scary moment

During one of his runs at the Summer X Games, skateboarder Jake Long gave the audience a terrible scare when he lost his balance in mid-air, flew off his skateboard and fell about 45 feet straight down onto the ramp below. Even though Long's fall was roughly

equivalent to more than three stories, he walked away with a couple contusions and fractures, but lived to tell about it and became a skateboarding legend in the process.

### D. Big breakthrough

After several years of hype, basketball phenom LeBron James finally began to show signs of living up to his nickname of "The Chosen One." In only his fourth season, and at only 22 years old, James guided the Cleveland Cavaliers into the NBA Finals. In the process, he became a media superstar, landing spots as the host of ESPN's ESPY Awards and Saturday Night Live.

### E. Baseball comes clean

Nearly two years after he was appointed by commissioner Bud Selig to investigate the use of performance-enhancing drugs in baseball, former U.S. Senator George Mitchell released a 409-page document with his findings. The report specifically mentioned 88 players by name, and reactions varied from shock to a shrug of the shoulders. The most notable of those implicated in the report were New York Yankees pitchers Roger Clemens and Andy Pettitte.

San Francisco Giants slugger Barry Bonds hit his 756th home run and passed the long-standing all-time record of Hank Aaron. However, the historical mark was not widely celebrated as Bonds continued to be the subject of speculation about steroid use during his career. Later, he was even indicted for perjury related to the federal investigation into steroids.

### G. Rough first year

It was not exactly smooth sailing for British soccer star David Beckham during his first year in America. After signing with the Los Angeles Galaxy of MLS, Beckham was only able to play in eight games due to various knee injuries and the Galaxy were unable to make the playoffs.

### H. A blown call

Tim Donaghy, an NBA referee for 13 seasons, embroiled the league in controversy when he became the subject of an FBI investigation due to allegations that he bet on games that he officiated. Donaghy later pleaded guilty to two charges related to the investigation, and admitted that he made calls that affected the point spreads in those games.

### I. Twice as nice

Three years after erasing the 86-year "Curse of the Bambino" and ending one of the longest title droughts in sports history, the Boston Red Sox did it again by sweeping the Colorado Rockies to win its second World Series in four years. Boston rang up the best record in baseball during the regular season, and then beat the Rockies, who had won 21 of its previous 22 games.

In his 17th season, Green Bay quarterback Brett Favre set the NFL career record for passing yards, passing Dan Marino. woman to win the all-around competition at the World Championships. In the process, Johnson set the stage for the team's hopes at the 2008 Summer Olympics.

### O. Impossible to predict

The college football season was filled with several twists and turns, starting with tiny Appalachian State's upset of Michigan in the opening week. Non-traditional football schools such as Kansas, Kentucky and Illinois made appearances in the top 10. In the end, LSU won the national championship by defeating Ohio State, 38-24 in the BCS title game.

### P. Return to glory

The Boston Celtics set out to recapture their glory days by trading for forward Kevin Garnett and guard Ray Allen and pairing them with forward Paul Pierce to form a new "big three" trio of all-stars. The early returns were positive, as the team steamrolled to a 30-4 record, equaling the best start in franchise history.

#### A. Meet you online

Two of the largest, MySpace and Facebook, even developed a budding business rivalry. Facebook gained the backing of Microsoft, who bought a stake in the website for \$240 million.

#### B. Disappearing bees

Beekeepers and scientists were puzzled by, and continued to study, the problem of dwindling honeybees. Known as Colony Collapse Disorder, the phenomenon resulted in worker bees leaving hives for unknown reasons, causing the hives to die out.

#### C. An expert hack

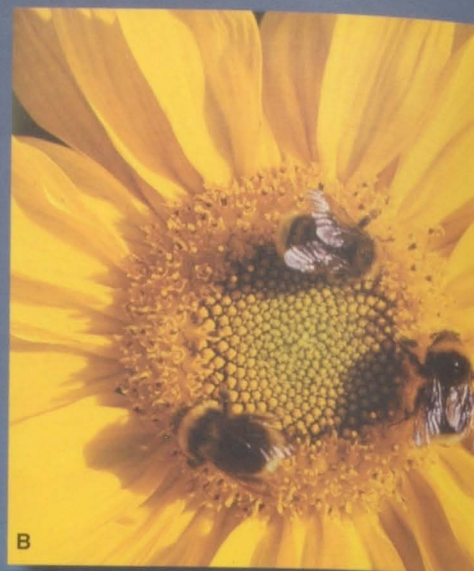

Apple released its latest innovation, the iPhone, and New Jersey teenager George Hotz took full advantage. Hotz hacked the software on his iPhone, allowing the phone to be used by other wireless service providers. He then traded the secrets for a new car.

#### D. The green movement

With more people seeming to adopt the belief that issues such as global warming were a growing problem for the world, environmental causes suddenly became part of popular culture.

B

C

TV shows, movies and ads were filled with "green" messages, and practices such as recycling continued to become more common both at home and work.

#### E. New dino

Researchers in China unearthed the remains of a giant, bird-like dinosaur, which they believed to be a new species. Feathered, but unable to fly, the 26-foot long *Gigantoraptor erlianensis* lived some 85 million years ago. The discovery was a surprise, because previous theories pointed to bird-like dinosaurs typically being much smaller.

#### F. The next generation

Digital Video Recorders, or DVRs, continued to gain popularity and slowly phase out VCRs as the home entertainment technology of choice. Able to record video digitally and store it in a computer hard drive, DVRs revolutionized the way many users watched TV with functions like pausing live TV, and eliminating the need for numerous video tapes.

#### G. Stem cell breakthrough?

Teams of scientists in the U.S. and Japan claimed they were able to reprogram skin cells to act the same as embryonic stem cells, a possible advance that could revolutionize stem cell research because

process. Rogen had starring roles, helped write and helped produce *Superbad* and *Knocked Up*, two of the highest grossing comedies of the year.

### L. Star in the making

Young actor Shia LaBeouf showed he might have a chance to be one of the next big stars after a year in which he starred in one of the year's blockbuster action hits, *Transformers*, and then landed the starring role in the next long-awaited sequel being made in the Indiana Jones series of movies.

### M. An Emmy surprise

*30 Rock* was the surprise winner of Outstanding Comedy Series at the annual Emmy Awards. The critically adored sitcom about a sitcom was a first-time winner, as opposed to HBO's *The Sopranos*, which won Outstanding Drama Series in its final season. A new nominating process for this year's Emmys led to 33 first-time nominees and what was widely considered to be a fresh perspective on the show.

Carrie Underwood won Female Vocalist of the Year and Single of the Year at the CMA Awards.

Will Ferrell continued his string of hit movies with *Blades of Glory* and *Semi-Pro*.

Computer animation and live action mixture movie *300* was a sleeper hit.
